## **President And The Executive Branch:**

Guide to the Presidency and the Executive Branch Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

*The President and the Executive Branch* Mark Thorburn, 2013-01-01 Readers learn about how the President is elected what the Presidential duties are and who runs the nation if the President gets sick **The Executive Branch of the Federal Government** Britannica Educational Publishing, 2009-10-01 The founders of the Constitution created the office of the President to be the Chief Executive of the United States as well as an important figure the nation could turn to This book covers the role and duties of the executive in the office of President describing how those duties have changed and evolved throughout the history of the United States There is also plenty of helpful information detailing the complicated election process from the caucus to the Electoral College helping to educate a new generation of voters about their impact on electing

the next executive officer      **The President, Vice President, and Cabinet** Elaine Landau,2012-01-01 What is the executive branch It s the part of government that s led by our president But who else is part of the executive branch And just what does this branch do Read this book to find out      **What Is the Executive Branch?** Jason Porterfield,2015-07-15 In this book readers will learn about the Constitution checks and balances and how the executive branch of government is organized The president and vice president s powers are studied as well as those of the cabinet and staff who offer help to the executive office      **Energy in the Executive** Terry Eastland,1994      The Executive Branch of Federal Government Brian R. Dirck,2007-07-27 This volume gives students professors and the general public a single comprehensive source on the key themes in the historical development of the presidency from America s founding era through the presidency of George W Bush How has the role of the president changed since George Washington How does the president interact with Congress The courts The states Other nations These are just a few of the overarching questions addressed in this volume in ABC CLIO s About Federal Government set devoted to the president and the executive branch he manages The Executive Branch of the Federal Government provides a brief history of the presidency then looks at the constitutional powers of the office the day to day functions of the federal bureaucracy general elections and presidential relationships with Congress and the courts But perhaps most compelling are the insights into the officeholders themselves the individuals who have served as president each fashioning a term reflective of his own personality      **The Executive Branch** Bonnie Hinman,2012 The U S Constitution says very little about the duties and powers of the head of the nation s executive branch The Constitution s authors were much more certain about what they didn t want in a president than what they did want When George Washington took the oath of office to become the first president of the United States he governed the country with authority and a sense of what a president should be Since then U S presidents have used his example and Article II of the Constitution as a guide for running the country Those who have challenged the Constitution defied it or ignored it have been defeated by it The Constitution with its system of checks and balances remains the heart of the U S government      Calling the Shots Daniel Paul Gitterman,2017 Modern presidents are CEOs with broad powers over the federal government The United States Constitution lays out three hypothetically equal branches of government the executive the legislative and the judicial but over the years the president as head of the executive branch has emerged as the usually dominant political and administrative force at the federal level In fact Daniel Gitterman tells us the president is effectively the CEO of an enormous federal bureaucracy Using the unique legal authority delegated by thousands of laws the ability to issue executive orders and the capacity to shape how federal agencies write and enforce rules the president calls the shots as to how the government is run on a daily basis Modern presidents have for example used the power of the purchaser to require federal contractors to pay a minimum wage and to prohibit contracting with companies and contractors that knowingly employ unauthorized alien workers Presidents and their staffs use specific tools including executive orders and memoranda to agency heads as

instruments of control and influence over the government and the private sector For more than a century they have used these tools without violating the separation of powers Calling the Shots demonstrates how each of these executive powers is a powerful weapon of coercion and redistribution in the president's political and policymaking arsenal **Institutions of American Democracy** Joel D. Aberbach, Mark A. Peterson, 2005-10-27 Presents a collection of essays that provide an examination of the Executive branch in American government explaining how the Constitution created the executive branch and discusses how the executive interacts with the other two branches of government at the federal and state level

