Wilmore, 1983 *Our Presbyterian Heritage, Portland, Indiana, 1872-1972* First Presbyterian Church of Portland, Indiana, 1972 A history of the First Presbyterian Church of Portland Indiana celebrating its 100th anniversary **Stewards of Our Heritage** Virginia F. Rainey, 2002-01-01 This first history of the Presbyterian Historical Society is a thorough well researched presentation The Presbyterian Heritage Daily Devotional P. J. Southam, 2006-04-21 Here is inspiration for each day of the year drawn from the Holy Bible and the Creeds Confessions and Catechisms of the Presbyterian Church This book follows the seasons of the Church year With easy short readings each day any Christian will be uplifted and gain a deeper understanding of what Presbyterians believe **The Glory of Kings** Peter J. Leithart, John Barach, 2011-09-01 Over the past several decades Reformed theologian and biblical scholar James B Jordan has produced a unique body of work His electrifying commentaries and essays on Scripture along with his penetrating writings on Trinitarian theology liturgics music and culture have inspired a growing number of pastors and theologians In this Festschrift Jordan s friends and associates celebrate his contributions by applying his methods and insights to a range of biblical theological liturgical and cultural questions The Glory of Kings aims to bring Jordan s work to the attention of a wider audience and to introduce the work of a scholar that R R Reno has called one of the most important Christian intellectuals of our day *Presbyterians in South Carolina, 1925-1985* Nancy Snell Griffith, Charles E. Raynal, 2016-09-12 The history of South Carolina Presbyterians between 1925 and 1985 covers a period of great development achieved through many difficulties in church and society We tell the story not only of the churches belonging to the PCUS sometimes called southern Presbyterians but also African American churches and institutions in South Carolina established after the Civil War by PCUSA missionaries from the North For all Presbyterians events between the World Wars challenged the moral stances birthed by Protestants to build a Christian America Women s right to vote came to the nation in 1920 but claiming equality of women s roles in mainline churches took decades of advocacy The Great Depression engulfed the whole nation eroding funds for churches missions and institutions World War II set the scene for a great period of church expansion When moral and cultural challenges came from the Civil Rights Movement and the war in Vietnam the church increasingly began to face these issues and tensions both theological and social as they arose among the members of historic denominations An effort began to reintegrate African American churches into the Synod of South Carolina As the Synod of South Carolina was taken up into a larger regional body in 1973 its more conservative churches began to withdraw from the PCUS Many congregations began to shrink and the resources for mission diminished In telling this story we hope to provide insights into how Presbyterians in South Carolina contributed to culture connecting their

religious life and practices to a larger social setting May a fresh look at the recent past stir us to renewal ahead

Presbyterians in North Carolina Walter H. Conser, Robert J. Cain, 2011-04-25 This volume is the first comprehensive overview of North Carolina Presbyterians to appear in more than a hundred years Drawing on congregational and administrative histories personal memoirs and recent scholarship while paying close attention to the relevant social political and religious contexts of the state and region Walter Conser and Robert Cain go beyond older approaches to denominational history by focusing on the identity and meaning of the Presbyterian experience in the Old North State from the seventeenth through the twentieth centuries Conser and Cain explore issues as diverse as institutional development and worship experience the patterns and influence of race ethnicity and gender and involvement in education and social justice campaigns In part 1 of the book Beginnings they trace the entrance of Presbyterians who were legally considered dissenters throughout the colonial period into the eastern central and western sections of the state The authors show how the Piedmont became the nexus of Presbyterian organizational development and examine the ways in which political movements including campaigns for American independence deeply engaged Presbyterians as did the incandescence of revivalism and agitation for reform which extended into the antebellum period The book's second section Conflict Renewal and Reunion investigates the denominational tensions provoked by the slavery debate and the havoc of the Civil War the soul searching that accompanied Confederate defeat and the rebuilding efforts that came during the New South era Such important factors as the changing roles of women in the church and the decline of Jim Crow helped pave the way for the eventual reunion of the northern and southern branches of mainline Presbyterianism By the arrival of the new millennium Presbyterians in North Carolina were prepared to meet future challenges with renewed confidence A model for modern denominational history this book is an astute and sensitive portrayal of a prominent Protestant denomination in a southern context Walter H Conser Jr is professor of religion and professor of history at the University of North Carolina Wilmington His books include *A Coat of Many Colors Religion and Society along the Cape Fear River of North Carolina* and *God and the Natural World Religion and Science in the Natural World* Before his retirement after thirty two years of service Robert J Cain was head of the Colonial Records Branch at the North Carolina State Archives He is the editor of *The Colonial Records of North Carolina* second

