

President Nixon A Political Portrait

Melvin Small

President Nixon A Political Portrait:

President Nixon. A Political Portrait Earl MAZO (and HESS (Stephen)),1968 *President Nixon* Earl Mazo,Stephen Hess,1968 **Richard Nixon** Earl Mazo,1959 A biography of Richard Nixon when he was a young aspiring politician A Companion to Richard M. Nixon Melvin Small,2013-05-03 This companion offers an overview of Richard M Nixon s life presidency and legacy as well as a detailed look at the evolution and current state of Nixon scholarship Examines the central arguments and scholarly debates that surround his term in office Explores Nixon s legacy and the historical significance of his years as president Covers the full range of topics from his campaigns for Congress to his career as Vice President to his presidency and Watergate Makes extensive use of the recent paper and electronic releases from the Nixon Presidential Materials Project **The Political Portrait** Luciano Cheles,Alessandro Giaccone,2020-06-10 The leader s portrait produced in a variety of media statues coins billboards posters stamps is a key instrument of propaganda in totalitarian regimes but increasingly also dominates political communication in democratic countries as a result of the personalization and spectacularization of campaigning Written by an international group of contributors this volume focuses on the last one hundred years covering a wide range of countries around the globe and dealing with dictatorial regimes and democratic systems alike As well as discussing the effigies that are produced by the powers that be for propaganda purposes it looks at the uses of portraiture by antagonistic groups or movements as forms of resistance derision denunciation and demonization This volume will be of interest to researchers in visual studies art history media studies cultural studies politics and contemporary history Richard Nixon John A. Farrell,2018-02-06 From a prize winning biographer comes the defining portrait of a man who led America in a time of turmoil and left us a darker age We live today John A Farrell shows in a world Richard Nixon made At the end of WWII navy lieutenant Nick Nixon returned from the Pacific and set his cap at Congress an idealistic dreamer seeking to build a better world Yet amid the turns of that now legendary 1946 campaign Nixon s finer attributes gave way to unapologetic ruthlessness The story of that transformation is the stunning overture to John A Farrell s magisterial biography of the president who came to embody postwar American resentment and division Within four years of his first victory Nixon was a U S senator in six the vice president of the United States of America Few came so far so fast and so alone Farrell writes Nixon s sins as a candidate were legion and in one unlawful secret plot as Farrell reveals here Nixon acted to prolong the Vietnam War for his own political purposes Finally elected president in 1969 Nixon packed his staff with bright young men who devised forward thinking reforms addressing health care welfare civil rights and protection of the environment It was a fine legacy but Nixon cared little for it He aspired to make his mark on the world stage instead and his 1972 opening to China was the first great crack in the Cold War Nixon had another legacy too an America divided and polarized He was elected to end the war in Vietnam but his bombing of Cambodia and Laos enraged the antiwar movement It was Nixon who launched the McCarthy era who played white against black with a southern strategy and spurred the Silent

Majority to despise and distrust the country's elites. Ever insecure and increasingly paranoid, he persuaded Americans to gnaw as he did on grievances and to look at one another as enemies. Finally, in August 1974, after two years of the mesmerizing intrigue and scandal of Watergate, Nixon became the only president to resign in disgrace. Richard Nixon is a gripping and unsparing portrayal of our darkest president. Meticulously researched, brilliantly crafted, and offering fresh revelations, it will be hailed as a master work. *The Presidency of Richard Nixon* Melvin Small, 1999. A lively anecdotal account features every facet of Nixon's controversial administration just in time for the 25th anniversary of his history-making resignation from the presidency. 23 photos. **Richard M. Nixon** Conrad Black, 2008-10-23. From the late 1940s to the mid 1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and cutthroat tactics. Conrad Black, whose epic biography of FDR was widely acclaimed as a masterpiece, now separates the good in Nixon, his foreign initiatives, some of his domestic policies, and his firm political hand from the sinister in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and Nixon's misplaced loyalty to unworthy subordinates, and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails, though hardly comparable, have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement. *Richard Nixon* Paul Carter, 2023. 2023 Foreword INDIES Gold Winner in Biography 2024 Eric Hoffer First Horizon Award Winner 2024 Eric Hoffer Reference Book Award Winner 2024 Eric Hoffer Grand Prize Short List 2024 Best Book Award Winner in Biography sponsored by American Book Fest. Modern biographies of Richard Nixon have been consumed with Watergate. All have missed arguably the most important perspective on Nixon as California's native son, the only U.S. president born and raised in California. In addition, Nixon was also a son, brother, friend, husband, father, uncle, and grandfather. By shifting the focus from Watergate and Washington to Nixon's deep defining roots in California, Paul Carter boldly challenges common conceptions of the thirty-seventh president of the United States. More biographies have been written on Nixon than any other U.S. politician. Yet the territory traversed by Carter is unexplored, revealing for the first time the people, places, and experiences that shaped Richard Nixon and the qualities that garnered him respect from those who knew him well. Born in Yorba Linda and raised in Whittier, California, Nixon succeeded early in life, excelling in academics while enjoying athletics through high school. At Whittier College, he graduated at the top of his class and was voted Best Man on Campus. During his career at Whittier's oldest law firm, he was respected professionally and became a chief trial attorney. As a military man in the South Pacific during World War II, he was admired by his fellow servicemen. Returning to his Quaker roots after the war, he was elected to the U.S. House of Representatives, the Senate, and the vice presidency, all within six short years. After losing to John Kennedy in the 1960 presidential campaign, Nixon returned to Southern California to practice law. After losing his gubernatorial race, he reinvented himself; he moved to New York and

