## **Presidency Vs Hoover 1928:**

**Bulletin of the Carnegie Library of Pittsburgh** Carnegie Library of Pittsburgh, 1929      **Predicting the Next President** Allan Lichtman, 2020-08-07 In the days after Donald Trump's unexpected victory on election night 2016 The New York Times CNN and other leading media outlets reached out to one of the few pundits who had correctly predicted the outcome Allan J Lichtman While many election forecasters base their findings exclusively on public opinion polls Lichtman looks at the underlying fundamentals that have driven every presidential election since 1860 Using his 13 historical factors or keys four political seven performance and two personality that determine the outcome of presidential elections Lichtman had been predicting Trump's win since September 2016 In the updated 2020 edition of this classic text Lichtman applies the keys to every presidential election since 1860 and shows readers the current state of the 2020 race In doing so he dispels much of the mystery behind electoral politics and challenges many traditional assumptions An indispensable resource for political junkies      **The Damming of the Presidency** Frederick D. Gordon, 2021-01-12 This study evaluates the 1927 Great Mississippi Flood and its impact on both the 1928 and 1932 presidential elections Herbert Hoover surged forth to win the 1928 presidency but would suffer the greatest presidential defeat four years later When did people change their minds And were they influenced solely by the Great Depression or was there something else Natural disasters and environmental crises offer both opportunities and threats for a presidential candidate Challenger and incumbent must weave through a delicate maze of policy conundrums to garner national support Today the novel virus COVID 19 has altered modern society Policy and medical experts are scrambling to develop a vaccine Undoubtedly economic social and political landscapes are being redefined including their impact on presidential elections Thus a seminal question surfaces How do force majeure events impact a political campaign Other studies have yielded general assessments regarding presidential decision making during unforeseen events notably with 9 11 and Hurricane Katrina This book offers a vanguard approach by applying a historical lens and seeking to test the axiom of Farley's Law This important law suggests that people's minds are made up at least six months before a national election and no matter how poorly situations develop party allegiance is supreme      **The Presidency Then and Now** Phillip G. Henderson, 2000 In The Presidency Then and Now leading political scientists and historians assess the development of the presidency and its role in today's political landscape The questions addressed in this wide ranging volume include How has the doctrine of separation of powers evolved How have presidential campaigns and presidential oratory influenced the constitutional character of the institution How does the scandal driven press coverage of the post Vietnam and post Watergate presidency compare with the partisan press of the early republic Among other topics the contributors examine the early precedents and modern manifestations of the executive veto executive privilege and presidential use of force doctrine and chart the shift from a constitutionally circumspect and constrained chief executive toward the modern notion of a plebiscitary presidency The Presidency Then and Now assesses several key trends in

presidential leadership including the recent movement toward a policy centered presidency in which detailed policy development has at times supplanted broad vision and historically informed judgment Other essays address such topics as the transformation of the Cabinet from a body whose members possessed stature equal to the president to a largely symbolic group that has been replaced in its advisory capacity by the White House staff The Presidency Then and Now makes a case for returning to constitutional reasoned deliberation and replacing modern fixation on celebrity status with the founders notion of stature By drawing comparisons between the old and the new The Presidency Then and Now offers timely and incisive insights that will appeal not only to scholars of the presidency but to historians and general readers interested in the constitutional foundations philosophical debates and key political developments that have affected the presidential office over time

Predicting the Next President Allan J. Lichtman, 2011-12-16 Think that Richard Nixon lost the 1960 presidential election because he sweated on TV Or that John Kerry was swiftboated out of the presidency in 2004 Think again In Predicting the Next President political analyst and historian Allan J Lichtman presents thirteen historical factors or keys four political seven performance and two personality that determine the outcome of presidential elections In the chronological successful application of these keys to every election since 1860 Lichtman dispels much of the mystery behind electoral politics and challenges many traditional assumptions An indispensable resource for political junkies who want to get a head start on calling Decision 2012

**Presidential Campaigns** Paul F. Boller, 2004-07-22 Presidential Campaigns devotes a chapter to each of America s elections from George Washington s in 1789 to George W Bush s in 2000 dealing with the candidates the conventions the party platforms the speeches and the reasons for the victories and defeats on election day The book contains campaign highlights too singling out for special attention the gaffes surprises dramatic events and novel ways of vote chasing that turned up in each campaign With a postscript analyzing the major changes in the ways Americans have conducted their campaigns through the years Presidential Campaigns shows that for all their shortcomings America s quadrennial races represent a basic feature of the American system and for better or worse reveal a great deal about the nature of the American people and their culture Jacket

