Presence Prevention And Persuasion A Historical Analysis Of Military Force And Political Influence:

Presence, Prevention, and Persuasion Edward Rhodes, 2004-01-01 By stationing its military forces in a distant region of the world can a great power hope to shape the peacetime political development of that region In Presence Prevention and Persuasion contributing scholars examine six historical periods in which British American and French decision makers attempted to use a regional military predominance to influence domestic and regional political outcomes The authors explore the types of military capabilities that appear critical in successful persuasion and prevention efforts and the goals that conducive to this type of action

Historical Dictionary of the Central African Republic Juan Fandos-Rius, Richard Bradshaw, 2025-02-16 The Central African Republic CAR joined the international community when it attained autonomy within the Communaut French Community on 1 December 1958 Under this arrangement France retained control over defense foreign affairs currency and home security Through history Central Africans comprising a quite large number of different ethnic groups and subgroups engaged in internal and external conflicts leading to significant migrations that showcased the nation s current cultural diversity In the twilight of the 19 century Western influence arrived on the heels of French colonists marking the end of slave trade from neighboring states to Central Africans but introducing new forms of servitude such as concessionary companies portage taxes and compulsory labor Central Africans saw their cultural systems and languages gradually erode replaced by European educational models and Christianization In less than 70 years Central Africans experienced profound changes without a cohesive plan As an independent nation the CAR found itself grappling with Western nations contesting its natural resources yielding little profit and trapped in neocolonialism The nation s limited income weakened its authority leading to its disappearance in rural areas Tensions over land resources escalated into a civil war disguised and polarized under the guise of interreligious conflict Today Central Africans stand at a pivotal moment seeking change for peace and recovery Historical Dictionary of the Central African Republic Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 1 200 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the Central African Republic CAR

The U.S. Navy Thomas-Durell Young, 2021-07-28 Great power competition has returned to the world stage and the U S Navy finds itself in the forefront of U S efforts to demonstrate national resolve The U S Navy Case Studies in its Past Present and Future argues that the challenge of determining the future structure and operation of the fleet can be best achieved through an examination of its relevant past experience as well as from current operations of the navy After years of uncertainty as to its purpose and missions the rise of China and Russian provocations now require U S officials to transform the fleet and its way of employing it The contributors to this edition provide case studies of past present and future challenges that the U S Navy has and will need to overcome as it reconsiders how it will restructure the fleet and reconsider

its prevailing concepts of operations Contributors examine past challenges to structuring the fleet and its prevailing concepts of operation Based on this foundation case studies propose how navy leadership should consider developing and employing the fleet in future The chapters in this book were originally published as a special issue of Defense Security Analysis

Parameters ,2004 **Introducing Globalization** Richard W. Mansbach,Edward Rhodes,2012-08-23 Looking for a reader on globalization that is just as exciting as the topic itself That comprehensively covers the issues and perspectives you and your students want to talk about That frames the readings with clear substantial and original analysis by a pair of preeminent scholars In their new edited volume Mansbach and Rhodes offer the guidance students need to work through the varied and lively selections of scholarly and journalistic theoretical and practical pieces from both U S and international writers *China's New Role in Africa and the South* Dorothy Grace Guerrero,Firoze Manji,2008-02-29 China s global expansion is much talked about but usually from the viewpoint of the West This unique collection of essays provides diverse views on the challenges faced by Africa Latin America and Asia as a result of China s rise as a global power **Armed Guests** Sebastian Schmidt,2020 In *Armed Guests* Sebastian Schmidt develops a theory to explain the emergence of this phenomenon which he calls sovereign basing and in doing so shows how this new practice fundamentally changed state sovereignty and the very nature of security competition He applies concepts derived from pragmatist thought to a historical study of the relations between the United States and its wartime allies to explain how sovereign basing originated through the efforts of policymakers to come to grips with the unique security environment of the postwar era *Transatlantic Conflict and Consensus* Roberta N. Haar,Neil A. Wynn,2009 No further information has been provided for this title Small Arms Survey 2011 Small Arms Survey, Geneva,2011-06-30 In examining various aspects of the provision of security the Small Arms Survey 2011 considers the growth of the private security industry and its firearms holdings worldwide the firearms holdings of private security personnel the use of private security companies by multinational corporations the use of emerging weapons technology among Western police forces and legislative controls over the civilian possession of firearms in 42 jurisdictions around the world Case studies provide original research on ongoing security challenges in C te d Ivoire Haiti and Madagascar This edition also presents the 2011 Small Arms Trade Transparency Barometer an estimate of the annual authorized trade in light weapons and a review of developments related to small arms control at the United Nations *African Studies Review* ,2007 *Naval Power in the Twenty-first Century* Peter J. Congress, 1982 The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789-1824, the Register of Debates in Congress 1824-1837, and the Congressional Globe 1833-1873. *Understanding Naval Warfare* Ian Speller, 2023-09-11 This updated new edition of *Understanding Naval Warfare* offers the reader an accessible introduction to the study of modern naval warfare, providing a thorough grounding in the vocabulary, concepts, issues, and debates set within the context of relevant history. The third edition explains traditional concepts and explores current and emerging ideas concerning the theory and practice of naval warfare, relating these to recent events including Sino-American naval competition and the Russian-Ukraine War. Navies operate in an environment that most people do not understand and that many avoid. They are equipped with a bewildering range of ships, craft, and other vessels and types of equipment, the purpose of which is often unclear. Writings on naval warfare are usually replete with references to esoteric concepts explained in specialist language that can serve as a barrier to understanding. This book cuts through the obscure and the arcane to offer a clear, coherent, and accessible guide to the key features of naval warfare, which will equip the reader with the knowledge and understanding necessary for a sophisticated engagement with the subject. The new edition is divided into two key parts. The first focuses on concepts of naval warfare and introduces readers to the ideas associated with the theory and practice of naval operations and includes a chapter where the history of the last century of naval warfare is explored in order to illustrate the key concepts. The second part focuses on the conduct of war at sea and on peacetime roles for contemporary navies and now includes new material on hybrid warfare and grey zone operations and on joint warfare, multi-domain operations, and integrated deterrence within the context of evolving great power rivalry at sea. This textbook will be essential reading for students of naval warfare, sea power, and maritime security and is highly recommended for those studying military history, strategic studies, and security studies in general.
