Nymphoid Barbarian In Dinosaur Hell:

The Dinosaur Filmography Mark F. Berry, 2015-08-31 From classics like King Kong to beloved B movies like The Beast from 20 000 Fathoms to blockbusters like Jurassic Park it s easy to see that filmmakers and audiences alike love to see dinosaurs on the screen This comprehensive filmography arranged alphabetically by title contains entries that include basic facts year of release country of origin studio and running time followed by a concise plot summary the author s critical commentary information on the production and the people behind it and secrets of the often ingenious special effects Three useful appendices feature films with minor dinosaur content planned but unfinished dinosaur movies and the quasi dinosaurs of Toho Studios To be included a movie must depict one or more representations of a prehistoric reptile Inaccurate portrayals are included as long as the intent is to represent a real or fictional dinosaur Not eligible are films featuring prehistoric mammals prehistoric humans or humanoids and beasts of mythology unless of course the movie also has a dinosaur It's Only a Movie Mark Kermode, 2010-02-04 In It s Only a Movie the incomparable Mark Kermode takes us into the weird world of a life lived in widescreen Join him as he gets lost in Russia on the trail of a low budget horror flick gasp as he s shot at in Hollywood while interviewing Bavarian director Werner Herzog cheer as he gets thrown out of the Cannes film festival for heckling in very bad French and cringe as he s handbagged by Helen Mirren at London s glitzy BAFTA Awards Written with sardonic wit and wry good humour this compelling cinematic memoir is genuinely inspired by real events **The Art of Troma** Fred Van Lente, 2018-10-10 For over FORTY YEARS Troma Studios has blazed its own bloody slime covered trail making movies their own damn way From The Toxic Avenger to The Class Of Nuke Em High to Poultrygeist to Tromeo And Juliet Lloyd Kaufman never compromised waving his independent freak flag freely and helped jumpstart the careers of luminaries such as James Gunn Trey Parker Eli Roth Oliver Stone and countless others How you might ask did a couple of rebels with almost no cash manage to make a library of a THOUSAND films You ll have to pick up this incredible collection to find out featuring never before seen film stills rare posters candid interviews and buckets and buckets and BUCKETS of fake blood **Science Fact and Science Fiction** Brian M. Stableford, 2006 Publisher description **Consuming Youth** Robert Latham, 2007-11-01 From the novels of Anne Rice to The Lost Boys from The Terminator to cyberpunk science fiction vampires and cyborgs have become strikingly visible figures within American popular culture especially youth culture In Consuming Youth Rob Latham explains why showing how fiction film and other media deploy these ambiguous monsters to embody and work through the implications of a capitalist system in which youth both consume and are consumed Inspired by Marx s use of the cyborg vampire as a metaphor for the objectification of physical labor in the factory Latham shows how contemporary images of vampires and cyborgs illuminate the contradictory processes of empowerment and exploitation that characterize the youth consumer system While the vampire is a voracious consumer driven by a hunger for perpetual youth the cyborg has incorporated the machineries of consumption into its own flesh Powerful fusions of technology and desire

these paired images symbolize the forms of labor and leisure that American society has staked out for contemporary youth A startling look at youth in our time Consuming Youth will interest anyone concerned with film television and popular culture

The Battle for the Bs Blair Davis,2012-04-06 The emergence of the double bill in the 1930s created a divide between A pictures and B pictures as theaters typically screened packages featuring one of each With the former considered more prestigious because of their larger budgets and more popular actors the lower budgeted Bs served largely as a support mechanism to A films of the major studios most of which also owned the theater chains in which movies were shown When a 1948 U S Supreme Court antitrust ruling severed ownership of theaters from the studios the B movie soon became a different entity in the wake of profound changes to the corporate organization and production methods of the major Hollywood studios In *The Battle for the Bs* Blair Davis analyzes how B films were produced distributed and exhibited in the 1950s and demonstrates the possibilities that existed for low budget filmmaking at a time when many in Hollywood had abandoned the Bs Made by newly formed independent companies 1950s B movies took advantage of changing demographic patterns to fashion innovative marketing approaches They established such genre cycles as science fiction and teen oriented films think *Destination Moon* and *I Was a Teenage Werewolf* well before the major studios and also contributed to the emergence of the movement now known as underground cinema Although frequently proving to be multimillion dollar box office draws by the end of the decade the Bs existed in opposition to the cinematic mainstream in the 1950s and created a legacy that was passed on to independent filmmakers in the decades to come