**Michigan Library Bulletin** Michigan State Library, 1927

**Focus On: 100 Most Popular 20Th-century American Politicians** Wikipedia contributors, **Bad Presidents P.** Abbott, 2013-03-20 Bad Presidents seeks to interpret the meaning of presidential badness by investigating the ways in which eleven presidents were bad The author brings a unique and often amusing perspective on the idea of the presidency and begins a new conversation about the definition of presidential success and failure

Lists of Visits of Presidents of the United States to Foreign Countries, 1789-1983 Evan M. Duncan, 1983

Political Rhetoric, Social Media, and American Presidential Campaigns Janet Johnson, 2020-12-10 Political Rhetoric Social Media and American Presidential Campaigns explores how social media influenced presidential campaign rhetoric The author discusses media use in American presidential campaigns as well as social media campaigns for Barack Obama Mitt Romney Hillary Clinton and Donald Trump

This book addresses how presidential candidates adapted their rhetorical performances for newspapers radios television and the Internet Scholars of rhetoric and political communication will find this book particularly useful **The Survey** ,1929

**Alben Barkley** James K. Libbey,2016-04-15 Born to poor tenant farmers in a log cabin in Graves County Kentucky Alben Barkley 1877 1956 rose to achieve a political stature in the US equalled by few of his contemporaries James K Libbey provides a full length biography of this larger than life personality as Barkley transitioned from local politician to congressman then senator senate majority leader vice president and senator once again *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1955 Encyclopedia of the Jazz Age: From the End of World War I to the Great Crash James Ciment,2015-04-08 This illustrated encyclopedia offers in depth coverage of one of the most fascinating and widely studied periods in American history Extending from the end of World War I in 1918 to the great Wall Street crash in 1929 the Jazz age was a time of frenetic energy and unprecedented historical developments ranging from the League of Nations woman suffrage Prohibition the Red Scare the Ku Klux Klan the Lindberg flight and the Scopes trial to the rise of organized crime motion pictures and celebrity culture Encyclopedia of the Jazz Age provides information on the politics economics society and culture of the era in rich detail The entries cover themes personalities institutions ideas events trends and more and special features such as sidebars and photos help bring the era vividly to life The Republican Party of Texas Wayne Thorburn,2021-06-01 On July 4 1867 a group of men assembled in Houston to establish the Republican Party of Texas Combatting entrenched statewide support for the Democratic Party and their own internal divisions Republicans struggled to gain a foothold in the Lone Star State which had sided with the Confederacy and aligned with the Democratic platform In The Republican Party of Texas Wayne Thorburn former executive director of the Texas GOP chronicles over one hundred and fifty years of the defeats and victories of the party that became the dominant political force in Texas in the modern era Thorburn documents the organizational structure of the Texas GOP drawing attention to prominent names such as Harry Wurzbach and George W Bush alongside lesser known community leaders who bolstered local support The 1960s and 1970s proved a watershed era for Texas Republicans as they shored up ideological divides and elected the first Republican governor and more state senators and congressional representatives than ever before From decisions about candidates and shifting allegiances and political stances to race based divisions and strategic cooperation with leaders in the Democratic Party Thorburn unearths the development of the GOP in Texas to understand the unique Texan conservatism that prevails today The Booklist ,1929 **Fit for the Presidency?** Seymour Morris,2017 Every four years Americans embark on the ultimate carnival the Super Bowl of democracy a presidential election campaign filled with endless speeches debates handshakes and passion But what about the candidates themselves In Fit for the Presidency Seymour Morris Jr applies an executive recruiter s approach to fifteen presidential prospects from 1789 to 1980 analyzing their r sum s and references to determine their fitness for the job Were they qualified How real were their actual accomplishments Could they be trusted or

were their campaign promises unrealistic The result is a fresh and original look at a host of contenders from George Washington to William McAdoo from DeWitt Clinton to Ronald Reagan Gone is the fluff of presidential campaigns replaced by broad perspective and new insights on candidates seeking the nation s highest office     Presidents and Civil Liberties from Wilson to Obama Samuel Walker, 2012-04-16 This book is a history of the civil liberties records of American presidents from Woodrow Wilson to Barack Obama It examines the full range of civil liberties issues First Amendment rights of freedom of speech press and assembly due process equal protection including racial justice women s rights and lesbian and gay rights privacy rights including reproductive freedom and national security issues The book argues that presidents have not protected or advanced civil liberties and that several have perpetrated some of worst violations Some Democratic presidents Wilson and Roosevelt moreover have violated civil liberties as badly as some Republican presidents Nixon and Bush This is the first book to examine the full civil liberties records of each president thus placing a president s record on civil rights with his record on national security issues and also to compare the performance on particular issues of all the presidents covered
