Penitente Jo Roybal Izay,1994 **El Nuevo Testamento de nuestro señor Jesu-Cristo, que contiene los escritos evangélicos y apostólicos** ,1884 **Feminizing the Enemy** Sidney Donnell,2003 Donnell engages gender theory and cultural studies in order to shed light on cross dressing a common though poorly understood practice in plays performed in Spain and Colonial Spanish America during the sixteenth and seventeenth centuries The author shows how certain naturalized assumptions about masculinity and femininity are unmasked through the cross dressed performance of works attributed to Lope de Rueda Morales Lope de Vega Monroy y Silva and Calderon **Don Quijote and the Spanish Prologues** George Elbert McSpadden,1978 **Converting Words** William F. Hanks,2010-03-17 This pathbreaking synthesis of history anthropology and linguistics gives an unprecedented view of the first two hundred years of the Spanish colonization of the Yucatec Maya Drawing on an extraordinary range and depth of sources William F Hanks documents for the first time the crucial role played by language in cultural conquest how colonial Mayan emerged in the age of the cross how it was taken up by native writers to become the language of indigenous literature and how it ultimately became the language of rebellion against the system that produced it Converting Words includes original analyses of the linguistic practices of both missionaries and Mayas as found in bilingual dictionaries grammars catechisms land documents native chronicles petitions and the forbidden Maya Books of Chilam Balam Lucidly written and vividly detailed this important work presents a new approach to the study of religious and cultural conversion that will illuminate the history of Latin America and beyond and will be essential reading across disciplinary boundaries *The Spanish Song Companion* Graham Johnson,2006-05-08 This book the first of its kind to be published in English introduces the reader to the rich heritage of Spanish song Here in one volume are the texts of over 300 songs with parallel translations in accurate and readable English The majority are love poems which form a fascinating anthology of Spanish poetry from the thirteenth to the twentieth century The introduction by Graham Johnson who in recent years has done more than anyone to kindle interest in the international song repertoire traces the history of Spanish song from its beginnings via the period of the Catholic kings in the fifteenth century the Golden Age of the sixteenth through to the remarkable rebirth in the twentieth century All the songs and cycles frequently heard in recital are gathered here Albeniz Falla Granados Rodrigo and Obradors are generously represented as well as Catalan composers such as Montsalvatge and Mompou The volume is arranged chronologically by

composer and includes notes on all the major poets and composers a discography and names and addresses of the music publishers The Spanish Song Companion is a much needed volume and will be welcomed by singers students of Spanish literature concert goers and record collectors throughout the English speaking world **El Arte Nuevo de Estudiar**

Comedias Barbara Simerka, 1996 This anthology of new approaches to literary study takes its name from Lope de Vega's *Arte nuevo de hacer comedias* Like Lope's poem on poetics this volume also operates as a defense in the sense that many of the articles include a defense of the usefulness of literary theory in general and of their chosen approach in particular for enriching the study of the *comedia* In these essays it is the not quite new art of *estudiar* rather than *hacer drama* that is the central concern the contributors defending theoretical innovations approximately twenty years after James Parr in the pages of *Hispania* issued his challenge to Hispanists to update their approach This volume which combines innovative scholarship with the metacriticism that many critics advocate in all literary study is directed both the students of literature and to scholars who wish to expand their knowledge of the many different areas of theoretical inquiry that comediantes are currently exploring **BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved**

Berruezo-Sánchez, 2024-09-11 In this groundbreaking study Diana Berruezo Sánchez recovers key chapters in the history of Afro-Iberian diasporas by exploring the literary contributions and life experiences of black African communities and individuals in early modern Spain From the sixteenth to the eighteenth centuries international trade involving chattel slavery led to significant populations of enslaved free and half manumitted black African women men and children in the Iberian Peninsula These demographic changes transformed Spain's urban and social landscapes In exploring Spain's role in the

transatlantic slave trade and its effects on cultural forms of the period Berruezo Sánchez examines a broad range of texts and unearths new documents relating to black African poets performers and black confraternities Her discoveries evince the broad yet largely disregarded literary and artistic impact of the African diaspora in early modern Spain expanding the scope of linguistic practices beyond *habla de negros* and creating space for early modern black poets in the Spanish literary canon These textual sources challenge established understandings of black Africans and black African history in early modern Spain They show how black Africans exerted significant cultural agency by collectively contributing to and shaping the literary texts of the period including those of the popular genre *villancicos de negros* and by developing artistic traditions as musicians dancers and poets As both creators and consumers of cultural forms black African men and women navigated a restrictive coercive slave society yet negotiated their own physical and cultural spaces
