

PRESIDENTIAL SELECTION: THEORY AND DEVELOPMENT

JAMES W. CEASER

Presidential Selection Theory And Development

Léo Pomar

A decorative graphic element consisting of a light blue horizontal bar with a rounded right end, and a red circular shape partially visible behind it.

Presidential Selection Theory And Development:

Presidential Selection James W. Ceaser, 1979-06-21 Examining the development of the process of presidential selection from the founding of the republic to the present day James Ceaser contends that many of the major purposes of the selection system as it was formerly understood have been ignored by current reformers and modern scholars In an attempt to reverse this trend Professor Ceaser discusses the theories of selection offered by leading American statesmen from the Founders and Thomas Jefferson to Martin Van Buren and Woodrow Wilson From these theories he identifies a set of criteria for a sound selection system that he then uses to analyze and evaluate the recent changes in the selection process Five normative functions of a presidential selection system comprise the author's criteria it should minimize the harmful effects of ambitious contenders for the office promote responsible executive leadership and power help secure an able president ensure a legitimate accession and provide for an appropriate amount of choice and change Professor Ceaser finds that the present system is characterized by weak parties and candidate centered campaigns that lead to the problems of image politics and demagogic leadership appeals He therefore argues for a more republican selection system in which political parties would be strengthened to serve as a restraining force on popular authority public opinion and individual aspirations for executive power

The Presidential Republic Gary L. Gregg, 1997 For two centuries American presidents have considered themselves to be representatives of the American people In this detailed study of presidential representation Gary Gregg explores the theory history and consequences of presidents acting as representatives in the American political system Gregg explores questions such as what it means to be a representative how the Founding Fathers understood the place of the presidency in the Republic established by the Constitution and the effects a representational presidency has on deliberative democracy This important examination of the presidency's place in our political system is essential reading for those interested in American political theory constitutional studies and American history

Presidential Elections and Majority Rule Edward B. Foley, 2020 In his latest book Presidential Elections and Majority Rule Edward Foley asks how the American electoral system can better represent the people What kind of winner truly reflects the nation's votes the plurality winners of winner takes all elections as currently used or the majority preferred winners of a reformed system How do third party candidates affect American presidential elections What if anything would change in a two candidate run off And how can electoral reform be implemented without sowing chaos Ultimately Foley outlines a solution in which the Electoral College can be restored to its original majoritarian ideals through state law rather than Constitutional amendment

The Cult of the Presidency Gene Healy, 2024-09-10 The modern presidency has become the central fault line of polarization in America because the president increasingly has the power to reshape vast swaths of American life In The Cult of the Presidency Gene Healy argues that We the People are to blame Americans on each side of the red blue divide demand a president who can create jobs teach our children well tend to the national soul and vanquish their culture war enemies Our

political culture has invested the office with preposterously vast responsibilities and as a result the officeholder wields powers that no human being ought to have In a new preface to the 2024 edition Healy argues that the rise of partisan hatred lends new urgency to the cause of re limiting executive power In the years since Cult was first published politics has gone feral with polls showing that substantial majorities of Democrats and Republicans view members of the other party as a serious threat to the United States and its people At the same time the most powerful office in the world has grown even more so That s raised the stakes of our political differences dramatically the issues that divide us most are now increasingly settled by whichever party manages to seize the office In our partisan myopia we ve laid down the infrastructure for autocratic rule and sectarian warfare making the presidency powerful enough to tear the country apart Interweaving historical scholarship legal analysis and trenchant cultural commentary The Cult of the Presidency traces America s decades long drift from the Framers vision for the presidency a constitutionally constrained chief magistrate charged with faithful execution of the laws Restoring that vision will require a Congress and a Court willing to check executive power but Healy emphasizes that there is no simple legislative or judicial fix Unless Americans change what we ask of the office no longer demanding what we should not want and cannot have we ll get what in a sense we deserve

