Bush* Beatrice Gormley,2000-12-14 Our new president George W Bush once said I never dreamed about becoming president When I was growing up I wanted to be Willie Mays George W was born in 1946 and attended Yale University As a young man he trained as a fighter pilot in the Texas Air National Guard before beginning a career in business He then turned to Texas politics and served as governor there from 1994 to 2000 This is the first biography for young people to be published about the forty third president of the United States George W Bush With up to the minute information and quotes from our new president including details of the final days of the campaign and a description of the events from Election Day to acceptance speech this book is essential reading for every young student of American history George W. Bush Michael Burgan,2004 A biography of the forty third president of United States which discusses his personal life education and political career **George W. Bush George Walker Bush,Bill Adler,2004 You ve read the Bushisms but here is another portrait of the man and the politician **Planet Neptune and the Modern Us Presidents: Franklin Roosevelt to Barack Obama** Suzanne Angioli,2016-04-05 While studying the astrological birth charts of all the US presidents I discovered that those of the thirteen modern US presidents from Franklin Roosevelt to Barack Obama all had the natal Sun the planet most associated with ones basic identity making an aspect certain designated degrees between two planets to their natal Neptune This was surprising since I would have thought that politicians particularly those aspiring to the presidency would have an overwhelming emphasis on the Sun Mars aspect but not on the Sun Neptune aspect What I discovered in my research was that good politicians are not warriors Sun Mars per se who use the techniques of warfare to muscle their way through adversity Rather

they are good actors Sun Neptune who are essentially chameleons Sun Neptune operating in the foggy Neptune realm of subtlety Neptune and seduction using their sensitivity Neptune and charm Neptune to serve their intuitive Neptune sides to try to achieve their goals It became apparent that a good politician is excellent at assuming different roles in order to fit a given political situation and move his agenda forward The Sun in aspect to Neptune is not unusual but there is no aggregate population that has 100 percent of its members with this aspect like the modern presidents I was intrigued with this occurrence and thus set out to research their individual biographies to see just how this aspect played out in their lives After all it seemed to be almost a prerequisite for being elected to the modern Oval Office *Franklin Delano Roosevelt's Life and Times* Peter Appleseed, 2014-05-19 President Franklin Delano Roosevelt and Eleanor Roosevelt niece of Theodore Roosevelt this book is the first part of a trilogy the part covering the early life until 1921 The end of this part is at the turning point of the onset of partial paralysis This was the most major life changing event This book is more about the culture and formation of his mind it is personal more so than political World War I the great war is covered in this book Great Presidents of Nigerian 4Th Republic Jubril Olabode Aka, 2012-03-06 Great Presidents of Nigerian 4th Republic Nigeria has arrived Nigeria is born again with the most credible April 2011 general and presidential elections in 50 years according to International Community President Goodluck Ebele Jonathan VP Namadi Sambo and INEC Chairman Professor Attahiru Jega deserve national and international honours President Jonathan won landslide with 23 million votes across all party lines The Promised Land journey begins in earnest Nigeria is marching forward steadfastly despite bumps and teething gestation problems to encounter With 160 Million inhabitants Nigeria is worlds largest concentration of Blacks President Goodluck Ebele Jonathan s presidency beginning May 29 2011 represents the fulfillment of hope change salvation good luck and blessings after decades of military dictatorships between 1966 and 1999 Structured like USA Presidency bi cameral Legislature and Independent Judiciary Nigeria became beloved to International Community sooner than anticipated With membership in UN OPEC Commonwealth of Nations AU ECOWAS NEPAD Nigeria is seventh worlds largest petroleum supplier and fifth supplier to USA Nigeria is becoming economic super power Vision 2020 with abundance of oil gas bitumen gold etc Nigeria is beautified by Atlantic Ocean Rivers Niger and Benue Lake Chad Tinapa Holiday Resort world class Olumo Rock Igbesa Free Trade Zone Nigeria blessed and protected from natural disasters never witnessed devastating Tsunami Katrina volcano thunderstorm iceberg earthquake and mudslide that wipe out settlements and kill thousands seasonally International Social Scientists 4 year survey rated Nigeria as the worlds happiest country 2006 while USA Britain Japan and Russia were outside the first 10 Also International Financial Agencies confirmed Nigerias 35% return on investment as worlds highest Nigerias incredible hospitality encourages some Americans Europeans and Asians to become naturalized citizens of Nigeria Oil rich country Nigeria often described as African giant peace and power broker Nigeria granted amnesties to secessionists 1970 Niger Delta militants 2009 and settled Bakassi Peninsula dispute with Cameroon 2006 diplomatically War mongering super

