Nyichoe Zangpo:

藏学文化研究,1999 **Tibetan Folktales** Haiwang Yuan, Awang Kunga, Bo Li, 2014-11-25 This collection of folktales provides readers with an extensive overview of the breadth of Tibetan culture revealing the character of the region and its people as well as their traditional customs and values Most Westerners are unlikely to travel to the mountainous region of East Asia and experience the Tibetan people and their culture directly This book provides a way to experience and learn about this remote nation through carefully selected Tibetan folktales that provide readers with a unique glimpse into Tibet s culture its people and the land itself through the window of folklore Providing a unique resource that can serve both as a storytime aid for educators who work with primary school students and a valuable reference for Eastern folklorists Tibetan Folktales contains more than 30 traditional Tibetan stories that give readers a taste of the land people culture history religion and psyche of this remote country The tales are gathered from contemporary Tibetan storytellers and translated from written sources to represent the rich oral and written literary tradition of Tibet s culture In addition the book supplies tutorials for Tibetan crafts and games a sample of recipes and photographs and illustrations that create a multidimensional experience of Tibetan culture Tibetan Literary Genres, Texts, and Text Types ,2015-09-17 The papers in Tibetan Literary Genres Texts and Text Types deepen our knowledge of Tibetan literature They not only examine particular Tibetan genres and texts pre modern and contemporary but also genre classification transformation and reception Despite previous contributions the systematic analysis of Tibetan textual genres is still a relatively undeveloped field especially when compared with the sophisticated examinations of other literary traditions The book is divided into four parts textual typologies blurred genre boundaries specific texts and text types and genres in transition to modernity The introduction discusses previous classificatory approaches and concepts of textual linguistics The text classes that receive individual attention can be summarised as songs and poetry offering ritual hagiography encyclopaedia lexicographical texts trickster narratives and modern literature Contributors include Franz Karl Ehrhard Ruth Gamble Lama Jabb Roger R Jackson Giacomella Orofino Jim Rheingans Peter Schwieger Ekaterina Sobkovyak Victoria Sujata and Peter Verhagen Tibetan Folktales 藏学文化研究,2019-01-01 This book is the fruit of a teacher student collaboration that began in 2016 It is designed to help students of Tibetan language make the transition from early stages of study to working with more complex Tibetan literary works including Dharma texts Folk tales are ideal for the task the language hovers somewhere between colloquial and literary the grammar is relatively straightforward and the vocabulary is rich and varied while still down to earth The stories also provide a unique window into the lives of ordinary Tibetans of yore their worries and aspirations and their rather mischievous sense of humor For these reasons and more this book should be of value to any student of Tibetan language and culture 藏学文化研究,2019
