Sigmund Freud

Premonitory Dreams:

Freud's Dream of Interpretation Ken Frieden, 1990-01-01 Frieden explores methods of dream interpretation in the Bible the Talmud and in the writings of Sigmund Freud and brings to light Freud's troubled relationship to his Judaic forerunners This book reveals unfamiliar associations in intellectual history and challenges received ideas in biblical Talmudic and Freudian scholarship Freud distanced himself from dream interpreters such as Joseph and Daniel by rejecting their intuitive methods and their claims to predict the future While biblical and Talmudic dream interpretation generally involve prophecy Freud sought to limit himself to the determination of prior causes in the dreamer's life Nevertheless Frieden demonstrates that Freud's strategies of interpretation and especially his use of free association inevitably guide the dreamer toward a future This resonance between ancient prophecy and modern psychology is merely one example of the concealed relationship between Judaic and psychoanalytic dream interpretation Frieden shows the role both of actual influences and influences denied by Freud

Art Therapy, Dreams, and Healing Johanne Hamel, 2020-08-27 Art Therapy Dreams and Healing Beyond the Looking Glass synthesizes methods to work with one's dreams through art therapy and introduces the reader to brief creative methods Gestalt and Jungian experiential methods and research on lucid dreaming and dream re-entry The author provides a unique clear and concise synthesis of 19 available dreamwork methods to find the message of your dreams with examples from her own 35 years of psychotherapy practice Along with a classification of types and functions of dreams chapters include information such as how to keep a dream journal how to remember one's dreams how to identify 25 different dream types and how to follow your own dreamwork process This book provides a succinct blend of available dreamwork methods for readers to find the existential message of their dreams and grow from them

[The Clairvoyance of Dreams](#) Anna Mancini, While the ability to see the future in the waking state is far from being easy and far from being common among mankind dreaming about the future is absolutely common and easy because when we sleep our subconscious mind communicates naturally with our subconscious mind through dreams and automatically conveys information about the future it is creating Of course our subconscious mind is knowledgeable about our future because it is the one that creates it Throughout history many people have experienced spontaneous clear dreams about some important future events Like them you may naturally dream about your future whenever your subconscious mind decides it However you can also take consciously the initiative to trigger a dream about your future whenever you think that you need it This book will teach you how you can do it In this book I will explain two simple techniques for getting information about your future from your dreams whenever you want them I will also explain what makes these techniques more effective and what hinders them But at first let's see what clairvoyance is in general how the different types of clairvoyance work and what the different kinds of seers do And in case you decide to continue consulting clairvoyants instead of using your own abilities you will learn with this book how to get the most of your sessions since you will better understand what clairvoyance is and how
