California History Nugget ,1924 *Nuggets of Gold* Patrick Dixon,2024-10 For McDonald s the Chicken McNugget the flagship product of further processed chicken represented a once in a generation innovation a snack item that quickly evolved into a meal spawned a legion of imitators and gained a large share of the global poultry market Yet almost as soon as the McNugget made its North American debut it quickly became the subject of opprobrium and ridicule taking on a symbolic status among serious food connoisseurs as an indication of Americans culinary decline and a growing disconnection

between diners and the origins of the food that they ate During a time of rising beef prices and growing health concerns regarding red meats the Chicken McNugget was received as a lighter alternative to traditional burger meals clean and easy to consume popular with children and adaptable to busy on the go lifestyles of working parents Consumers understood that they were not purchasing a premium product made from the finest cuts but selected the McNugget as a rational economic purchase that represented a new way of dining In reassembling the rise of poultry in the United States Nuggets of Gold presents a multilayered approach connecting the entwined stories of workers and industrialists with restaurateurs and consumers the former geographically moored within the South the latter diverse and nationwide Patrick Dixon centers further processed chicken within an analysis of the U S food system that demonstrates that consumers did not unwittingly succumb to a junk food diet but made deliberate and aspirational decisions based on conceptions of leisure lifestyle and bodily needs

The Gold Crusades Douglas Fetherling,George Fetherling,1997-01-01 Among the hordes of starry eyed argonauts who flocked to the California gold rush of 1849 was an Australian named Edward Hargraves He left America empty handed only to find gold in his own backyard The result was the great Australian rush of the 1850s which also attracted participants from around the world A South African named P J Marais was one of them Marais too returned home in defeat only to set in motion the diamond and gold rushes that transformed southern Africa And so it went Most previous

historians of the gold rushes have tended to view them as acts of spontaneous nationalism Each country likes to see its own gold rush as the one that either shaped those that followed or epitomized all the rest In *The Gold Crusades A Social History of Gold Rushes 1849-1929* Douglas Fetherling takes a different approach Fetherling argues that the gold rushes in the United States Canada Australia New Zealand and South Africa shared the same causes and results the same characters and characteristics He posits that they were in fact a single discontinuous event an expression of the British imperial experience and nineteenth century liberalism He does so with dash and style and with a sharp eye for the telling anecdote the out of the way document and the bold connection between seemingly unrelated disciplines Originally published by Macmillan of Canada 1988

The Georgia Gold Rush David

Williams, 2023-02-08 The definitive story of Georgia's role in the first U.S. gold rush In the 1820s a series of gold strikes from Virginia to Alabama caused such excitement that thousands of miners poured into the region This southern gold rush the first in U.S. history reached Georgia with the discovery of the Dahlonega Gold Belt in 1829 The Georgia gold fields however lay in and around Cherokee territory In 1830 the State of Georgia extended its authority over the area and two years later the land was raffled off in a lottery Although they resisted this land grab through the courts the Cherokees were eventually driven west along the Trail of Tears into what is today northeastern Oklahoma The gold rush era survived the Cherokees in Georgia by only a few years The early 1840s saw a dramatic decline in the fortunes of the southern gold region When word of a new gold strike in California reached the miners they wasted no time in following the banished Indians westward In fact many Georgia twenty niners became some of the first California forty niners Georgia's gold rush is now almost two centuries past but the gold fever continues Many residents still pan for gold and every October during Gold Rush Days hundreds of latter day prospectors relive the excitement of Georgia's great antebellum gold rush as they throng to the small mountain town of Dahlonega
