**Pretender to the Throne** Vladimir Voïnovich, 1981-01-01      **Pretender to the Throne** Владимир Войнович, 1981 This hilarious novel follows the continuing adventures of the simple peasant Ivan Chonkin who has been arrested as a traitor to the motherland after spending World War II happily tending a garden Lacking evidence against him the bumbling bureaucrats base their case on a rumor in his home village that he is the illegitimate son of a prince The comic case of mistaken identity escalates as they accuse this unlikely prince of working in league with Hitler to restore the monarchy In this sequel to *The Extraordinary Life and Adventures of Private Ivan Chonkin* Voinovich ridicules everything that was sacred in the Soviet Union including the army the justice system the press and Stalin in a refreshing combination of dissident conscience and universal humor

**Pretender to the Throne** Vladimir Voïnovich, 1995 This hilarious novel follows the continuing adventures of the simple peasant Ivan Chonkin who has been arrested as a traitor to the motherland after spending World War II happily tending a garden Lacking evidence against him the bumbling bureaucrats base their case on a rumor in his home village that he is the illegitimate son of a prince The comic case of mistaken identity escalates as they accuse this unlikely prince of working in league with Hitler to restore the monarchy In this sequel to *The Extraordinary Life and Adventures of Private Ivan Chonkin* Voinovich ridicules everything that was sacred in the Soviet Union including the army the justice system the press and Stalin in a refreshing combination of dissident conscience and universal humor

**Unvarnishing Reality** Derek C. Maus, 2012-10-15 *Unvarnishing Reality* draws original insight to the literature politics history and culture of the cold war by closely examining the themes and goals of American and Russian satirical fiction As Derek C Maus illustrates the paranoia of nuclear standoff provided a subversive storytelling mode for authors from both nations including Thomas Pynchon Robert Coover John Barth Walker Percy Don DeLillo Kurt Vonnegut Jr Vasily Aksyonov Yuz Aleshkovsky Alexander Zinoviev Vladimir Voinovich Fazil Iskander and Sasha Sokolov Maus surveys the background of each nation s culture language sociology politics and philosophy to map the foundation on which cold war satire was built By highlighting common themes of utopianism technology and propaganda Maus effectively shows the ultimate motive of satirists on both sides was to question the various forces contributing to the cold war and to expose the absurdity of the continuous tension that pulsed between the United States and the Soviet Union for nearly half a century Although cold war literature has been studied extensively few critics have focused so keenly on comparisons of satirical fictions by Russian and American writers that condemn and subvert the polarizing ideologies inherent in superpower rivalry Such a comparison reveals thematic and structural similarities that transcend specific national and cultural origins In considering these works together Maus locates a thoroughgoing humanistic refutation of the cold war and its operative doctrines as well as a range of proposed alternatives Just as the cold war combatants ultimately reconciled in 1991 with the fall of the Soviet Union Maus seeks to bring these two literary canons together now Their thematic scope transcends cultural differences and as Maus

demonstrates these writers saw that there was not only the atomic bomb to fear but also the dangers of complete national militarization and the constant polarizing threat of emergency Thus their cold war critiques still resonate today and invite further comparative studies such as this one Global Cold War Literature Andrew Hammond,2011-12-21 In countries worldwide the Cold War dominated politics society and culture during the second half of the twentieth century Global Cold War Literatures offers a unique look at the multiple ways in which writers from Asia Africa Europe and North and South America addressed the military conflicts revolutions propaganda wars and ideological debates of the era While including essays on western European and North American literature the volume views First World writing not as central to the period but as part of an international discussion of Cold War realities in which the most interesting contributions often came from marginal or subordinate cultures To this end there is an emphasis on the literatures of the Second and Third Worlds including essays on Latin American poetry Soviet travel writing Chinese autobiography African theatre North Korean literature Cuban and eastern European fiction and Middle Eastern fiction and poetry With the post Cold War era still in a condition of emergence it is essential that we look back to the 1945 89 period to understand the political and cultural forces that shaped the modern world The volume s analysis of those forces and its focus on many of the hot spots Afghanistan Iran North Korea that define the contemporary war on terror make this an essential resources for those working in Postcolonial American and English Literatures as well as in History Comparative Literature European Studies and Cultural Studies Global Cold War Literatures is a suitable companion volume to Hammond s Cold War Literature Writing the Global Conflict also available from Routledge

