The

Public Manager Case Book Terrel L. Rhodes, 2002 *Mental Health Nursing Case Book* Wrycraft, Nick, 2012-09-01 This is a modern multi disciplinary text confronting a complex age and journey into recovery It is a roadmap for every student of mental health who wants to put the most up to date practice fuel into their tank The case study approach offers an authentic insight into life experiences of service users and allows the reader to re think the relationship they have with vulnerable people in the middle of sensitive life challenges Dr Dean David Holyoake University of Wolverhampton UK This engaging book consists of 27 case studies which offer a realistic and insightful view into the experience of mental ill health A range of mental health problems are considered for people at different stages of the lifespan from common problems such as anxiety or depression through to severe and enduring conditions such as schizophrenia Part of a new Case Book series the book is written in an informative and clear style and utilises the latest evidence based interventions and resources The approach adopted Incorporates recovery based principles Emphasizes the importance of collaborative working Values the person s perspective Actively empowers and advocates for the person to make their own decisions and choices Written and edited by academic experts and experienced clinicians the cases all take a positive person centred approach focusing on recovery outcomes The book addresses the biological psychological social and physical aspects in scenarios and includes areas of mental health which are often overlooked such as alcohol and substance misuse amongst older adults Mental health nurse training involves focusing on working with individuals one to one in a range of settings and this case book will reflect and complement the skills and situations students face while training and on placement Contributors Geoffrey Amoateng Jean Louis Ayivor May Baker Alison Coad Hilary Ford Sally Goldspink John Harrison Mark McGrath Michael Nash Cliff Riordan Heather Rugg Noel Sawyer Vanessa Skinner Steve Wood *Whitaker's Book List* , 1988 Interdisciplinary Casebook in Geriatric Communication Barbara Bender Dreher, Joseph D. Alter, 1989 Aging and Mental Health Robert N. Butler, Myrna I. Lewis, Trey Sunderland, 1991 Perioperative Practice Case Book Hannah Abbott, Stephen Wordsworth, 2016-08-16 This case book is the ideal text for Operating Department Practitioners ODPs as well as student ODPs and nurses preparing to work in perioperative care Delivering individualised holistic and evidence based care can be challenging in the perioperative setting requiring the practitioner to apply specialist clinical knowledge to each individual patient This text presents 20 interactive case studies that will support the reader in assimilating a wide range of professional knowledge in order to develop a comprehensive plan of care for patients they encounter The practical cases Demonstrate how care will vary depending on the patient s physiological assessment and their personal social cultural and emotional needs Will consolidate the reader s learning around pathophysiology pharmacology assessment skills and clinical skills Include common clinical procedures as well as those that are more complex and require a deeper analysis of the evidence in order to improve patient care Use Stop and Think boxes to encourage readers to reflect on key points within the case study in order to develop their own knowledge and assist in their CPD This text will support all learners at both pre and post registration level as they

develop their knowledge of perioperative care Its goal is to help the practitioner deliver excellent and confident care in perioperative practice and in other healthcare settings Although clearly targeted at the student Operating Department Practitioner Abbott and Wordsworth have produced a learning resource that any learner in the perioperative environment will find both informative and a useful learning aid The editors have set out the twenty patient case studies in a sequence that allows the student to work through them as their course and competence progresses although students can dip into the case studies in any order that supports their current clinical placement The section introducing perioperative care is essential reading for any perioperative practitioner with an up to date introduction to the latest concepts of teamwork and human factors in patient safety Coupled with the patient centred focus of the case studies this provides any reader with an understanding of the changing approach to patient care in the perioperative environment Bill Kilvington President College of Operating Department Practitioners UK I have read this book several times and found that the chapter contents are excellent This book will be useful for ODPs and theatre nurses it will enhance their knowledge and skills and may also enhance their abilities to work in operating departments and care well for patients The book covers preoperative care intraoperative care and postoperative care which is essential for all practitioners working in operating departments The content of this book is very informative and will be of great use to both students and qualified practitioners I find it very impressive and I envisage it to be very useful to all theatre practitioners Paul Wicker formerly Head of Perioperative Studies Edge Hill University UK and Visiting Professor Nanjing University China

Children's Nursing Case Book Tony Long, 2016-08-16 Nursing children and young people is increasingly complex requiring nurses to apply their knowledge and skills to a wide scope of illnesses and situations The challenges to nurses to analyse reflect on different perspectives and then adapt practices to the benefit of service users are reflected in this book Each scenario in this text is created based on real life cases and practice The 23 cases connect knowledge with practice and guide you through the anatomy and physiology and the physical and psychological responses to stressors which are then linked to intervention decisions Cases include Providing care for children and young people with life limiting conditions Acutely ill children including those with asthma and an infant with pyrexia and febrile convulsions Long term conditions including diabetes renal disease and the transfer to adult services Those who are critically ill such as a child with typhoid fever and a toddler with a head injury Supporting emotional and mental health in anorexia and autistic spectrum disorder Promoting healthy lifestyles considering obesity and risky behaviour Care for children with trauma including a child with a learning disability Remaining vigilant for indicators of safeguarding concern encouraging self care and promoting mental resilience are all incorporated with examples from a range of care environments Calculation exercises are interspersed to keep these skills sharp This Case Book is an ideal learning resource tailored to help nurses learn in a focused way about practice and excel whether on placements in academic work or in professional practice Developed from a partnership between a University Research Group and an NHS Trust this practical children s nursing case textbook bridges

theory and practice by presenting 23 case scenarios on complex sensitive and difficult to manage clinical situations in an accessible and user friendly manner The inbuilt activities calculation exercises question and answer format and extra resources make this an excellent interactive resource for nurses to engage in critical thinking and reflection about each case Dr Veronica Lambert Senior Lecturer Children s Nursing Dublin City University Ireland This book will be useful for nurses in the UK who work with children and families in a variety of settings Its format based on case studies and what would you do and what do you need to do scenarios will make it a useful tool for teaching clinical care for children and families Professor Linda Shields School of Nursing Midwifery and Indigenous Health Charles Sturt University Bathurst Australia What Tony Long has achieved is to produce a textbook with contributions from esteemed practicing children s nurses which gives enhanced credibility to each of the case studies Tony and his colleagues have created these case studies to help children s and young people s nurses fully understand the complexities of the needs of both children and their families or carers during their healthcare trajectory This new book crucially never forgets the primary mission of the children s nurse which is to uphold their mantra of the child first and always Alan Glasper Emeritus Professor of children s and young people s nursing at the University of Southampton UK **American Book Publishing Record** ,2000-07 **Ethical Patient Care** Mathy D.
