**Publisher description** **Johann Strauss and Vienna** Camille Crittenden, 2006-11-02 This book examines nineteenth century Viennese operetta and the historical context in which it was created *A Kingdom Not of This World* Kevin C. Karnes, 2013-07-30 Typically regarded as reflecting on a culture in social political or psychological crisis the arts in fin de siècle Vienna had another side they were means by which creative individuals imagined better futures and perfected worlds dawning with the turn of the twentieth century As author Kevin C. Karnes reveals much of this utopian discourse drew inspiration from the work of Richard Wagner whose writings and music stood for both a deluded past and an ideal future yet to come Illuminating this neglected dimension of Vienna's creative culture this book ranges widely across music philosophy and the visual arts Uncovering artworks long forgotten and providing new perspectives on some of the most celebrated achievements in the Western canon Karnes considers music by Mahler Schoenberg and Alexander Zemlinsky paintings sculptures and graphic art by Klimt Max Klinger and members of the Vienna Secession and philosophical writings by Nietzsche Schopenhauer and Maurice Maeterlinck Through analyses of artworks and the cultural dynamics that surrounded their creation and reception this study reveals a powerful current of millennial optimism running counter and parallel to the cultural pessimism widely associated with the period It discloses a utopian discourse that is at once beautiful moving and deeply disturbing as visions of perfection gave rise to ecstatic artworks and dystopian social and political realities **Music and Modern Art** James Leggio, 2014-07-16 Music and Modern Art adopts an interdisciplinary approach to the relationship between these two fields of creative endeavor **Seeing Mahler: Music and the Language of Antisemitism in Fin-de-Siècle Vienna** K.M. Knittel, 2016-04-01 No one doubts that Gustav Mahler's tenure at the Vienna Court Opera from 1897-1907 was made extremely unpleasant by the antisemitic press The great biographer Henry Louis de La Grange acknowledges that it must be said that antisemitism was a permanent feature of Viennese life Unfortunately the focus on blatant references to Jewishness has obscured the extent to which ordinary attitudes about Jewish difference were prevalent and pervasive yet subtle and covert The context has been lost wherein such coded references to Jewishness would have been immediately recognized and understood By painstakingly reconstructing the language of antisemitism Knittel recreates what

Mahler's audiences expected saw and heard given the biases and beliefs of turn of the century Vienna Using newspaper reviews cartoons and memoirs Knittel eschews focusing on hostile discussions and overt attacks in themselves rather revealing how and to what extent authors call attention to Mahler's Jewishness with more subtle language She specifically examines the reviews of Mahler's Viennese symphonic premieres for their resonance with that language as codified by Richard Wagner though not invented by him An entire chapter is also devoted to the Viennese premieres of Richard Strauss's tone poems as a proof text against which the reviews of Mahler can also be read and understood Accepting how deeply embedded this way of thinking was not just for critics but for the general population certainly does not imply that one can find antisemitism under every stone What Knittel suggests ultimately is that much of early criticism was unease rather than objective reactions to Mahler's music a new perspective that allows for a re-evaluation of what makes his music unique thought provoking and valuable

**Opera and Modern Culture** Lawrence Kramer, 2004 Outstanding Kramer's scholarship is as impeccable as his insights are at once original and consistently brilliant The presentation is thorough and the argument is well anchored in theory history and musical detail Kramer's discourse is crystalline and jargon free The connections from one chapter to another are seamless The story is simply stated a page turner Richard Leppert editor of Theodor W Adorno's *Essays on Music* Lawrence Kramer's *Opera and Modern Culture* is remarkable both for its imaginative exploration of important issues and for the rich array of the author's engagements with other thinkers In particular by decentering without dismissing the composer who could dismiss Wagner he makes works of reception productions of *Salome* on video uses of the *Lohengrin* Prelude by Charlie Chaplin and W E B Du Bois central texts in the process of understanding the phenomenon of opera rather than footnotes to an idea that he really does dismiss the work itself James Parakilas author of *Piano Roles* 300 Years of Life with the Piano and Introduction to Opera forthcoming

**Karl Lueger** Richard S. Geehr, 1990 A biography of the Christian Social mayor of Vienna 1897-1910 Ch 5 p 171-207 Running with the Hares Hunting with the Hounds discusses Lueger's antisemitism which many historians have tended to discount While leaving open the question of Lueger's personal convictions argues that his antisemitic remarks and those of his party associates exerted an extremely harmful influence which continued through the First Republic and is still felt today and that only the limitations imposed on him by the Emperor prevented drastic measures against the Jews Reviews the position of Lueger and the Christian Socialists in the debate over Jews at the university especially the medical school the antisemitic productions of Adam Müller-Guttenbrunn's *Kaiserjubilums Stadttheater* the Aryan Theater and demands for segregation in the public schools

**Painting a People** Ezra Mendelsohn, 2002 Analyzes the life work and reception of a founding father of modern Jewish art in Eastern Europe