**Monumental Propaganda** Vladimir Voinovich,2007-12-18 From Vladimir Voinovich one of the great satirists of contemporary Russian literature comes a new comic novel about the absurdity of politics and the place of the individual in the sweep of human events Monumental Propaganda Voinovich s first novel in twelve years centers on Aglaya Stepanovna Revkina a true believer in Stalin who finds herself bewildered and beleaguered in the relative openness of the Khrushchev era She believes her greatest achievement

was to have browbeaten her community into building an iron statue of the supreme leader which she moves into her apartment after his death And despite the ebb and flow of political ideology in her provincial town she stubbornly and at all costs centers her life on her private icon Voinovich's humanely comic vision has never been sharper than it is in this hilarious but deeply moving tale equally all seeing about Stalinism the era of Khrushchev and glasnost in the final years of Soviet rule The New York Times Book Review called his classic work *The Life Extraordinary Adventures of Private Ivan Chonkin* a masterpiece of a new form socialist surrealism the Soviet Catch 22 written by a latter day Gogol In *Monumental Propaganda* we have the welcome return of a truly singular voice in world literature     The absurd in literature Neil

Cornwell,2013-07-19 Neil Cornwell's study while endeavouring to present an historical survey of absurdist literature and its forbears does not aspire to being an exhaustive history of absurdism Rather it pauses on certain historical moments artistic movements literary figures and selected works before moving on to discuss four key writers Daniil Kharmis Franz Kafka Samuel Beckett and Flann O'Brien The absurd in literature will be of compelling interest to a considerable range of students of comparative European including Russian and Central European and English literatures British Isles and American as well as those more concerned with theatre studies the avant garde and the history of ideas including humour theory It should also have a wide appeal to the enthusiastic general reader     **Contemporary Jewish Writing in Europe** Vivian Liska,Thomas

Nolden,2007-12-05 With contributions from a dozen American and European scholars this volume presents an overview of Jewish writing in post World War II Europe Striking a balance between close readings of individual texts and general surveys of larger movements and underlying themes the essays portray Jewish authors across Europe as writers and intellectuals of multiple affiliations and hybrid identities Aimed at a general readership and guided by the idea of constructing bridges across national cultures this book maps for English speaking readers the productivity and diversity of Jewish writers and writing that has marked a revitalization of Jewish culture in France Germany Austria Italy Great Britain the Netherlands Hungary Poland and Russia     **The Firebird and the Fox** Jeffrey Brooks,2019-10-24 A century of Russian artistic genius

including literature art music and dance within the dynamic cultural ecosystem that shaped it     *Handbook of Diachronic Narratology* Peter Hühn,John Pier,Wolf Schmid,2023-07-24 This handbook brings together 42 contributions by leading narratologists devoted to the study of narrative devices in European literatures from antiquity to the present Each entry examines the use of a specific narrative device in one or two national literatures across the ages whether in successive or distant periods of time Through the analysis of representative texts in a range of European languages the authors compellingly trace the continuities and evolution of storytelling devices as well as their culture specific manifestations In response to Monika Fludernik's 2003 call for a diachronization of narratology this new handbook complements existing synchronic approaches that tend to be ahistorical in their outlook and departs from postclassical narratologies that often prioritize thematic and ideological concerns A new direction in narrative theory diachronic narratology explores previously

overlooked questions from the evolution of free indirect speech from the Middle Ages to the present to how changes in narrative sequence encoded the shift from a sacred to a secular worldview in early modern Romance literatures An invaluable new resource for literary theorists historians comparatists discourse analysts and linguists Handbook of Russian Literature Victor Terras,1985-01-01 Profiles the careers of Russian authors scholars and critics and discusses the history of the Russian treatment of literary genres such as drama fiction and essays **The Cultural Origins of the Socialist Realist Aesthetic, 1890-1934** Irina Gutkin,1999 The past fifteen years have seen an important shift in the way scholars look at socialist realism Where it was seen as a straitjacket imposed by the Stalinist regime it is now understood to be an aesthetic movement in its own right one whose internal logic had to be understood if it was to be criticized International specialists remain divided however over the provenance of Soviet aesthetic ideology particularly over the role of the avant garde in its emergence In *The Cultural Origins of the Socialist Realist Aesthetic* Irina Gutkin brings together the best work written on the subject to argue that socialist realism encompassed a philosophical worldview that marked thinking in the USSR on all levels political social and linguistic Using a wealth of diverse cultural material Gutkin traces the emergence of the central tenants of socialist realist theory from Symbolism and Futurism through the 1920s and 1930s