was elected president of the United States in 1968 He returned to Southern California after Watergate and his resignation to heal before once again taking a place on the world stage Richard Nixon California s Native Son is the story of Nixon s Southern California journey from his birth in Yorba Linda to his final resting place just a few yards from the home in which he was born [Nixon Volume I](#) Stephen E. Ambrose,2014-03-18 From acclaimed biographer Stephen E Ambrose comes the life of one of the most elusive and intriguing American political figures Richard M Nixon From his difficult boyhood and earnest youth to his ruthless political campaigns for Congress and Senate to his defeats in 60 and 62 Richard Nixon emerges life size in all his complexity New York Times bestselling author Stephen Ambrose charts the peaks and valleys of Nixon s first fifty years his critical support as a freshman congressman of the Truman Doctrine and the Marshall Plan his involvement in the House Committee on Un American Activities his aggressive pursuit of Alger Hiss his ambivalent relationship with Eisenhower and more It is the consummate biography and a stunning political odyssey **Nixon** Stephen E. Ambrose,1987 Volume one of Nixon s biography [Nixon Presidency](#) Kenneth W. Thompson,1987-06-04 This Nixon portrait provides a comprehensive view of the Nixon presidency based on extensive oral histories with some twenty two intimates of the former President Co published with the Miller Center of Public Affairs **Nixon's Business** Nigel Bowles,2005 Using Richard E Neustadt s analytical framework of presidential power Bowles develops five case studies around Nixon s economic policies These analyses help readers understand the sources of Nixon s authority and power and his use of both and demonstrate the implications of authority and power for understanding the institution of the presidency **The Real Making of the President** W. J. Rorabaugh,2009-03-05 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory whether as an underdog s heroic triumph or a liberal crusader s overcoming special interests Now W J Rorabaugh cuts through the mythology of this famous election to explain the nuts and bolts operations of the campaign and offer a corrective to Theodore White s flawed classic The Making of the President War hero champion of labor and Pulitzer Prize winning author JFK was long on charisma Despite a less than liberal record he assumed the image of liberal hero thanks to White and other journalists who were shamelessly manipulated by the Kennedy campaign Rorabaugh instead paints JFK as the ideological twin of Nixon and his equal as a bare knuckled politician showing that Kennedy s hard won razor thin victory was attributable less to charisma than to an enormous amount of money an effective campaign organization and television image making The 1960 election Rorabaugh argues reflects the transition from the dominance of old style boss and convention politics to the growing significance of primaries race and especially TV without which Kennedy would have been neither nominated nor elected He recounts how JFK cultivated delegates to the 1960 Democratic convention quietly wooed the still important party bosses and used a large personal organization polls and TV advertising to win primaries JFK s master stroke however was choosing as a running mate Lyndon Johnson whose campaigning in the South carried enough southern states to win the election On the other side Rorabaugh draws on Nixon s often ignored files to take a close look at

his dysfunctional campaign which reflected the oddities of a dark and brooding candidate trapped into defending the Eisenhower administration Yet the widely detested Nixon won almost as many votes as the charismatic Kennedy even though Democrats outnumbered Republicans by three to two This leads Rorabaugh to reexamine the darker side of the election the Republicans charges of vote fraud in Illinois and Texas the use of money to prod or intimidate manipulation of the media and the bulldozing of opponents White and others helped shape persisting impressions of both candidates influencing the way Nixon conducted subsequent campaigns and the Democrats nurtured the Kennedy legacy The Real Making of the President gives us a more sobering look at all of that fundamentally reshaping our understanding of one of the nation's most memorable elections