series *The Dispensational-Covenantal Rift* R. Todd Mangum, 2007-06-01 This groundbreaking study explores how the fight between dispensationalists and covenant theologians started and how a unique dynamic of personalities and sociological factors enflamed it Readers may be surprised to discover that even the terminology of dispensationalists and covenant theologians originated in the 1930s disputes that the majority of the original protagonists on both sides were Presbyterians and that soteriology rather than eschatology was the original bone of contention between them This study examines how two respective strands of fundamentalism came to identify one another as theological rivals as they each vied for position in their recently formed separatist bodies The significance of disagreements over dispensationalism is explored in the founding of the Orthodox Presbyterian and Bible Presbyterian churches And then as the debate traveled southward the response of the PCUS is examined with special attention given to the consummative reports of an ad hoc committee that found dispensationalism to be out of harmony with the Westminster doctrinal standards Significant misunderstandings that impeded fruitful dialogue from the beginning are clarified particularly those that have persisted most stubbornly to the present day Perhaps most surprising of all the reader will discover that nearly all of the original points of debate between dispensationalists and covenant theologians have since been resolved as each side has honed its position in light of pertinent critiques Why has this development gone almost unnoticed This study suggests an answer and proposes that understanding how the feud began may hold the key to rapprochement today **Perspectives on Theological Education** Walter B. Re-forming Tradition Milton J. Coalter, John M. Mulder, Louis Weeks, 1992-01-01 This book challenges American Presbyterians to remember their calling as Christians The author believes that Presbyterians are summoned to a character of life that will awaken and address the religious questions of today with powerful and persuasive Christian perspectives and answers By recognizing again the message of the good news of the gospel and by speaking directly to our world the authors tell how American Presbyterians can recover their identity as Reformed Christians and continue to make a creative contribution to the witness of the church in the world Through its examination of American Presbyterianism the Presbyterian Presence series illuminates patterns of change in mainstream Protestantism and American religious and cultural life in the twentieth century

The Gospel-Centered Evangelicalism of Alexander Carson John Gill, 2025-07-31 Alexander Carson ca 1776 1844 is primarily remembered by Baptist historians as an apologist for believer's baptism Yet this is a topic that Carson himself would consider secondary What then did Carson consider to be of primary importance The gospel of Jesus Christ as conveyed in the Scriptures The thesis of this study is that Carson's belief in the Bible as a verbally and completely inspired text provided him with an infallible source for his understanding of the gospel as being centered upon the atonement effective through justification by faith alone and the motivation for evangelism Carson's theology is examined in each area through a study of his pertinent works the works written by those with whom he interacted as well as the larger theological social economic and political context surrounding those works Evangelical Protestantism in Ulster Society 1740-1890

The Last Segregated Hour Stephen R. Haynes, 2012-09-24 On Palm Sunday 1964 at the Second Presbyterian Church in Memphis a group of black and white students began a kneel in to protest the church's policy of segregation a protest that would continue in one form or another for more than a year and eventually force the church to open its doors to black worshippers In *The Last Segregated Hour* Stephen Haynes tells the story of this dramatic yet little studied tactic which was the strategy of choice for bringing attention to segregationist policies in Southern churches Kneel ins involved surprise visits to targeted churches usually during Easter season and often resulted in physical standoffs with resistant church people The spectacle of kneeling worshippers barred from entering churches made for a powerful image that invited both local and national media attention The Memphis kneel ins of 1964-65 were unique in that the protesters included white students from the local Presbyterian college Southwestern now Rhodes And because the protesting students presented themselves in groups that were mixed by race and gender white church members saw the visitations as a hostile provocation and responded with unprecedented efforts to end them But when Church officials pressured Southwestern president Peyton Rhodes to call off his students or risk financial reprisals he responded that Southwestern is not for sale Drawing on a wide range of sources including extensive interviews with the students who led the kneel ins Haynes tells an inspiring story that will appeal not only to scholars of religion and history but also to pastors and church people concerned about fostering racially diverse congregations