Herbert Hoover William E. Leuchtenburg,2009-01-06 The Republican efficiency expert whose economic boosterism met its match in the Great Depression Catapulted into national politics by his heroic campaigns to feed Europe during and after World War I Herbert Hoover an engineer by training exemplified the economic optimism of the 1920s As president however Hoover was sorely tested by America s first crisis of the twentieth century the Great Depression Renowned New Deal historian William E Leuchtenburg demonstrates how Hoover was blinkered by his distrust of government and his belief that volunteerism would solve all social ills As Leuchtenburg shows Hoover s attempts to enlist the aid of private sector leaders did little to mitigate the Depression and he was routed from office by Franklin D Roosevelt in 1932 From his retirement at Stanford University Hoover remained a vocal critic of the New Deal and big government until the end of his long life Leuchtenburg offers a frank thoughtful portrait of this lifelong public servant and shrewdly assesses Hoover s policies and legacy in the face of one of the darkest periods of American history

Bill Clinton Michael Tomasky,2017-01-24 The president of larger than life ambitions

and appetites whose term defined America at the close of the twentieth century Bill Clinton a president of contradictions He was a Rhodes Scholar and a Yale Law School graduate but he was also a fatherless child from rural Arkansas He was one of the most talented politicians of his age but he inspired enmity of such intensity that his opponents would stop at nothing to destroy him He was the first Democrat since Franklin Roosevelt to win two successive presidential elections but he was also the first president since Andrew Johnson to be impeached In this incisive biography of America's forty second president Michael Tomasky examines Clinton's eight years in office a time often described as one of peace and prosperity but in reality a time of social and political upheaval as the culture wars grew ever more intense amid the rise of the Internet and with it online journalism and blogging military actions in Somalia Iraq Bosnia and Kosovo standoffs at Waco and Ruby Ridge domestic terrorism in Oklahoma City and the rise of al Qaeda It was a time when Republicans took control of Congress and a land deal gone bad turned into a constitutional crisis as lurid details of a sitting president's sexual activities became the focus of public debate Tomasky's clear eyed assessment of Clinton's presidency offers a new perspective on what happened what it all meant and what aspects continue to define American politics to this day In many ways we are still living in the Age of Clinton

John Tyler Gary May, 2008-12-09 The first accidental president whose secret maneuverings brought Texas into the Union and set secession in motion When William Henry Harrison died in April 1841 just one month after his inauguration Vice President John Tyler assumed the presidency It was a controversial move by this Southern gentleman who had been placed on the fractious Whig ticket with the hero of Tippecanoe in order to sweep Andrew Jackson's Democrats and their imperial tendencies out of the White House Soon Tyler was beset by the Whigs competing factions He vetoed the charter for a new Bank of the United States which he deemed unconstitutional and was expelled from his own party In foreign policy as well Tyler marched to his own drummer He engaged secret agents to help resolve a border dispute with Britain and negotiated the annexation of Texas without the Senate's approval The resulting sectional divisions roiled the country Gary May a historian known for his dramatic accounts of secret government sheds new light on Tyler's controversial presidency which saw him set aside his dedication to the Constitution to gain his two great ambitions Texas and a place in history

Zachary Taylor John S. D. Eisenhower, 2008-05-27 The rough hewn general who rose to the nation's highest office and whose presidency witnessed the first political skirmishes that would lead to the Civil War Zachary Taylor was a soldier's soldier a man who lived up to his nickname Old Rough and Ready Having risen through the ranks of the U S Army he achieved his greatest success in the Mexican War propelling him to the nation's highest office in the election of 1848 He was the first man to have been elected president without having held a lower political office John S D Eisenhower the son of another soldier president shows how Taylor rose to the presidency where he confronted the most contentious political issue of his age slavery The political storm reached a crescendo in 1849 when California newly populated after the Gold Rush applied for statehood with an anti slavery constitution an event that upset the delicate balance of slave and free states and

