Presidents Love Affair With The Lake District:

A President's Love Affair with the Lake District Andrew Wilson, Stanley Peter Dance, 1996 **Presidents and Place** Olga Maria May Akroyd, Thomas Cobb, 2023-03-20 *Presidents and Place* America's Favorite Sons highlights the interrelationship between America's leading political icons and various facets of space and place including places of birth and death as well as regional allegiances among others. The chapters examine the legacy of relationships between presidents and place in a variety of social and cultural forms ranging from famous political campaigns to television series to developments in tourism. Beginning with the political iconography of New York's Federal Hall in early eighteenth century America and ending with a focus on the Republican Party's electoral relationship with the South, the interdisciplinary and methodologically diverse nature of the chapters reveals that place has more than a biographical significance in relation to US presidents.

Walton, 2016-03-09 For centuries the English Lake District has been renowned as an important cultural, sacred and literary landscape. Bringing together leading writers from a wide range of disciplines, this book explores the tourism history and heritage of the Lake District and its construction as a cultural landscape from the mid-eighteenth century to the present day. It critically analyses the relationships between history, heritage, landscape, culture and policy that underlie the activities of the National Park Cumbria Tourism and the proposals to recognise

the Lake District as a UNESCO World Heritage Site It examines all aspects of the Lake District s history and identity brings the story up to date and looks at current issues in conservation policy and tourism marketing In doing so it not only provides a unique and valuable analysis of this region but offers insights into the history of cultural and heritage tourism in Britain and beyond
