Psychological Assessment of Sexually Abused Children and Their Families William N Friedrich, 2002 Designed for professionals in the field of child maltreatment this authoritative book presents a compelling theoretical framework that guide s assessment of children and adolescents who have been sexually abused and their parents The book is designed to make it easier for clinicians to select a number of measures or procedures across three dimensions that have considerable clinical relevance attachment dysregulations and self perception Psychological Assessment of

Sexually Abused Children and Their Families features in particular the assessment of sexually aggressive children and an extensive set of interview formats checklists and other forms that clinicians will find especially useful in evaluating children and their families The book is also richly illustrated with case studies **Working with Child Abuse and Neglect** Vernon R. Wiehe,1996-06-24 How do you intervene in abusive and neglectful families or prevent maltreatment in families at risk How can you find the answers you need in the overwhelming array of information now available on the subject In Working with Child Abuse and Neglect author Vernon R Wiehe helps you focus by evaluating a wealth of references to current published literature and pinpointing the practical applications that put these findings into action Condensing the explosion of knowledge about child maltreatment into one provoking yet accessible primer Wiehe first offers a historical perspective on child maltreatment and an assessment of the scope of the problem He also discusses theoretical perspectives for understanding the problem and specific treatment and prevention techniques Information on state and national organizations working in the field illustrates not only the size of the problem but also the mobilized efforts to stem child abuse and neglect As well as a balanced introduction Working with Child Abuse and Neglect serves as a springboard to important sources of additional knowledge Ideal for upper division undergraduates as well as graduate students and anyone in the helping professions who is beginning to work with victimized children Working with Child Abuse and Neglect provides a sound assessment of the state of the literature and application in this expanding area of study and practice In addition the handy reference value of this volume will appeal in particular to social workers counseling and clinical psychologists and nurses

Assessing and Treating Physically Abused Children and Their Families David Kolko,Cynthia Cupit Swenson,2002-03-15 A professional book aimed at practitioners and practitioners in training this volume is the first attempt to provide a comprehensive practical approach to the assessment and treatment of physically abused children While there are other books that cover certain aspects of assessment and treatment this book is comprehensive in that it covers child specific parent specific and family specific interventions The volume will present an overview of child physical abuse including statistics and consequences it will discuss outcome studies and treatment implications and it will thoroughly discuss assessment and treatment It will help practitioners Understand children s abuse experiences views exposures to violence and it will help expose thinking errors or negative attributions It will also help the practitioner help the children with anxiety management anger management social skills and safety plans Help parents with child management and development expectations and cognitive distortions behavior management and discipline Facilitate family communication and problem solving *A practitioner's guide to implementing restorative justice: Intimate Partner Violence & Domestic Violence* Theo Gavrielides,2024-02-28 This Practitioners Guide is a practical tool for those who want to apply restorative justice practices to cases of intimate partner violence IPV including domestic violence DV This step by step evidence based guide can be used where harm has come to the attention of the criminal justice system or community based restorative justice services The

Guide is relevant independently of the chosen restorative justice practice e.g. direct/indirect mediation, family group conferencing, circles. Due to the complex nature of DV and IPV cases, it is expected that this Guide is also applicable in less complex cases including violence against property and the person, theft, youth violence, and anti-social behaviour. This up-to-date Guide was put together following original and desk-based research (Gavrielides, 2023, 2019) and with the aim of helping practitioners to create a safe and competent restorative dialogue when managing IPV and DV cases. It draws from the principles of the European Commission's Victims Directive and human rights standards drawn from the Universal Declaration of Human Rights. The research behind this Guide was partly funded by the European Commission and is endorsed by the Restorative Justice for All International Institute. It targets European audiences and practitioners both within and outside of the criminal justice system. To cite this ebook: Gavrielides, T. Intimate Partner Violence Lisa Conradi, Robert Geffner, 2014-01-02. The perpetration of intimate partner violence by women has long been a controversial topic. More recently, researchers, treatment providers, and other professionals have begun to critically examine theoretical research and practice perspectives to gather a better understanding of this controversial issue. The current text will provide the reader with a more thorough discussion on our current understanding of the context and motivation of women's use of violence against intimate partners. This text will discuss the controversies related to the arrest and treatment of women arrested for domestic violence from a variety of theoretical perspectives while

also providing updates on the current research focusing on typologies of female offenders The text also provides a critical review of current treatment strategies for women arrested for domestic violence The contributors are the foremost leaders in the field of research and practice on intimate partner violence offending and have written chapters that provide a key review of the work that is currently emerging in the field As a result this text is the most comprehensive guide to date that discusses female perpetration of intimate partner violence Recommendations for specific treatment with this population and implications for practice and policy are provided throughout This book was published as a special double issue of the Journal of Aggression Maltreatment and Trauma

Crisis Intervention in Criminal Justice/social Service James Earnest Hendricks, Bryan Byers, 2002 This collection of works is intended for pre service and in service criminal justice and social service crisis interveners this book provides theoretical analytical and practical knowledge for those who first respond to crisis in a professional capacity Face to face interaction with the client victim is part of the comprehensive approach advocated by this book which requires interveners to assess the nature of a crisis and the condition of the victim in order to determine the appropriate course of action Each chapter offers a theoretical overview of a particular facet of intervention as well as models and methods for applying crisis theory to crisis situations faced by interveners Although crisis situations are composed of similar elements each crisis is unique within the personal domain due to individual diversity Chapters are devoted to crisis intervention for each of the following crises domestic violence spouse abuse child abuse and neglect elder abuse and neglect rape and sexual assault the death of a loved one and suicide

Handbook of Child Maltreatment Jill E. Korbin, Richard D. Krugman, 2013-11-26 This Handbook examines core questions still remaining in the field of child maltreatment It addresses major challenges in child maltreatment work starting with the question of what child abuse and neglect is exactly It then goes on to examine why maltreatment occurs and what its consequences are Next it turns to prevention treatment and intervention as well as legal perspectives The book studies the issue from the perspective of the broader international and cross cultural human experience Its aim is to review what is known but even more importantly to examine what remains to be known to make progress in helping abused children their families and their communities

A Troubled Marriage Leigh Goodmark, 2013-11 Choice's Outstanding Academic Title list for 2013 The development of a legal regime to combat domestic violence in the United States has been lauded as one of the feminist movement's greatest triumphs But Leigh Goodmark argues the resulting system is deeply flawed in ways that prevent it from assisting many women subjected to abuse The current legal response to domestic violence is excessively focused on physical violence this narrow definition of abuse fails to provide protection from behaviors that are profoundly damaging including psychological economic and reproductive abuse The system uses mandatory policies that deny women subjected to abuse autonomy and agency substituting the state's priorities for women's goals A Troubled Marriage is a provocative exploration of how the legal system's response to domestic

violence developed why that response is flawed and what we should do to change it Goodmark argues for an anti essentialist system which would define abuse and allocate power in a manner attentive to the experiences goals needs and priorities of individual women Theoretically rich yet conversational A Troubled Marriage imagines a legal system based on anti essentialist principles and suggests ways to look beyond the system to help women find justice and economic stability engage men in the struggle to end abuse and develop community accountability for abuse *The APSAC Handbook on Child Maltreatment* J. Bart Klika, Jon R.