The Idea of Presidential Representation Jeremy D. Bailey, 2019-07-23 Does the president represent the entire nation Or does he speak for core partisans and narrow constituencies The Federalist Papers the electoral college history and circumstance from the founders time to our own all factor in theories of presidential representation again and again lending themselves to different interpretations This back and forth Jeremy D Bailey contends is a critical feature not a flaw in American politics Arriving at a moment of great debate over the nature and exercise of executive power Bailey s history offers an invaluable remarkably relevant analysis of the intellectual underpinnings political usefulness and practical merits of contending ideas of presidential representation over time Among scholars a common reading of political history holds that the founders aware of the dangers of demagoguery created a singularly powerful presidency that would serve as a check on the people s representatives in Congress then this theory goes the Progressives impatient with such a counter majoritarian approach reformed the presidency to better reflect the people s will and they reasoned advance the public good The Idea of Presidential Representation challenges this consensus offering a more nuanced view of the shifting relationship between the president and the American people Implicit in this pattern Bailey tells us is another equivocal relationship that between law and public opinion as the basis for executive power in republican constitutionalism Tracing these contending ideas from the framers time to our own his book provides both a history and a much needed context for our understanding of presidential representation in light of the modern presidency In The Idea of Presidential Representation Bailey gives us a new and useful sense of an enduring and necessary feature of our politics

Presidential Campaigns, Slogans, Issues, and Platforms Robert North Roberts, Scott John Hammond, Valerie A. Sulfaro, 2012-06-12 The book provides a comprehensive discussion of

the major issues and events surrounding all American presidential elections from the earliest years of the Republic through the campaign of 2008

Presidential Campaigns Slogans Issues and Platforms The Complete Encyclopedia is an easy to use reference work designed to encourage students and anyone interested in democratic politics to undertake a greater understanding of this complex aspect of American political life The three volume work covers each presidential campaign in depth examining a large number of related issues ranging from the use of social media in modern presidential campaigns to negative campaign ads and key slogans used in every presidential campaign Volume One contains entries offering specific and focused information on issues trends factors slogans strategies and other more detailed elements of presidential campaigning from the first stirrings of the American democratic process to the first decade of the 21st century Volumes Two and Three provide chronological accounts of every presidential campaign since the ratification of the Constitution through the campaign of 2008 with Volume Two covering the campaign of 1788 89 to the campaign of 1908 and Volume Three covering the campaign of 1912 to the campaign of 2008

Presidential Travel Richard J. Ellis, 2008 The first full length examination of presidential travel and its role in transforming the image and identity of the presidency from first citizen to political celebrity Colorful anecdotes and acute analysis combine to provide a fresh look at the importance of travel in shaping the imperial presidency

The Presidency and the Political System Michael Nelson, 2018-03-08 Written by top notch presidency scholars and carefully edited into a text reader format The Presidency and the Political System Eleventh Edition showcases a collection of original essays focused on a range of topics institutions and issues relevant to understanding the American presidency Author Michael Nelson rigorously edits each contribution to present students with a set of analytical yet accessible chapters and contextual headnotes introducing each essay You will read about different approaches to studying the presidency the elements of presidential power presidential selection presidents and politics and presidents and government New to the Eleventh Edition A new chapter focused on the Trump administration Chapter 10 discusses major shifts represented by the new administration especially in regards to the president's relationship with the media New coverage of Obama's second term enables you to compare and contrast Obama's two presidential terms as well as better understand how the similarities and differences of Obama's approach compared to his predecessors Revised time tested essays reflect current scholarship that explores the themes of modern presidential power and effectiveness

The Oxford Handbook of the American Presidency George C. Edwards, William G. Howell, 2011-08-04 With engaging new contributions from major figures in the field The Oxford Handbook of the American Presidency provides the key point of reference for anyone working in American politics today

The Hardest Job in the World John Dickerson, 2020-06-16 NEW YORK TIMES BESTSELLER From the veteran political journalist and 60 Minutes correspondent a deep dive into the history evolution and current state of the American presidency and how we can make the job less impossible and more productive featuring a new post 2020 election epilogue This is a great gift to our sense of the actual presidency a primer on leadership

