Cantor,1996-11-14 This book showcases new trends in the vital and changing field of landscape design Important contemporary concerns affecting the landscape professional are considered the impact of recent scientific research historic preservation populations with unique needs international practices and much more

**Design with Culture** Charles A. Birnbaum,Mary V. Hughes,2005 This anthology written by a number of distinguished scholars breaks new ground in focusing on a major yet generally neglected chapter in the legacy of landscape architectural practice in the United States Equally important the content addresses a long overlooked aspect of the historic preservation movement bringing home the importance of knowing that movement s past in the pursuit of high professional standards today For practitioners and historians alike this is an invaluable book This collection of fresh essays is a valuable contribution to an expanding literature about what must be

considered the most complex and contested social product our landscape especially that which is deemed historically significant The sweep from colonial origins to Appalachian farms from scenic wilderness and missions of the West to the nation s capital the little known stories behind the origins of our heritage and conservation organizations and many of our first and most meaningful parks will be of interest to laymen students and professionals alike
