## **Presence Of Others Readings For Critical:**

**The Presence of Others** Andrea A. Lunsford, John J. Ruskiewicz, Carrie Shively Leverenz, 1994 *Text-critical Methodology and the Pre-Caesarean Text* Larry W. Hurtado, 1981 This is a print on demand book and is therefore non returnable This monograph is a detailed examination of the textual characteristics and relationships of important early Greek manuscripts of the Gospel of Mark chiefly Codex Washingtonianus W and also Family 13 and P45 and challenges the generally accepted view that these manuscripts are witnesses to an early stage of the Caesarean text type The study begins with a discussion and critique of previous studies on the Caesarean text type showing the methodological weaknesses that demand a fresh analysis of the data and emphasizing the crucial importance of Codex W for the whole question of the textual history of Mark Then a methodological approach is set forth involving both careful quantitative measurement of manuscript agreements and detailed analysis of variants in the interest of determining both the textual relationships and textual character of manuscripts When this more sophisticated approach is applied to the chief witnesses to the so called pre Caesarean text of Mark it is confirmed that W and P45 do show a significant relationship with each other and that Family 13 is a weaker member of the same group However the commonly held view that these witnesses reflect the early stage of the Caesarean text type is shown to be erroneous In addition to clarifying the textual relationships of the witnesses the study defines more accurately their textual character showing the scribal purposes reflected in the variants that characterize these manuscripts and adding considerably to our knowledge of the forces affecting the early transmission of the text of Mark This is the first detailed examination of the Markan text of Codex W since the publication of the manuscript and the first published book length study dealing with the Caesarean text of Mark since the initial work of Kirsopp Lake and his colleagues Blake and New This work not only addresses a major issue in the textual history of Mark but offers methodological suggestions for the continuing investigation of the textual history of the New Testament **The Presence of Others** Andrea A.

Lunsford, 1994-02-01 **A Treatise, Analytical, Critical and Historical, on Successions** Kimball Allyn Cross, 1891 A Text-Critical Study of the Epistle of Jude Charles Landon, 1996-09-01 The author writes in the tradition of C H Turner G D Kilpatrick and J K Elliott and attempts a reconstruction of the Greek text of Jude according to the rationale of thoroughgoing eclecticism The aims of his study are to apply an eclectic approach to the resolution of textual problems in Jude and to determine the extent to which the text of Jude published in the United Bible Societies Greek New Testament GNT4 is a product of the eclectic ideal In this work eclecticism is defined in detail distinctions being made between eclectic generalism rational criticism and thoroughgoing eclecticism Each of 95 variation units is analysed individually and the apparatus provided for each unit shows as much variation as possible in a compact form **The Bible, Gender, and Sexuality:**