One Lost Soul Daniel Silliman, 2024-08-08 Impious and amoral petty and vindictive Richard Nixon is not the typical protagonist of a religious biography But spiritual drama is at the heart of this former president's tragic story The night before his resignation Richard Nixon wept and prayed Though his demanding parents had raised him Quaker he wasn't a regular churchgoer nor was he quick to express vulnerability As Henry Kissinger witnessed Nixon's loneliness and humiliation that night he remarked Can you imagine what this man would have been had somebody loved him In this provocative and riveting biography Daniel Silliman cuts to the heart of Nixon's tragedy Nixon wanted to be loved by God but couldn't figure out how This profound theological struggle underlay his successes and scandals his turbulent political career his history changing victories and his ultimate disgrace As Silliman narrates the arc of his subject's life and career he connects Nixon's character to religious influences in twentieth century America from Cold War Christianity to Chick tracts Silliman paints a nuanced spiritual portrait of the thirty seventh president just as he offers fresh insight into US political and religious history Readers who lived through Watergate will discover a new perspective on an infamous controversy A historical page turner One Lost Soul will surprise and absorb students scholars and anyone who likes a good story

Nixoncarver Mark Maxwell, 2014-08-05 Richard Nixon and Raymond Carver are walking on a California beach when they meet in this imaginative novel that creates a fictional friendship between the ex president and the short story writer In subtle ways their lives intertwine to explore what it means to achieve overcome and suffer In his startling sparkling debut Nixoncarver Mark Maxwell has conjured a portrait of two troubled brilliant men and the gradual processes of their emotional recovery

The California Republic Brian P. Janiskee, Ken Masugi, 2004 Even before its budget crisis and recall election California held a unique position in the United States Often lauded as having the fifth largest economy in the world California leads the nation in other measures as well particularly cultural and political trends But were it an independent state it would have one of the world's most unusual democracies In *The California Republic* Brian P. Janiskee and Ken Masugi bring together a diverse group of contributors to shed light on the Progressive nature of California government In addition to thorough treatment of perennial issues like affirmative action gun control and education the work goes outside the conventional understanding of political issues to examine such topics as the Hollywood western the electronic media and

California's revolutionary founding Accordingly the contributors include not only political scientists and historians but journalists and political activists as well The result is a clear exploration of the evolution of Progressive government in California and its contemporary policy consequences **The Keys to Power** Shirley Anne Warshaw,2015-09-25 An accessible and comprehensive main text for courses on the presidency this text argues that to be a successful presidential leader one must effectively manage the enormous institutional and personal resources or the keys to power Using the keys to power theme Warshaw argues that the presidency is far more powerful today than in past generations The book offers the most coverage in the market on the structures that provide the president with such power As a result there are discrete chapters dedicated to the vice president the president's cabinet the White House staff and the executive office of the President Standard topics such as the president and the economy are still covered but are integrated throughout the chapters *The Biography Book* Daniel S. Burt,2001-02-28 From Marilyn to Mussolini people captivate people A E's Biography best selling autobiographies and biographical novels testify to the popularity of the genre But where does one begin Collected here are descriptions and evaluations of over 10 000 biographical works including books of fact and fiction biographies for young readers and documentaries and movies all based on the lives of over 500 historical figures from scientists and writers to political and military leaders to artists and musicians Each entry includes a brief profile autobiographical and primary sources and recommended works Short reviews describe the pertinent biographical works and offer insight into the qualities and special features of each title helping readers to find the best biographical material available on hundreds of fascinating individuals Richard Nixon Fawn McKay Brodie,1983 Portrays Nixon as a complex multi character man with grandiose fantasies who used lies and denials to gain approval and to catapult himself to power only to engineer his own destruction

This is likewise one of the factors by obtaining the soft documents of this **President Nixon A Political Portrait** by online. You might not require more period to spend to go to the ebook initiation as with ease as search for them. In some cases, you likewise accomplish not discover the declaration President Nixon A Political Portrait that you are looking for. It will unconditionally squander the time.

However below, with you visit this web page, it will be appropriately entirely simple to get as well as download lead President Nixon A Political Portrait
