Joel, 2003-03-14 Emem Bear Likes Bubble Bath is a Children's picture book that emphasizes on the notion of hygiene and learning parts of the body. Emem Bear demonstrates some of her knowledge of the names of the different parts of her body. She is encouraged to name and ask questions. Emem Bear is demonstrating her ability and is sharing information with her mother in an open dialogue while she is taking her bubble bath. In this colorful story, Emem Bear and her Mama are happily enjoying the bath time. Emem Bear is participating in the process of cleaning her body. What a better way for Mama Bear is than encouraging Emem Bear and allowing the space for her to be aware of her own body parts and how she is taking care of Emem Bear's participation brings pride and joy to her. As once she admits that she was not too fond of bath time, Emem Bear is thankful. She demonstrates her grace and courtesy. In this whimsical story, the information presented and the incentive is based on concrete knowledge and learning process for children ages two to six as it is drawn from their daily life experiences. The story is entertaining, educational, and witty. It does increase the child's awareness of her/his body. Children do strongly relate to the story naturally.      [The Nursing Profession](#) Norma L. Chaska, 1983      **Contemporary Professional Nursing**
