**United States. Emergency Board No.  
157**

## **Presidential Emergency:**

*Presidential Emergency Energy Authorities* United States. Congress. House. Committee on Interstate and Foreign Commerce, 1973 *Presidential Emergency Program, Hearings Before the Subcommittee on Energy and Power of ...*, 94-1, Feb. 17, 18, 20, and 21, 1975 United States. Congress. House. Committee on Interstate and Foreign Commerce, 1975

*Transcript of Proceedings of Emergency Board No. 110 (appointed by the President of the United States)* United States. Emergency Board No. 110, 1955 *Emergency Presidential Power* Chris Edelson, 2013-12-19 Can a U S president decide to hold suspected terrorists indefinitely without charges or secretly monitor telephone conversations and e mails without a warrant in the interest of national security Was the George W Bush administration justified in authorizing waterboarding Was President Obama justified in ordering the killing without trial or hearing of a U S citizen suspected of terrorist activity Defining the scope and limits of emergency presidential power might seem easy just turn to Article II of the Constitution But as Chris Edelson shows the reality is complicated In times of crisis presidents have frequently staked out claims to broad national security power Ultimately it is up to the Congress the courts and the people to decide whether presidents are acting appropriately or have gone too far Drawing on excerpts from the U S Constitution Supreme Court opinions Department of Justice memos and other primary documents Edelson weighs the various arguments that presidents have used to justify the expansive use of executive power in times of crisis Emergency Presidential Power uses the historical record to evaluate and analyze presidential actions before and after the terrorist attacks of September 11 2001 The choices of the twenty first century Edelson concludes have pushed the boundaries of emergency presidential power in ways that may provide dangerous precedents for current and future commanders in chief Winner Crader Family Book Prize in American Values Department of History and Crader Family Endowment for American Values Southeast Missouri State University **Presidential Powers** Harold J Krent, 2005-02-01 Framed in Article II of the Constitution presidential powers are dictated today by judicial as well as historical precedent To understand the ways the president wields power as well as how this power is kept in check by other branches of government Harold J Krent presents three overlapping determinants of the president s role under the Constitution the need for presidential initiative in administering the law and providing foreign policy leadership the importance of maintaining congressional control over policymaking and the imperative to ensure that the president be accountable to the public Krent s examination is sweeping ranging from the president s ability to appoint and remove executive branch officials to the president s role in proposing and implementing treaties and the power to conduct war to the extent the president can refuse to turn over information in response to congressional and judicial requests Finally Krent addresses the history and purposes of presidential pardons By drawing on historic and contemporary presidential actions to illustrate his points Krent reminds us that the president is both an exalted leader with the regalia of power and an American who is and should be accountable to fellow citizens important considerations as we elect and assess our presidents

(NMB Case No. A-6627, Sub No. 1). Washington, D.C., December 23, 1963. (Emergency Board No. 157)* United States. Emergency Board (Florida East Coast Railway Company, 1963),1963      *Presidential Leadership* George C. Edwards III,Kenneth R. Mayer,Stephen J. Wayne,2024-01-24 This classic text on the American presidency analyzes the institution and the presidents who hold the office through the key lens of leadership Edwards Mayer and Wayne explain the leadership dilemma presidents face and their institutional political and personal capacities to meet it Two models of presidential leadership help us understand the institution one in which a strong president dominates the political environment as a director of change and another in which the president performs a more limited role as facilitator of change Each model provides an insightful perspectives to better understand leadership in the modern presidency and to evaluate the performance of individual presidents With no simple formula for presidential success and no partisan perspective driving the analysis the authors help us understand that presidents and citizens alike must understand the nature of presidential leadership in a pluralistic system in which separate institutions share powers This fully
