Shanks, 1985-12 *Nursing and the Management of Adult Communication Disorders* Susan J. The author describes how she coped in a dysfunctional family and continues with the story of how God led her during her struggle with polio and the years she prepared to teach in an elementary school classroom, then worked as a speech therapist in a rehabilitation clinic, then to teach speech language pathology at a university. PhD Susan also focuses her work on the ministries she began after retirement and a period of sadness following the long illness and death of her loving lifelong caregiver, her mother. Finally, the reader is told how the author is guided in her attempts to maintain an independent lifestyle even through illness. The themes of faith, hope, and trust shine through this book, which relates a tale of an abundant life overflowing with small miracles.