Ken Burns Imagine you have just been elected president You are now commander in chief chief executive chief diplomat chief legislator chief of party chief voice of the people first responder chief priest and world leader You re expected to fulfill your campaign promises but you re also expected to solve the urgent crises of the day What s on your to do list Where would you even start What shocks aren t you thinking about The American presidency is in trouble It has become overburdened misunderstood almost impossible to do The problems in the job unfolded before Donald Trump was elected and the challenges of governing today will confront his successors writes John Dickerson After all the founders never intended for our system of checks and balances to have one superior Chief Magistrate with Congress demoted to the little brother who can t keep up In this eye opening book John Dickerson writes about presidents in history such a Washington Lincoln FDR and Eisenhower and and in contemporary times from LBJ and Reagan and Bush Obama and Trump to show how a complex job has been done and why we need to reevaluate how we view the presidency how we choose our presidents and what we expect from them once they are in office Think of the presidential campaign as a job interview Are we asking the right questions Are we looking for good campaigners or good presidents Once a candidate gets the job what can they do to thrive Drawing on research and interviews with current and former White House staffers Dickerson defines what the job of president actually entails identifies the things that only the president can do and analyzes how presidents in history have managed the burden What qualities make for a good president Who did it well Why did Bill Clinton call the White House the crown jewel in the American penal system The presidency is a job of surprises with high stakes requiring vision management skill and an even temperament Ultimately in order to evaluate candidates properly for the job we need to adjust our expectations and be more realistic about the goals the requirements and the limitations of the office As Dickerson writes Americans need their president to succeed but the presidency is set up for failure It doesn t have to be The SAGE Encyclopedia of Leadership Studies George R. Goethals, Scott T. Allison, Georgia J. Sorenson, 2023-02-20 Leadership Studies is a multi disciplinary academic exploration of the various aspects of how people get along and how together they get things done The fields that contribute to leadership studies include history political science psychology anthropology sociology philosophy literature and behavioral economics Leadership Studies is also about the ethical dimensions of human behavior The discipline considers what leadership has been in the past the historical view what leadership actually looks like in the present principally from the perspectives of the behavioral sciences and political science and what leadership should be the ethical perspective The SAGE Encyclopedia of Leadership Studies will present both key concepts and research illuminating leadership and many of the most important events in human history that reveal the nuances of leadership good and bad Entries will include topics such as power charisma identity persuasion personality social intelligence gender justice unconscious conceptions of leadership leader follower relationships and moral transformation *Guide to the Presidency and the Executive Branch* Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for

researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president s relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama s healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president s role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

What Does the American Presidency Mean? Richard Holtzman, 2025-06-27 What Does the American Presidency Mean The Need for Interpretation in Presidency Studies makes a compelling case for how interpretivism contributes to our understanding of the American presidency This brief book is accessible and inviting regardless of a reader s background in presidency studies or interpretivism Part I explores several dimensions of interpretivist and positivist methodologies Chapters discuss the characteristics of interpretivism genealogically trace positivism s dominance in presidency studies and identify how attributes of the presidency that raise methodological challenges for positivism are the same that make it fertile ground for interpretivism Part II explores a wide range of interpretive scholarship on the American presidency including studies of presidential meaning making the institution s historical political development presidential symbolism the construction of the presidency and the presidential spectacle It concludes with an interpretation of recent developments emphasizing the timeliness relevance and importance of

