What is investment banking? Answer: Investment banking is a financial service that helps companies and governments raise capital by underwriting and issuing securities. Investment banks also provide advisory services for mergers and acquisitions, M&A restructuring, and other financial transactions. 2. Can you explain the three financial statements? Answer: The three main financial statements are: Income Statement (Shows a company's revenues and expenses over a specific period, resulting in net profit or loss), Balance Sheet (Provides a snapshot of a company's assets, liabilities, and equity at a specific point in time), Cash Flow Statement (Breaks down the cash inflows and outflows from operating, investing, and financing activities, showing how cash moves in and out of the business). 3. What is a DCF analysis? Answer: Discounted Cash Flow (DCF) analysis is a valuation method used to estimate the value of an investment based on its expected future cash flows, which are discounted back to their present value using a discount rate. This method helps determine whether an investment is worthwhile. 4. What are some valuation methods? Answer: Common valuation methods include: Comparable Company Analysis (Comparing a company based on the valuation metrics of similar firms in the industry), Precedent Transactions (Valuing a company based on historical transactions of similar companies), Discounted Cash Flow (DCF) (As explained earlier, this method involves estimating future cash flows and discounting them to present value). 5. What are some key metrics you would look at when analysing a company? Answer: Key metrics include: Earnings Before Interest and Taxes (EBIT) (Measures a company's profitability), Price to Earnings (P/E) Ratio (Indicates how much investors are willing to pay for a dollar of earnings), Debt to Equity Ratio (Assesses a company's financial leverage and risk), Return on Equity (ROE) (Measures how effectively management is using a company's assets to create profits). 6. How do you handle tight deadlines? Answer: I prioritize tasks by assessing their urgency and importance. I break down projects into manageable segments and set clear milestones.

Additionally I maintain open communication with team members to ensure everyone is aligned and can support one another to meet deadlines effectively

7 Why do you want to work in investment banking Answer I am drawn to investment banking because it offers a dynamic and challenging environment where I can apply my analytical skills and financial knowledge I am passionate about helping clients achieve their financial goals and being part of high stakes transactions that can significantly impact their businesses

8 Describe a time you worked in a team Answer In my previous internship I collaborated with a team to prepare a pitch for a potential merger I contributed by conducting market research and financial analysis which helped us identify key synergies between the companies We held regular meetings to share updates and feedback and ultimately delivered a successful pitch that impressed the client

9 What are the current trends in the investment banking industry Answer Some current trends include increased focus on sustainability and ESG Environmental Social and Governance investing the rise of technology and fintech in banking operations and greater emphasis on data analytics for decision making Additionally the industry is adapting to changing regulations and the impact of global economic conditions

10 Where do you see yourself in five years Answer In five years I aim to be a well rounded investment banker with a strong track record in deal execution and client management I hope to take on more leadership responsibilities mentor junior analysts and contribute to strategic decisions within my firm Ultimately I aspire to specialize in a particular sector and become a trusted advisor to clients
