The New York Times Encyclopedia of Film: 1964-1968 Gene Brown,1984 *The New York Times Encyclopedia of Film* Gene Brown,1984 **A Short History of Film, Fourth Edition** Wheeler Winston Dixon,Gwendolyn Audrey Foster,2025-10-14 This updated and expanded edition of A Short History of Film provides an accessible overview of the major movements directors studios and genres from the 1880s to the present Succinct yet comprehensive with more than 250 rare stills and illustrations it brings readers face to face with many of the key players and films that have shaped the industry Beginning with the precursors of moving pictures Wheeler Winston Dixon and Gwendolyn Audrey Foster lead a fast paced tour through the invention of the kinetoscope the introduction of sound and color between the two world wars and ultimately the computer generated imagery of the present day They detail significant periods in world cinema including the creation of early major industries in Europe the dominance of the Hollywood studio system in the 1930s and 1940s and the French New Wave of the 1960s They also highlight independent efforts in developing nations and the corresponding more personal independent film movement that briefly flourished in the United States Along the way the authors incorporate the stories of women and other minority filmmakers who have often been overlooked in other texts Compact and easily readable this is a vital history of international cinema is a one stop resource for students teachers and general readers alike **Doing Their Bit** Michael S. Shull,David E. Wilt,2014-05-23 The golden age of animation stretched from the early 1930s to the mid 1950s with movie cartoons reaching an extraordinarily high level of artistry and technique far higher than today s TV cartoons for instance Nearly 1000 cartoons were produced by the seven major animation studios in the U S between January 1 1939 and September 30 1945 the immediate pre World War II period up to the cessation of hostilities More than a quarter of the cartoons substantially refer to the war and thereby are invaluable in helping to understand American attitudes and Hollywood s reflection of them The meat of Doing Their Bit is a filmography with extremely detailed summaries of the 260 or so commercially produced animated war related shorts 1939 1945 There is also a good bit of overall commentary on these films as a group Two chapters wrap up animated cartoons of World War I and the general political tenor of animated talkies of the 1930s This edition also includes a new chapter on the outrageous government sponsored Pvt Snafus **Royal Portraits in Hollywood** Elizabeth Ford,2009-06-26 In the history of cinema many film genres have gained and lost popularity with the changing times but one has maintained its supreme reign the royal biopic In Royal Portraits in Hollywood Filming the Lives of Queens authors Elizabeth A Ford and Deborah C Mitchell follow the lives of historical queens as depicted on film from the 1930s to the present Women as diverse as Catherine the Great Cleopatra Mary Stuart and Marie Antoinette have been represented on the silver screen dominating the masculine world of politics while maintaining their femininity During the golden age of American film these roles gave Hollywood a means of portraying powerful women without threatening the patriarchal social order Depictions of the lives of queens have progressed from idealized and romanticized

portraits to the more personal complex portrayals of modern Hollywood. By walking the line between fact and fiction, these royal portraits of queens reveal just as much about our society as they do about the historical periods they represent. Audiences are drawn to the theaters year after year because the lives of queens promise good drama and attract some of the most talented actresses. The success of Hollywood's leading ladies in playing queens further solidifies the link between Hollywood royalty and authentic royalty. Actresses such as Bette Davis, Judy Dench, Helen Mirren, Elizabeth Taylor, and Greta Garbo have done more than influence the way we imagine historical queens; they also have changed how we perceive women in powerful positions today.

Royal Portraits in Hollywood analyzes seventy-five years of films about queens as well as the lives of the actresses who starred in them. Combining biographical sketches and excerpts from letters and journals, Ford and Mitchell show how filmmaking and our society's perceptions of gender have changed. The authors compare Hollywood's on-screen portrayals to the historical records, often drawing connections to the actresses' careers and personal lives. This comprehensive analysis provides a more complete picture of the lives that take place behind the thrones, both real and fictional. The spectacle of a woman dressed in the full regalia of power remains a compelling image in our society. Hollywood actresses and the queens they portray are women who wield power, and by examining the lives of these women, the authors reveal not only society's perceptions about female power but also how those perceptions continue to evolve.

How to Read a Film James Monaco, 1981. Now thoroughly revised and updated, the book discusses recent breakthroughs in media technology, including such exciting advances as video discs and cassettes, two-way television, satellites, cable, and much more. **New York Times**

The History of American Literature on Film Thomas Leitch, 2019-06-13. From William Dickson's Rip Van Winkle films (1896) to Baz Luhrmann's big-budget production of *The Great Gatsby* (2013) and beyond, cinematic adaptations of American literature participate in a rich and fascinating history. Unlike previous studies of American literature and film, which emphasize particular authors like Edith Wharton and Nathaniel Hawthorne, particular texts like *Moby-Dick*, or particular literary periods like the American Renaissance, or particular genres like the novel, this volume considers the multiple functions of filmed American literature as a cinematic genre in its own right, one that reflects the specific political and aesthetic priorities of different national and historical cinemas, even as it plays a decisive role in defining American literature for a global audience.