pushed both sides to the brink As the acrimonious debate intensified Taylor stood his ground in favor of California s admission despite being a slaveholder himself but in July 1850 he unexpectedly took ill and within a week he was dead His truncated presidency had exposed the fateful rift that would soon tear the country apart *The Spycraft Merchant Volume Two* Arthur C. Morgan,2024-01-09 Volume Two starts off when the author is a young adult working as a taxi driver in Washington D C in the mid 1970 s and he gets involved with transporting ladies of the evening to their appointments and eventually comes to the attention of the vice lords who own the majority of massage parlors and strip clubs in the area He is recruited to work for them and eventually becomes an active member of the organization and manages security and operates his own massage parlor He eventually becomes a target of law enforcement due to his lifestyle and nature of his activities The vice career ends after he kills another manager pimp in a gunfight and is sentenced to thirty years for second degree murder In prison he works the system and receives a sentence reduction and returns to society after serving six years He uses his skill sets to become a security consultant and start his own company and this is the beginning of his twenty eight year career as an international security contractor private investigator and spycraft merchant He takes you along sharing his travels and adventures on a journey that few have ever traveled **Jimmy Carter** Julian E. Zelizer,2010-09-14 The maverick politician from Georgia who rode the post Watergate wave into office but whose term was consumed by economic and international crises A peanut farmer from Georgia Jimmy Carter rose to national power through mastering the strategy of the maverick politician As the face of the New South Carter s strongest support emanated from his ability to communicate directly to voters who were disaffected by corruption in politics But running as an outsider was easier than governing as one as Princeton historian Julian E Zelizer shows in this examination of Carter s presidency Once in power Carter faced challenges sustaining a strong political coalition as he focused on policies that often antagonized key Democrats whose support he desperately needed By 1980 Carter stood alone in the Oval Office as he confronted a battered economy soaring oil prices American hostages in Iran and the Soviet invasion of Afghanistan Carter s unpopularity enabled Ronald Reagan to achieve a landslide victory ushering in a conservative revolution But during Carter s post presidential career he has emerged as an important voice for international diplomacy and negotiation remaking his image as a statesman for our time *Dwight D. Eisenhower* Tom Wicker,2014-05-20 An American icon and hero faces a nation and a world in transition A bona fide American hero at the close of World War II General Dwight D Eisenhower rode an enormous wave of popularity into the Oval Office seven years later Though we may view the Eisenhower years through a hazy lens of 1950s nostalgia historians consider his presidency one of the least successful At home there was civil rights unrest McCarthyism and a deteriorating economy internationally the Cold War was deepening But despite his tendency toward brinksmanship Ike would later be revered for keeping the peace Still his actions and policies at the onset of his career covered by Tom Wicker would haunt Americans of future generations *William McKinley* Kevin Phillips,2014-03-18 A bestselling historian and political

commentator reconsiders McKinley's overshadowed legacy By any serious measurement bestselling historian Kevin Phillips argues William McKinley was a major American president It was during his administration that the United States made its diplomatic and military debut as a world power McKinley was one of eight presidents who either in the White House or on the battlefield stood as principals in successful wars and he was among the six or seven to take office in what became recognized as a major realignment of the U S party system Phillips author of *Wealth and Democracy* and *The Cousins War* has long been fascinated with McKinley in the context of how the GOP began each of its cycles of power He argues that McKinley's lackluster ratings have been sustained not by unjust biographers but by years of criticism about his personality indirect methodologies middle class demeanor and tactical inability to inspire the American public In this powerful and persuasive biography Phillips musters convincing evidence that McKinley's desire to heal, renew prosperity and reunite the country qualify him for promotion into the ranks of the best chief executives

James Monroe Gary Hart, 2005-10-05 The former senator and presidential candidate offers a provocative new assessment of the first national security president James Monroe is remembered today primarily for two things for being the last of the Virginia Dynasty following George Washington Thomas Jefferson and James Madison and for issuing the Monroe Doctrine his statement of principles in 1823 that the western hemisphere was to be considered closed to European intervention But Gary Hart sees Monroe as a president ahead of his time whose priorities and accomplishments in establishing America's national security have a great deal in common with chief executives of our own time Unlike his predecessors Jefferson and Madison Monroe was at his core a military man He joined the Continental Army at the age of seventeen and served with distinction in many pivotal battles He is prominently featured at Washington's side in the iconic painting *Washington Crossing the Delaware* And throughout his career as a senator governor ambassador secretary of state secretary of war and president he never lost sight of the fact that without secure borders and friendly relations with neighbors the American people could never be truly safe in their independence As president he embarked on an ambitious series of treaties annexations and military confrontations that would secure America's homeland against foreign attack for nearly two hundred years Hart details the accomplishments and priorities of this forward looking president whose security concerns clearly echo those we face in our time A well written useful pr cis of Monroe's life and career Kirkus Reviews
