Presidential Power In The United States

Liyong Dong

Presidential Power In The United States:

War Powers of the Executive in the United States Clarence Arthur Berdahl, Franklin Charles Palm, Frederick Charles Dietz, 1920 *Governing America* Robert Singh, 2003 *Governing America* is an innovative edited textbook designed for first time students of American politics Written by an international team of experts this volume offers an accessible and comprehensive examination of American politics both before and after September 11 Divided into four parts the volume opens with an introduction to the main theoretical and historical surveys of American politics and foreign policy Part Two analyzes the key institutions of American government Part Three examines a range of public policies and Part Four assesses a series of contemporary issues and controversies **Presidential Power in the United States** Raymond Tatalovich, Byron W. Daynes, 1984 **The Ordinance Making Powers of the President of the United States** James Hart, 1925

Emergency Presidential Power Chris Edelson, 2013-12-19 Can a U S president decide to hold suspected terrorists indefinitely without charges or secretly monitor telephone conversations and e mails without a warrant in the interest of national security Was the George W Bush administration justified in authorizing waterboarding Was President Obama justified in ordering the killing without trial or hearing of a U S citizen suspected of terrorist activity Defining the scope and limits of emergency presidential power might seem easy just turn to Article II of the Constitution But as Chris Edelson shows the reality is complicated In times of crisis presidents have frequently staked out claims to broad national security power Ultimately it is up to the Congress the courts and the people to decide whether presidents are acting appropriately or have gone too far Drawing on excerpts from the U S Constitution Supreme Court opinions Department of Justice memos and other primary documents Edelson weighs the various arguments that presidents have used to justify the expansive use of executive power in times of crisis *Emergency Presidential Power* uses the historical record to evaluate and analyze presidential actions before and after the terrorist attacks of September 11 2001 The choices of the twenty first century Edelson concludes have pushed the boundaries of emergency presidential power in ways that may provide dangerous precedents for current and future commanders in chief Winner Crader Family Book Prize in American Values Department of History and Crader Family Endowment for American Values Southeast Missouri State University **Supreme Court Expansion of Presidential Power** Louis Fisher, 2017-07-14 In the fourth of the *Federalist Papers* published in 1787 John Jay warned of absolute monarchs who will often make war when their nations are to get nothing by it More than two centuries later are single executives making unilateral decisions any more trustworthy And have the checks on executive power so critical in the Founders drafting of the Constitution held These are the questions Louis Fisher pursues in this book By examining the executive actions of American presidents particularly after World War II Fisher reveals how the Supreme Court through errors and abdications has expanded presidential power in external affairs beyond constitutional boundaries and damaged the nation s system of checks and balances *Supreme Court Expansion of Presidential Power* reviews the judicial record from

1789 to the present day to show how the balance of power has shifted over time For nearly a century and a half the Supreme Court did not indicate a preference for which of the two elected branches should dominate in the field of external affairs But from the mid thirties a pattern clearly emerges with the Court regularly supporting independent presidential power in times of emergency or issues linked to national security The damage this has done to democracy and constitutional government is profound Fisher argues His evidence extends beyond external affairs to issues of domestic policy such as impoundment of funds legislative vetoes item veto authority presidential immunity in the Paula Jones case recess appointments and the Obama administration s immigration initiatives Fisher identifies contemporary biases that have led to an increase in presidential power including Supreme Court misconceptions and errors academic failings and mistaken beliefs about inherent powers and unity of office Calling to account the forces tasked with protecting our democracy from the undue exercise of power by any single executive his deeply informed book sounds a compelling alarm *Inventing the American Presidency* Thomas E. Cronin,1989 In fourteen essays supplemented by relevant sections of and amendments to the Constitution and five Federalist essays by Hamilton provides the reader with the essential historical and political analyses of who and what shaped the presidency Complete School History of the United States Edward Sylvester Ellis,1892

United States Supreme Court Reports United States. Supreme Court,1918 Complete with headnotes summaries of decisions statements of cases points and authorities of counsel annotations tables and parallel references **The Use of Presidential Power, 1789-1943** George Fort Milton,1965 Bibliographical note pages 323 327 **The National Administration of the United States of America** John Archibald Fairlie,1905 **The Political History of the United States of America During the Period of Reconstruction** Edward McPherson,1880 **The History and Government of the United States** Jacob Harris Patton,John Lord,1903 *The Political History of the United States of America, During the Period of Reconstruction (from April 15, 1865, to July 15, 1870,) Including a Classified Summary of the Legislation of the Thirty-ninth, Fortieth, and Forty-first Congresses* Edward McPherson,1871 **Cases Argued and Decided in the Supreme Court of the United States** United States. Supreme Court,1912 **An Outline History of the United States, for Public and Other Schools** Benson John Lossing,1876 *Presidential Greatness* Marc Karnis Landy,Sidney M. Milkis,2000 Searching for common threads in these five presidencies Landy and Milkis enable us to better understand both the possibilities and the limitations of the office BOOK JACKET The History and Government of the United States ,1905

The Government of the United States William Bennett Munro,1925 **An Outline History of the United States** Benson John Lossing,1875
