**Narratives of Delusion in the Political Practice of the Labour Left 1931-1945** Roger Spalding, 2018-04-18

This book sets out a challenging re interpretation of the politics of Labour's left wing It shows how the Left developed a range of simplistic self sustaining narratives rather than supported analyses to guide its actions in the aftermath of the political crisis of 1931 This approach it is argued persisted down to the opening years of the present century its employment in part explaining the decline of the pre Corbyn Left The narratives developed by the Left reflected a belief in the existence of a working class waiting to be led in a radical direction The leading figures of the Left often had limited direct contact with working people but within their narratives the responses of their target audience were predictable and automatic The Left created an idealised working class that behaved as the Left wished In addition the book questions the popular view often enhanced by biographers of many of these Labour Left leaders

**Eminent Parliamentarians** Philip Norton,2012-10-22 To celebrate the centenary of the 1911 Parliament Act John Bercow Speaker of the House of Commons instigated a series of public lectures in which current parliamentarians assessed the careers and characters of parliamentary giants The result was a sequence of fascinating appraisals covering a distinguished but eclectic array of politicians who made a name for themselves not only in the House of Commons but also throughout the country The subjects of the lectures came from diverse backgrounds advocated very different political philosophies and indeed some make surprising bedfellows But they all had one thing in common driven by a set of particular beliefs they were prepared to do whatever was necessary in pursuit of their goals From Nicholas Soames s warm familial tribute to his grandfather Winston Churchill to Neil Kinnock s account of an affectionate though sometimes fraught relationship with Michael Foot the roll call of both lecturers and subjects is outstanding With his subject sitting in the audience Tristram Hunt delivers the lecture on Tony Benn Shirley Williams looks at the life of Nancy Astor the first woman to take her seat in Parliament Philip Norton and Peter Tapsell tackle the towering figures of Enoch Powell and F E Smith as an authority on his subject Kenneth Morgan discusses David Lloyd George while fellow historian

Gordon Marsden speaks on Aneurin Bevan Douglas Hurd reflects on the life of Iain Macleod and Andrew Adonis and John Whittingdale both provide an insider's insight into the parliamentary lives of Roy Jenkins and Margaret Thatcher With a foreword by John Bercow and an introduction by Philip Norton this is an impressive collection of lectures delivered by expert speakers on the most eminent of parliamentarians     *Attlee* Nick Thomas-Symonds,2023-10-05 Clement Attlee the man who created the welfare state and decolonised vast swathes of the British Empire including India has been acclaimed by many as Britain's greatest twentieth century Prime Minister Yet somehow Attlee the man remains elusive and little known How did such a moderate modest man bring about so many enduring changes What are the secrets of his leadership style And how do his personal attributes account for both his spectacular successes and his apparent failures When Attlee became Prime Minister in July 1945 he was the leader of a Labour party that had won a landslide victory With almost 50 percent of the popular vote Attlee seemed to have achieved the platform for Labour to dominate post war British politics Yet just 6 years and 3 months after the 1945 victory and despite all Attlee's governments had appeared to achieve Labour was out of office condemned to opposition for a further 13 years This presents one of the great paradoxes of twentieth century British history how Attlee's government achieved so much but lost power so quickly But perhaps the greatest paradox was Attlee himself Attlee's obituary in The Times in 1967 stated that much of what he did was memorable very little that he said This new biography based on extensive research into Attlee's papers and first hand interviews examines the myths that have arisen around this key figure of British political life and provides a vivid portrait of the man and his politics     Social Orders and Social Classes in Europe Since 1500 M. L. Bush,2014-07-15 This pioneering survey evaluates the notions of class and order throughout European history since 1500 After a general theoretical section on the concept of orders and class the book provides discussions and case studies of the nobility the clergy the middle classes and the rural and urban proletariat The studies are drawn from all over Europe from early modern Castile to late Tsarist Russia Contributors include Peter Burke Stuart Woolf A A Thompson and Joseph Bergin     **A Bibliography of British History, 1914-1989** Keith Robbins,American Historical Association,Royal Historical Society (Great Britain),1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index
