A romantic still life illustration. Three vibrant red roses are scattered across a fabric background of soft pink and white ruffles. A delicate gold chain is coiled in a heart shape in the center, with two gold wedding rings resting on it. The overall mood is tender and celebratory.

The Covenant of Marriage Study Guide Mark Johnson, 2021-02-04 This twelve week study shows how the historic understanding of Covenant helps us build a love for a lifetime Marriage Marriage is not what our culture or we say it is What is the one esh relationship that was designed by God When two enter a Covenant the identity of each party enters the other This produces a

bond of shared identity between the two and alters the nature of each what God has joined together God's instructions are logical consequences of these realities We love the other as we love ourselves because the other is now part of us Our hearts want to love but we do not love consistently Why Because our guidance system our old sense of self interest pulls in other directions Covenant is not just a tie that binds It is also a plan that teaches us what to do why we do these things and how we become able to do them Our married self is a new self Obedience does not oppose our nature it authentically expresses our new self and new bond Shifting our guidance system to follow God's plan and building this new life is the path to the best Marriage

Preparing for Marriage Jim and Teresa Adams, 2015-05-12 Whether you're in a relationship now or want to be in one you have come to the right place We can help The average couple spends 25 200 and over 250 hours on their wedding That same couple spends less than 100 and two hours on their marriage Don't be guilty of having a BIG wedding and a BAD marriage Don't spend more time focused on the ceremony than the matrimony The wedding while a tremendous celebration is designed to last less than a day in most cultures while the marriage is designed to last a lifetime Dating engaged married happily or unhappily or remarried if you follow this resource it is guaranteed to help you make the right decision about marriage prepare you for marriage or strengthen the marriage you are already in Teresa and I have been working on this manual all our married lives not because we are really slow writers but because this manual is the compilation of everything we have learned in our personal lives as a married couple for 30 years with four children boy do we have some stories to tell as well as our professional training This book is a compilation of what we have seen work and not work in more than 20 years of practical application working with dating engaged married and remarried couples We developed this system out of necessity We used another manual for more than a decade until it was literally no longer available We looked for other

resources but never found one that fit our style and that really resonated with the couples we were coaching and counseling. Finally we decided to develop our own. We completed the first draft of this manual in 2010 and started using it in our weekend intensive sessions where Teresa and I meet with a couple for approximately 10 to 12 hours from Friday afternoon through Saturday all day. As we used this tool we have been constantly writing, rewriting, and adding as questions and issues arose that we did not initially include in this resource. We would often leave the counseling room that Friday, come home, and add or modify a section based on a situation we saw or anticipated seeing the next day in the intensive. Though we have never made this tool available to anyone other than the couples we have personally worked with, our clients have urged us to share this resource as they were genuinely moved and changed by the information contained herein. What you hold in your hands is the result of this process. This product was not developed in a classroom using a lot of relationship theory but rather forged in the crucible of real life situations and circumstances.
