Feldman, 1995 This volume presents various perspectives on violence in American society and its impact on nursing care Chapter topics include an overview and a review of research including nursing research therapeutic approaches that nurses can employ with abused women the psychological impact of working with victims of violence and a profile of a successful child abuse and neglect prevention program in Hawaii Contributors include Jacquelyn Campbell and Janice Humphreys The book is intended to provide nurses with a greater understanding of this complicated societal problem to enable them to give effective help to victims and perpetrators BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

**Intimate Partner Violence** Sana Loue, 2005-12-08 It is clear that physical abuse is an integral component of some intimate relationships This book addresses not the violence but our responses or lack of responses to that violation of personal integrity and the accompanying trauma How partner violence is responded to individually and collectively may well determine whether the violence can be prevented or will cease once begun This text is intended to serve as a basic resource for the student clinician and researcher It provides a summary of how we have responded to such violence in the past and presents potential future directions for research and prevention efforts **Nursing Outcomes Classification**

**(NOC), Measurement of Health Outcomes, 5** Sue Moorhead, 2013-01-01 Suitable for clinicians students educators researchers and administrators in various clinical educational and research venues this title includes specific indicators that can be used as intermediate outcomes or to evaluate and rate the patient in relation to outcome achievement This text standardizes the terminology and criteria for measurable or desirable outcomes as a result of interventions performed by nurses Clinicians students educators researchers and administrators in a variety of clinical educational and research venues can use the classification which serves as an important focus for both cost containment and effective care This new edition is even more comprehensive and includes specific indicators that can be used as intermediate outcomes or to evaluate and rate the patient in relation to outcome achievement **Core Curriculum for Holistic Nursing** Barbara Montgomery

Dossey, American Holistic Nurses' Association, 1997 Nurses are increasingly aware of the need to blend technology mind and spirit in creating optimal circumstances for healing The American Holistic Nurses Association with Barbara Dossey a pioneer and leader in the field has created a core curriculum that will provide a blueprint for what it means to be a holistic nurse This text can also serve as a study guide for the AHNCC exam Core Curriculum for Holistic Nursing has a broad appeal to nurses new to holistic concepts as well as those who are already experts

### **Domestic Violence Offenders Alan**

Rosenbaum, 2014-01-02 Women s shelters and safe houses were a good first step but they only address part of the problem Learn what else must be done to address the problem of domestic violence Domestic Violence Offenders presents recent research current interventions and legal standards for people arrested for domestic violence It also addresses the controversies that have arisen in the wake of the mandatory standards for batterer interventions that have been established by various jurisdictions examining the type of treatment modality and content permitted by various jurisdictions the duration of treatment and the relationship of the various standards to actual research This essential book also provides suggestions for a more inclusive less rigid process for creating standards and policies for use with this population Handy tables and charts make the information easily accessible From the editors The initial societal response to intimate partner violence was the development of the shelter movement for battered women Women s shelters and or safe houses developed in almost all major population areas throughout the United States and abroad The goals were to provide a safe environment for abused women and their children to offer advocacy counseling and medical services and to empower women to leave their abusers While shelters continue to serve these and other critical needs and are an essential part of the service delivery system for battered women they address only part of the problem Left untreated batterers often will continue to abuse their partners who leave shelters and return to the relationship If their partners leave the relationship the batterers may find new victims to abuse The response to this harsh reality was the development of batterer intervention programs Domestic Violence Offenders provides you with informed discussions of the implications of research and policies for those providing interventions why it is premature for states to establish certain rigid standards for batterer programs and how some of the current standards may produce more harm than good the history of batterer intervention programs completion and recidivism among court and self referred batterers the Alternatives to Violence program and the experiences and perceptions of its founder common aspects of various intervention programs confidentiality group structure and length partner contacts leadership configuration and program goals topics addressed by most programs power and control anger management substance abuse stress reduction parenting communication and more the controversial and often misunderstood issue of female partner aggression and violence the Stages of Change approach to domestic violence treatment lethality assessment and safety planning for partners of batterers the advantages of conjoint therapy for certain types of cases the Illinois Protocol for batterer programs outcome research on programs for batterers and a great deal more
