Nursery Classics A Galdone Treasury:

Nursery Classics Paul Galdone, 2001-09-17 Paul Galdone created hundreds of books in his lifetime. Many of his picture books quickly became accepted as the definitive version of traditional stories. Collected here are four of his most popular picture books: *The Three Pigs*, *The Three Bears*, *The Little Red Hen*, and *Cat Goes Fiddle i fee*. Parents who grew up with these whimsical retellings will enjoy revisiting them and sharing them with the family, bringing Galdone's timeless artistry and bright earthy humor to a new generation of readers. This attractive gift book includes every word and image in the original picture books and features an introduction by noted children's book specialist Leonard S. Marcus. **Nursery Classics**, 2001

An illustrated compilation provides young readers with four of the author's popular tales. **Reading with Babies, Toddlers and Twos** Susan Straub, KJ Dell'Antonia, 2013-05-07 It's never too early or too late to start sharing books with your baby. Reading is one of the first activities you can enjoy with your child, and *Reading with Babies, Toddlers and Twos* gets you started. Instill a love for reading early by answering questions such as: Which books will a newborn baby enjoy? What do you buy after you've read *Goodnight Moon*? Are eBooks and apps appropriate for young children? Can I make up a story to tell my child? What are the best collections of fairy tales, fables, and other classic stories? A parenting resource to help with early learning and literacy. Straub, Dell'Antonia, and Payne use their decades of experience as parents, book reviewers, and children's librarians to bring you the very best in children's books so you'll never run out of ideas for reading with your baby. An accessible and enjoyable guide, this book is a go-to resource. Traci Lester, executive director, Reach Out and Read of Greater New York.

Storytelling Janice M. Del Negro, 2021-06-24 This book serves as both a textbook and reference for faculty and students in LIS courses on storytelling and a professional guide for practicing librarians, particularly youth services librarians in public and school libraries. *Storytelling: Art and Technique* serves professors, students, and practitioners alike as a textbook, reference, and professional guide. It provides practical instruction and concrete examples of how to use the power of story to build literacy and presentation skills, as well as to create community in those same educational spaces. This text illustrates the value of storytelling, covers the history of storytelling in libraries, and offers valuable guidance for bringing stories to contemporary listeners with detailed instructions on the selection, preparation, and presentation of stories. It also provides guidance around the planning and administration of a storytelling program. Topics include digital storytelling, open mics, and slams, and the neuroscience of storytelling. An extensive and helpful section of resources for the storyteller is included in an expanded Part V of this edition. **How to Get Your Child to Love Reading** Esmé Raji Codell, 2003-01-01 Offers advice and guidelines on how to expand a child's world through books and reading, introducing three thousand teacher recommended book titles, craft ideas, projects, recipes, and reading club tips. **Authors in the Kitchen** Sharron L.