Organizing the Presidency Stephen Hess, James P. Pfiffner, 2002-09-19 When Franklin D Roosevelt was inaugurated in March 1933 the White House staff numbered fewer than fifty people In the ensuing years as the United States became a world power and both the foreign and domestic duties of the president grew more complex the White House staff has increased twentyfold This book asks how best to manage a presidency that itself has become a bureaucracy In the third edition of Organizing the Presidency Stephen Hess with the assistance of James P Pfiffner surveys presidential organizations from Roosevelt's to George W Bush's examining the changing responsibilities of the executive branch jobs and their relationships with one another Capitol Hill and the permanent government He also describes the kinds of people who have filled these positions and the intentions of the presidents who appointed them **The President and the Executive**

**Branch** Bryon Giddens-White, 2005-09-05 Presents an exciting look into the executive branch of the United States government *The Particularistic President* Douglas L. Kriner, Andrew Reeves, 2015-06-12 As the holders of the only office elected by the entire nation presidents have long claimed to be sole stewards of the interests of all Americans Scholars have largely agreed positing the president as an important counterbalance to the parochial impulses of members of Congress This supposed fact is often invoked in arguments for concentrating greater power in the executive branch Douglas L Kriner and Andrew Reeves challenge this notion and through an examination of a diverse range of policies from disaster declarations to base closings to the allocation of federal spending show that presidents like members of Congress are particularistic Presidents routinely pursue policies that allocate federal resources in a way that disproportionately benefits their more narrow partisan and electoral constituencies Though presidents publicly don the mantle of a national representative in reality they are particularistic politicians who prioritize the needs of certain constituents over others The President and the

Executive Branch Tracie Egan, 2004 Introduces the executive branch of government and how the offices of the president and the vice president function **The Law of the Executive Branch** Louis Fisher, 2014 The Law of the Executive Branch Presidential Power places the law of the executive branch firmly in the context of constitutional language framers intent and more than two centuries of practice Each provision of the US Constitution is analyzed to reveal its contemporary meaning and in concert with the application of presidential power *The Politics of the Presidency, Revised 8th Edition* Joseph A. Pika, John Anthony Maltese, 2013-07-15 Never losing sight of the historical foundations of the office of President of the United

States the authors maintain a delicate balance as they examine the presidency through a modern lens *The President's Work* Elaine Landau, 2003-07-01 Everyone knows that the president of the United States is the leader of the country and has a very powerful job But what does the president really do day in and day out Sit behind a desk and sign laws Travel to faraway lands to promote peace You ll need to read this book to find out Inside you ll discover what the president s job is like how the president does this job and how it affects every American s life including yours Book jacket How the Executive Branch Works Rebecca E. Hirsch, 2015 Have you ever wondered how the president became president How a law is created Or what the different political parties are and how they influence US politics From spies to the Supreme Court How the US Government Works gives the inside scoop on how the different parts of US government function Core Library is the must have line of nonfiction books for supporting the Common Core State Standards for grades 3-6 Core Library features A wide variety of high Interest topics Well researched clearly written informational text Primary sources with accompanying questions Multiple prompt and activities for writing reading and critical thinking Charts graphs diagrams timelines and maps Book jacket **The President and the Presidency** Louis Brownlow, 1953 **With the Stroke of a Pen** Kenneth R. Mayer, 2002-09 Throughout the nation s history executive orders have allowed presidents to make momentous unilateral policy choices creating and abolishing executive branch agencies reorganizing administrative and regulatory processes handling emergencies and determining how legislation is implemented From the Louisiana Purchase to the Emancipation Proclamation from Franklin Roosevelt s establishment of the Executive Office of the President to Bill Clinton s authorization of loan guarantees for Mexico from Harry Truman s integration of the armed forces to Ronald Reagan s seizures of regulatory control American presidents have used executive orders or their equivalents to legislate in ways that extend far beyond administrative activity By analyzing the pattern of presidents use of executive orders and the relationship of those orders to the presidency as an institution Mayer describes an office much more powerful and active than the one depicted in the bulk of the political science literature publisher

Thank you completely much for downloading **President And The Executive Branch**. Most likely you have knowledge that, people have seen numerous periods for their favorite books in imitation of this President And The Executive Branch, but stop up in harmful downloads.