methodological pluralism in presidency studies The book is written for anyone interested in the meaning of the presidency whether scholars or graduate students in American political science or those from other disciplines within and outside the United States It is appropriate for courses on the American Presidency Executive Politics Political Communication Rhetoric and Social Science Methods among others The Politics Presidents Make Stephen Skowronek,1997-03-25 This study aims to demonstrate that presidents are persistent agents of change continually disrupting and transforming the political landscape The politics of the third way is also discussed in relation to Bill Clinton s political strategies *The Roots of American Politics* John Frederick Martin,2025-04-01 This book examines the ways in which American habits and politics replaced the traditional European republican canon Before the modern era European republics relied on procedural complexity in office filling to arrive at neutral government They did so with such technical consistency over a long span of time as to create a republican procedural tradition That tradition collided with conditions in the Anglo American world with entrenched social deference in politics quasi representative institutions and an ascendant doctrine of majorities American habits would ultimately overwhelm the European republican canon but not without a fight This book suggests that arguments over the abandonment of the procedural tradition shook politics in early America especially at the federal convention and that it is difficult to understand the convention delegates votes concerning the Great Compromise apportioning the House and Senate and the presidential selection system without reference to those arguments The contest between simple majorities and complexity aiming at comity was not resolved neatly in Philadelphia and continued during the first decades of the republic this book argues that some political institutions to this day bear the stamp of the imperfect arrangements reached at the nation s founding which among other things was a moment of inflection between older and newer concepts of republican architecture This volume will be of interest to students and scholars interested in American Political History Early American History and Political Science **The Long War over Party Structure** Byron E. Shafer,Regina L.

Wagner,2019-08-22 Discusses the structure of political parties in order to help understand modern American politics

Serious Money Clifford W. Brown,Lynda W. Powell,Clyde Wilcox,1995-09-29 This study explores the fundamental differences between direct mail solicitation and personal solicitation networks and the influence of candidate resources in nomination campaigns It is based on surveys and interviews with contributors and campaign fundraising professionals

Dilemmas of Scale in America's Federal Democracy Martha Derthick,1999-06-13 Nationalist and local traditions vie within the American federal system and the American experiment with self government Bringing together contributions from history political science and sociology this book focuses primarily on the local seeking to recapture its origins explain its current impact and assess its worth *New Perspectives on Populism* Jeffrey Friedman,2022-11-10 Populism has taken the world by storm but what is it In this volume twelve political scientists and political theorists approach this question from a variety of new perspectives empirical and theoretic covering populism around the world In addition to chapters on populism

in Eastern Europe and Britain six authors analyse populism in the United States treating it variously as a reaction against technocracy a form of technocracy a manifestation of regional and class norms a violent ideological import and potentially a progressive democratic phenomenon All the contributors attempt to understand populists on their own terms rather than reducing populism to a psychological or structural phenomenon This book was originally published as a special issue of the journal Critical Review *The American Direct Primary* Alan Ware, 2002-10-14 This book rejects conventional accounts of how American political parties differ from those in other democracies It focuses on the introduction of the direct primary and argues that primaries resulted from a process of party institutionalization initiated by party elites It overturns the widely accepted view that between 1902 and 1915 direct primaries were imposed on the parties by anti party reformers intent on weakening them An examination of particular northern states shows that often the direct primary was not controversial and only occasionally did it involve confrontation between party regulars and their opponents Rather the impetus for direct nominations came from attempts within the parties to subject informal procedures to formal rules However it proved impossible to reform the older caucus convention system effectively and party elites then turned to the direct primary a device that already had become more common in rural counties in the late nineteenth century

This is likewise one of the factors by obtaining the soft documents of this **Presidential Selection Theory And Development** by online. You might not require more era to spend to go to the ebook foundation as well as search for them. In some cases, you likewise attain not discover the broadcast Presidential Selection Theory And Development that you are looking for. It will definitely squander the time.

However below, following you visit this web page, it will be appropriately definitely easy to get as well as download guide Presidential Selection Theory And Development

It will not agree to many era as we notify before. You can attain it though enactment something else at house and even in your workplace. therefore easy! So, are you question? Just exercise just what we allow under as without difficulty as review **Presidential Selection Theory And Development** what you taking into consideration to read!

Presidential Selection Theory And Development Introduction

In today's digital age, the availability of Presidential Selection Theory And Development books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Presidential Selection Theory And Development books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Presidential Selection Theory And Development books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Presidential Selection Theory And Development versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Presidential Selection Theory And Development books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Presidential Selection Theory And Development books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a

wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Presidential Selection Theory And Development books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Presidential Selection Theory And Development books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Presidential Selection Theory And Development books and manuals for download and embark on your journey of knowledge?

FAQs About Presidential Selection Theory And Development Books

1. Where can I buy Presidential Selection Theory And Development books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
