*Nuku'alofa* Allen Crosbie Walsh, 1972      **On the Edge of the Global** Niko Besnier, 2011-03-02 This book explores the malaise present in post colonial Tonga analyzing the way in which segments of this small scale society hold on to different understandings of what modernity is how it should be made relevant to local contexts and how it should mesh with practices and symbols of tradition      *Tonga* Martin Daly, 2009-02-04 Praise for the first edition *Tonga* is unique among bibliographies in its perception and understanding and in its affection for Tonga and its people Daly's work stands on exceptionally sound foundations His summaries are excellent indeed but Daly writes always with the authority of first hand knowledge with a keen eye for the essential and the ability to interpret and clarify obscurities A trustworthy introduction to Tonga in all its diversity a splendid point de d part for all layman or scholar needing a reliable guide to the essential literature about this remarkable Polynesian kingdom Bulletin of the School of Oriental and African Studies The book is so arranged that it is easy to locate any of the items listed I found myself spending pleasant hours perusing Daly's comments on the different publications I hope the rumor of a second revised edition of this bibliography is true Journal of the Polynesian Society Tonga is a fascinating and subtle combination of a traditional Polynesian kingdom the only one to survive the impact of colonization in the nineteenth century and remain independent and a thoroughly Christian country This comprehensive bibliography is a selective guide to the most significant and accessible English language books papers and articles on every aspect of the kingdom's history culture arts politics environment and economy It is a much updated and expanded edition of the original version that was published in 1999 as part of the World Bibliographical Series with the addition of more than 200 new entries Each of the approximately 600 described and annotated items is organized under broad subject headings and indexed by author title and subject In addition and new to this edition all known Ph D theses although not annotated are shown within their appropriate subject categories and indexed Also new is a section on the most important Tonga related websites A general introduction describes the Tongan kingdom its history and society and its current situation *Tonga A New Bibliography* will be an invaluable resource for anyone with a serious interest in Tonga and an indispensable volume for academic libraries reference collections and policy makers focused on the Pacific islands      **Islanderers of the South** Paul van der Grijp, 2021-08-16 *Islanders of the South* is an ethnography of the kingdom of Tonga in the South Pacific This is the first book to examine the interplay of Polynesian and Western ideas within contemporary social and economic practices not from the point of view of Tongan aristocracy but from that of the common people The first describes contemporary Tongan society and the main means of subsistence agriculture fishing and manufacturing An analysis of the kinship system with its economic political and ideological dimensions is intertwined with a discussion of Tongan attitudes on life and death marriage and divorce social rights and obligations migration and remittances Later chapters deal with the crucial questions of land ownership and the circulation of gifts A large number of genealogies biographies and case studies help convey how Tongans

live together and how they experience their relationship to nature Effects on Tonga of global developments predominantly capitalist in nature are expressed in the commercialization of the means of subsistence bringing about changes often regarded as progress The author raises doubts about this ideology of progress by referring to aspects of nature and culture in Tonga which are disappearing Up to now Tongans have largely been able to preserve the circulation of gifts and economic self sufficiency *Queen Salote of Tonga* Elizabeth Wood-Ellem,2001-01-01 When Queen Salote of Tonga attended the coronation of Queen Elizabeth II in London in 1953 she was greeted as the tallest queen of the smallest kingdom and gained universal admiration for her natural dignity and the warmth of her personality This account of Queen Salote s life and times is more than a biography for it also describes the politics and social structure of a small kingdom that was a world in microcosm *Financial Institutions and Markets in the South Pacific* Michael T. Urbanisation in the Island Pacific John Connell,John Lea,2002-09-26 Managing rapid urban growth presents a significant challenge in the small independent countries of the Pacific Islands Although they originated in colonial times the towns and cities are now distinctively post colonial with economies environments and social structures that reflect unique island characteristics This transformation has stimulated new concerns such as the causes and effects of pollution the need for employment for landless migrants the need for adequate and affordable housing and the financing of expanding urban services This book explores the diversity of the urban experience in the ten independent island states focusing on strategies to secure long term sustainable development Queen Sālote of Tonga Elizabeth Wood-Ellem,1999 This biography of Queen Salote of Tonga is also a political social history of the kingdom of Tonga between 1900 1965 It looks at aspects of Tongan society especially the role of rank status of the leading families the Queen s skill in keeping the loyalty of her people

**South Pacific Bulletin** ,1979 **The Margin Fades** Patrick D. Nunn,Eric Waddell,University of the South Pacific. Institute of Pacific Studies,1993 Just as geographers have made a substantial contribution to the study of the Pacific so the Pacific has made a significant impact on the discipline of geography and on certain of its practitioners Research and reflection on the region was for long limited to a select group of metropolitan institutions a distant oceanic realm serving simply as an object of their interest The birth of universities in the islands notably the University of the South Pacific in 1968 has changed all that The margin fades serves 25 years on to measure some of the accomplishments of its geography department The thirteen essays presented here offer a refreshingly new portrait of geography in the Pacific Back cover
