Toward Carpatian Divinity Michael Markevich, 2010-12-23 The suggestion within the title accurately sums up the direction that the author has taken with the character story and allegory of the second book The extremely unique and gifted

characters of the Carpadia legend have journeyed to the Skeletal Coast of Africa in order to bear witness to the birth of a savior She will usher in the Fifth Civilization of mankind but these followers of that cause are not yet spiritually sufficient Toward Carpatian Divinity quickly begins to outline the direction that these disciples will realize in travels and inner sanctum The chapters are organized as parables and each is a message within the broad communication of integrity and moral code The tools and locations of these metaphysical errands are as diverse and novel as the entire imaginative spectrum Holoflux becomes a hive in the creative process of transmigration as it develops from the witchery of a coven of white Wiccans Claire is introduced as the beautiful and fragile recipient of a powerful Magnolia vision that spins away phenomenal debris She is left with the stationary ancient and unfaltering soul of her matriarchal line and gives that hearts desire to Dneipo The Mystic aboriginal sorcerers become entangled in the source helix of the manifest and are able to cross time and space Intent is described as a pawl designed to catch in the ratchet of moment discontinuity Ron and Vani play a chess like game as pawns able to capture the most superior concepts and Vanisila maintains her earthly presence as a Valkyrie and bypasses the aging process The parables continue bringing insight and awareness to the characters The final chapter is a eulogy praising the spiritual enlightenment of the illuminati as it opens with We now become Divine Carpatians **Braille Book Review** ,2000

**Choice** ,1999 Forthcoming Books Rose Arny,1999 Saturday's Silence Richard McLauchlan,2016-11-15 R S Thomas is recognised globally as one of the major poets of the twentieth century Such detailed attention as has been paid to the religious dimensions of his work has however largely limited itself to such matters as his obsession with the absent God his appalled fascination with the mixed cruelty and wonder of a divinely created world his interest in the world view of the new physics and his increasingly heterodox stance on spiritual matters What has been largely neglected is his central indebtedness to key features of the classic Christian tradition This book concentrates on one powerful and compelling example of this reading Thomas s great body of religious work in the light of the three days that form the centre of the Gospel narrative the days which tell of the death entombment and resurrection of Christ **The Catholic Periodical and Literature Index** ,1999 *New Books on Women and Feminism* ,1999