Thoughtful Cinema Thomas E. Wartenberg, 2025. Anyone who has seen a film and then followed up with a cup of coffee or glass of wine as they discuss it with friends knows that films can inspire thoughtful conversation and further reflection, sometimes long after their initial screening. *Thoughtful Cinema* explores how films raise and suggest answers to philosophical questions through an in-depth analysis of how seven films engage with various philosophical traditions, ranging from the nineteenth-century German philosopher Friedrich Nietzsche to the twentieth and twenty-first-century American philosopher Judith Jarvis Thomson. Films can do philosophy, this book argues, as a

result of their ability to illustrate philosophical claims and theories However the films discussed in this book do much more than that they also supplement the philosophies they illustrate by expanding their claims and criticizing their assumptions Films therefore can make their own independent contributions to philosophical theory Thoughtful Cinema shows how films grapple with philosophical ideas such as personal identity the banality of evil authenticity euthanasia third party killing and the power of attention This book makes an important contribution to the debate about cinematic philosophy that has engaged both philosophers of film and film theorists for decades and it also proves that philosophy is not just a narrow specialty accessible only to trained practitioners Films that do philosophy address the essential concerns of human life and it s this characteristic their philosophical attention that makes them appeal to a wide audience

Fight Like a Girl Laura Barcella,2019-08-01 Nearly every day there s another news story or pop cultural anecdote related to feminism and women s rights YesAllWomen conversations around consent equal pay access to contraception and a host of other issues are foremost topics of conversation in American and worldwide media right now Today s teens are encountering these issues from a different perspective than any generation has had before but what s often missing from the current discussion is an understanding of how we ve gotten to this place Fight Like a Girl will familiarize readers with the history of feminist activism in an effort to celebrate those who paved the way and draw attention to those who are working hard to further the cause of women s rights Profiles of both famous and lesser known feminists will be featured alongside descriptions of how their actions affected the overall feminist cause and unique portraits artist s renderings of the feminists themselves This artistic addition will take the book beyond simply an informational text and make it a treasure of a book

George Washington on Screen Leigh Ehlers Telotte,2023-07-18 One of the most moving narratives from the American Revolution is the first presidential administration and the many precedents set by George Washington While media historians have extensively analyzed screen portrayals of the more sensational events of America in the 1750s to the 1790s far less attention has been paid to portrayals of the first presidency and the character of George Washington in film television and other formats This book addresses that gap by providing the most comprehensive analysis of the character of George Washington on screen Divided into two parts the book begins with an analysis of how the Washington character has evolved through time and screen media from early silent films to modern multimedia products In Part II a filmography documents each piece of screen media that features a representation of Washington It includes silent films theatrical films cartoons television and screen media from the 21st century such as streaming video games and multimedia presentations Arranged alphabetically each entry includes format type production details crew and cast lists and a brief description of Washington s character in relation to the plot

Ralph G. Giordano,2017-06-05 Covering significant historical and cultural moments public figures and celebrities art and entertainment and technology that influenced life during the decade this book documents the 1950s through the lens of popular culture On the surface the 1950s was a time of post war prosperity and abundance However in spite of a relaxation of immigration policies the good life in the 50s was mainly confined to white non ethnic Americans A new Cold War with the Soviet Union intended to contain the threat of Communism and the resulting red scare tinged the experience of all U S citizens during the decade This book examines the key trends people and movements of the 1950s and inspects them within a larger cultural and social context By highlighting controversies in the decade readers will gain a better understanding of the social values and thinking of the time The examination of the individuals who influenced American culture in the 1950s enables students to gauge the tension between established norms of conformity and those figures that used pop culture as a broad avenue for change either intentionally or by accident **Are We Living in a Disaster Movie?**

Brian A. Shaer,2022-08-03 Some periods of history contain so many compounded disasters they seem to be inspired by disaster movies In the early 2020s the Covid 19 pandemic upended the world and thrust populations into a state of uncertainty and fear as seen in movies like Outbreak The Towering Inferno or Armageddon Birthed from the author s original research on disaster movies this book argues that the life cycle of Covid closely parallels various apocalyptic films from the personas of the main players to the strike of the cataclysm itself To view the Covid pandemic through the language of disaster movies the book identifies those that mirror predict each stage of the Covid pandemic analyzing the similarities

between the films and real life events A filmography of the featured disaster movies concludes the book **John Huston** Allen Cohen, Harry Lawton, 1997 This reference work provides a biography of John Huston a critical survey of his oeuvre a chronology of his life a filmography with synopses of the films he directed wrote for or appeared in an annotated bibliography of writings on Huston a list of articles and reviews of particular films and information concerning screenplays awards and honors archival resources and related matters Largely follows the organizational pattern of A Reference Publication in Film series Annotation copyrighted by Book News Inc Portland OR

Film Moments James Walters, Tom Brown, 2017-10-07 Film is made of moments In its earliest form the cinema was a moment mere seconds recorded and projected into the darkness Even as film has developed into today's complex and intricate medium it is the brief temporary and transitory that combines to create the whole Our memories of films are composed of the moments we deem to be crucial touchstones for our understanding and appreciation Moments matter The 38 specially commissioned essays in Film Moments examine a wide selection of key scenes across a broad spectrum of national cinemas historical periods and genres featuring films by renowned auteurs including Alfred Hitchcock Jean Renoir and Vincente Minnelli and important contemporary directors such as Pedro Costa Zhang Ke Jia and Quentin Tarantino addressing films including City Lights Gone with the Wind The Wizard of Oz The Night of the Hunter Wild Strawberries 8 1 2 Bonnie and Clyde Star Wars Conte d t United 93 and Lord of the Rings Return of the King Film Moments provides both an enlightening introduction for students to the diversity of approaches and concerns in the study of film and a dynamic and vibrant account of key film sequences for anyone interested in enhancing their understanding of cinema
