Acharya Prashant The topic of habits is something we have all heard of either positively or negatively at one point in life or the other Even with much prevalence to the topic of habits and how much they can do for us some people still find it easy to live life randomly without incorporating the necessary healthy habits into their lives Without trying to put too much sophistication into it a habit is something we often do It suddenly at some point of repetition becomes an unconscious pattern of behavior We are sometimes aware that we are making habits while there are others who do not even know they are habits Habits are essential to who we are and when we can realize which habits are part of us the better I had a habit of waking up in the morning to a bottle of soda and while this was something I did unconsciously it became part of me and almost destroyed my overall health as my blood sugar levels were off the charts I knew I was drinking soda too often I knew my blood sugar level was rising but I always related it to something else like I sat down too much and did not get enough physical exercise overall when the doctor asked I didn't mean to lie seriously but this was part of my daily routine and I did not know that it was in any way hurting me This is how we do a lot of things and do not even know how much damage we are doing to ourselves our health and our relationships in general This issue affects all aspects of your life and as I said earlier they can make you or break you Another example is my best friend Peter he had a habit of putting off things until the last minute and while he was a skilled artist he never got to show off the best of his skills as he always rushed his work With my research I was able to change my entire life and my friend's habit of timing and how he worked and his working relationships got better with every client as almost everyone had something good to say about his work and he even earned more than he ever did when he put things off till the last minute In this book healthy habits I will be walking you through the process of rebuilding your habits to healthy ones which can benefit you in all aspects of your life I will cut across some of the most important aspects of life and help you develop some of the best habits that will help you live the best life ever Remember you are nothing but your habits and if your habits can define you you have no reason not to take them seriously This book Healthy Habits will be a fun ride because it will discuss so many aspects of your life and open up some of the things you never knew were terrible habits Before moving forward you need to promise yourself that you will make this practical because no matter how good any information is without any action it will always amount to nothing So promise yourself that as you go through the pages of this book you will decide to take proper action when due and watch how your life will be transformed right before your eyes Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

**A Time to Heal** Tiffany Edgecombe,2011-04 Tiffany Edgecombe has been through the most terrible of rape experiences and yet she has emerged with a faith in God stronger than ever before The now ordained minister shares how she has overcome sexual abuse and the struggles and challenges that ensue She shares how God has used the tragedy for good not only for her but for all those whose lives she has had the privilege to touch See how with God by your side you too can experience complete healing joy and love again As a Christian God wants to free you from the shackles that are holding you back He wants you to let go of the guilt shame fear and unforgiveness you may be feeling and journey down the road to fulfilling His divine purpose for your life Do not let the enemy deter you from the very reason God has placed you on this earth Instead let God be your strength to move on Now is your time to heal *Jesus Healed You!*

Gerard Assey,2020-07-08 Jesus Healed You is more than just the name of this book It is a reality that is available for every person to experience No matter the severity of your condition even as it looks now remember that Jesus Christ has already healed you Notice what His word says in 1 Peter 2 24 By whose stripes ye were healed It s a past tense it s a done deal Many say HIS time for my cure has not yet come We are actually insulting Jesus and His finished work for us as the work was already done over 2000 years ago It s already there in the spiritual realm We just got to reach out to it Sadly many have waited for years in despair for His time and gone in that condition not knowing they already had it but just not claimed it One of the most important things that every believer needs to know is how to receive divine healing that has already been provided for us from the Lord and how to live in good health Unfortunately because of our wrong religious upbringings many of us have been taught that God doesn t always heal either He puts sicknesses on us to teach us something or He gets glory out of our being sick or even that healing has passed away But according to the scriptures healing comes from God and sickness and disease comes from the devil God plainly shows us in His Word that He is the Great Physician and the devil is the afflicter Exodus 15 26 FOR I AM THE LORD THAT HEALETH THEE So healing is yours now Jesus Christ paid a great price to provide healing for you All you have to do is know out how to receive it This book is therefore to help introduce Jesus the Healer and enable you to claim the healing HE has already provided for Healing is the manifestation of God s love for you and me The Bible shows us that Jesus came as the perfect representation of God s heart towards mankind Everyone mentioned in the Bible who came to Jesus for healing were made well Healing is not something you get because you deserve it It s a free gift from God for all people God wants you healed and He wants you to have good health So just Fasten Your Seat Belt and Expect a Move of God as you read through the pages of this book claiming your healing that He has already provided
