Troubled Memory Lawrence N. Powell, 2003-04-03 This powerful work tells the story of Anne Skorecki Levy the Holocaust survivor who transformed the horrors of her childhood into a passionate mission to defeat the political menace of reputed neo Nazi and Ku Klux Klan leader David Duke The first book to connect the prewar and wartime experiences of Jewish survivors to the lives they subsequently made for themselves in the United States *Troubled Memory* is also a dramatic

testament to how the experiences of survivors as new Americans spurred their willingness to bear witness Perhaps the only family to survive the liquidation of the Warsaw Ghetto as a group the Skoreckis evaded deportation to Treblinka by posing as Aryans and ultimately made their way to New Orleans where they became part of a vibrant Jewish community Lawrence Powell traces the family's dramatic odyssey and explores the events that eventually triggered Anne Skorecki Levy's brave decision to honor the suffering of the past by confronting the recurring specter of racist hatred Breaking decades of silence she played a direct role in the unmasking and defeat of Duke during his 1991 campaign for the governorship of Louisiana

The 1996 Russian Presidential Election Jerry F. Hough, Evelyn Davidheiser, Susan Goodrich Lehmann, 2010-12-01 The 1996 Russian presidential election is a crucial referendum on the policy of economic reform that had been conducted over the previous five years This book written before the election on the basis of two major public opinion surveys at the time of the 1993 and 1995 Duma elections explores the evolution in Russian thinking the positions and strategies of the candidates and the dilemma of the centrists choosing between a president they profoundly dislike and a Communist party they do not trust In the 1990s the northern regions of Russia supported free trade reform and the southern regions protectionism but this reversed the more normal pattern found in Russian politics a century ago As the book looks at the psychological and sociological factors that produced the politics of the early 1990s and began to transform it in a more normal direction in the mid 1990s it goes beyond a simple analysis to discuss the more enduring problems of economic and political reform in Russia A Brookings Occasional Paper

The Hunting of the President Joe Conason, Gene Lyons, 2000-03-09 Examines the campaign to discredit Bill and Hillary Clinton which began in 1989 and almost brought down the president ten years later

Police Against the Movement Joshua Clark Davis, 2025-10-07 A bold retelling of the 1960s civil rights struggle through its work against police violence and a prehistory of both the Black Lives Matter and Blue Lives Matter movements that emerged half a century later Police Against the Movement shatters one of the most pernicious myths about the 1960s that the civil rights movement endured police violence without fighting it Instead as Joshua Clark Davis shows activists from the Congress of Racial Equality and the Student Nonviolent Coordinating Committee confronted police abuses head on staging sit ins at precinct stations picketing outside department headquarters and blocking city streets to protest officer misdeeds In return organizers found themselves the targets of overwhelming political repression in the form of police surveillance infiltration by undercover officers and retaliatory prosecutions aimed at discrediting and derailing their movement The history of the civil rights era abounds with accounts of physical brutality by county sheriffs and tales of political intrigue and constitutional violations by FBI agents Turning our attention to municipal officials in cities and towns across the US North South East and West Davis reveals how local police bombarded civil rights organizers with an array of insidious weapons More than just physical violence these economic legal and reputational attacks were designed to project the illusion of color blind law enforcement The civil rights struggle against police abuses is largely overlooked today the victim of a willful campaign by local law enforcement to erase their record of repression By placing activism against state violence at the center of the civil rights story Police Against the Movement offers critical insight into the power of political resistance in the face of government attacks on protest

Emile de Antonio Randolph Lewis, 2000-11-01 Emile de Antonio 1919 1989 was the most important political filmmaker in the United States during the Cold War Director of such controversial films as Point of Order 1963 In the Year of the Pig 1969 Millhouse A White Comedy 1971 and Mr Hoover and I 1989 de Antonio lived a remarkable life in dissent De Antonio was a

womanizing raconteur upper class Marxist Harvard classmate of John F Kennedy World War II bomber pilot and failed English professor who lived a colorful life even before he stumbled headfirst into the New York art world of the 1950s Everything I learned about painting I learned from De Andy Warhol said about his friend who famously drank himself unconscious in Warhol s film Drink De Antonio also was important to the early careers of Jasper Johns Robert Rauschenburg and John Cage Then in 1959 de Antonio took on the chance to distribute the Beat film Pull My Daisy and discovered filmmaking In the first book on de Antonio s life and work Randolph Lewis traces the turbulent development of the filmmaker s career Lewis follows de Antonio s struggle to make films about Joseph McCarthy Richard Nixon and J Edgar Hoover under whose direction the FBI compiled a 10 000 page file on de Antonio and to work with such political allies as Mark Lane Martin Sheen Bertrand Russell Daniel Berrigan and members of the Weather Underground whose activities he documented in the film Underground Blending biography with critical insights about art literature and film Lewis offers de Antonio as a lens to focus on the complex terrain of post World War II America *Battleground New York City* Thomas A. Reppetto, 2012-01-31

