Uneasy Endings Renée Rose Shield, 2018-08-06 If we continue we grow old and this is how it could be for us writes Ren e Rose Shield in her candid and sympathetic account of life in one American nursing home Drawing on anthropological methods and theory to illuminate institutional life she probes the sources of the profound sense of unease she found at the place she calls The Franklin

Nursing Home For fourteen months Shield participated in life at a nursing home in the northeastern United States She got to know many of the people associated with the home doctors nurses custodians kitchen workers administrators social workers visiting relatives and above all the residents who emerge in this book as the individuals they are Sections in which the residents speak poignantly in their own voices are woven throughout her richly detailed observations of everyday routines and events We see them using guile and humor to get by struggling to approach the end of their lives with a measure of autonomy and dignity and we meet an often conscientious and caring staff constrained by conflicting professional perspectives and by the bureaucratic structure in which they work There are no villains here Rather Shield explains how conditions in the nursing home create a difficult and uncomfortable liminality the transition from an accustomed role to a new one for the residents In characterizing nursing home existence she goes beyond Erving Goffman s classic definition of the total institution to show how residents pass from adulthood to death without the comfort of ritual or community support common in rites of passage In addition to the isolation created by this solitary passage she finds restrictions on reciprocity the old people are always recipients whose need and obligation to repay are seen as unnecessary and difficult to satisfy The system encourages their passivity which deepens their dependency and helps to explain why they are often perceived as children Offering concrete suggestions for improving the quality of nursing home life Uneasy Endings will find a broad audience among those who work with the aged

Federal Fire Safety Requirements Do Not Insure Life Safety in Nursing Home Fires, Department of Health, Education, and Welfare United States. General Accounting Office, 1976 In January 1976 a Chicago nursing home fire killed 23 people Within a week another nursing home fire just outside Chicago claimed the lives of eight people In his letter of February 20 1976 the Chairman Subcommittee on Health and Long Term Care House Select Committee on Aging asked us to investigate reasons for the severity of the fires and to suggest possible actions to avoid similar situations He also asked us to investigate 1 The fires and determine if automatic sprinkler systems would have put out the fires or lessened their severity in these facilities 2 The facilities in Chicago and determine if they met the Life Safety Code requirements for participation in federally financed health programs 3 The Department of Health Education and Welfare s HEW s enforcement of fire safety standards in Chicago and elsewhere 4 The State inspections of the Chicago facilities in question and HEW s validation of those inspections 5 The State inspection procedures including the qualifications of the inspectors 6 The quality of trained personnel assisting patients during the fires 7 The implementation of Public Law 93 204 approved December 28 1973 which authorized federally insured loans to provide fire safety equipment for nursing homes and intermediate care facilities