New York City has long been a breeding ground for spies saboteurs terrorists and other threats to the nation and its greatest city *Battleground New York City* examines the history of domestic security operations and the people and agencies involved in safeguarding the city that never sleeps Starting with the bloody draft riots during the Civil War Thomas Reppetto guides the reader through New York City s history emphasizing the battles against twentieth century German and Russian spies and more recent ones against Islamic radicals This book illustrates how over the course of two world wars numerous political and social upheavals and shocking terrorist attacks the United States developed a complex web of organizations responsible for identifying and neutralizing security risks New York has been the training and proving ground for law enforcement agencies in developing the organizations strategies and tactics now used to protect citizens nationwide The histories and operations of the U S Secret Service the Federal Bureau of Investigation the New York Police Department and other organizations provide insight into recent events and what the United States needs to do to protect all of its citizens *Battleground New York City* is the exciting story of the men and women who have dedicated their lives to protecting a city under threat *American Fuehrer* Frederick James Simonelli, 1999

The founder of the American Nazi party and its leader until he was murdered in 1967 George Lincoln Rockwell was one of the most significant extremist strategists and ideologists of the postwar period His influence has only increased since his death A powerful catalyst and innovator Rockwell broadened his constituency beyond the core Radical Right by articulating White Power politics in terms that were subsequently appropriated by the one time klansman David Duke He played a major role in developing Holocaust revisionism now an orthodoxy of the Far Right He also helped politicize Christian Identity America s most influential right wing religious movement and welded together an international organization of neo Nazis All of these extremist movements continue to thrive today Frederick Simonelli s biography of this powerful and enigmatic figure draws on primary sources of extraordinary depth including declassified FBI

files and manuscripts and other materials held by Rockwell's family and associates The first objective assessment of the American Nazi party and an authoritative study of the roots of neo nazism neo fascism and White Power extremism in postwar America American Fuehrer is shocking and absorbing reading The Mystery Fancier William F. Deeck,2008-08-01 A bibliography of various mystery novels published between November 1976 and Fall 1992 Police Unbound Anthony V. Bouza,2010-06-03 Former chief of police in Minneapolis and commander of the Bronx police force Tony Bouza pulls no punches in this blunt candid assessment of police culture Emphasizing the gap between the average citizen's perception of police work and the day to day reality of life as a cop Bouza reveals the inner dynamics of a secretive fraternal society that will do almost anything to protect itself The strong bonds of loyalty among police both inspire individual acts of heroism in the face of danger but also repress full disclosure of the truth when corruption or abuse of power are suspected says Bouza Young rookies are quickly molded by the unspoken rules and the code of silence that govern a cop's professional life and they soon learn that physical but not moral courage is expected Bouza evaluates sweeps roundups sting operations the controversial practice of racial profiling and the politics of law enforcement He critically examines the excesses abuses and corruption of the New York Los Angeles and Minneapolis police forces among others offering insights into what went wrong in the infamous Louima and Diallo cases But his most telling criticism is not directed against the police per se but against our society's ruling elites and the middle class who give police the unmistakable message that the underclass must be kept down and property owners protected at all costs He charges that the heart of the problem of both crime and police abuse in America is our tacitly accepted class structure separating the privileged from the poor and along with it the systemic racism that society as a whole is not yet willing to face Bouza concludes his critique on a positive note with straightforward proposals on how to make the police more ethical and effective This controversial eye opening book by a veteran insider exposes a reality that TV cop shows never portray and raises serious moral questions about class and race **Burying the Lead** Mal Jay Hyman,2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy's murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who

create power make an indispensable contribution to a nation's greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us *The Final Report of the Select Committee on Presidential Campaign Activities, United States Senate, Pursuant to S. Res. 60, February 7, 1973* United States. Congress. Senate. Select Committee on Presidential Campaign Activities, 1974
