Prevailing Over Time Ethnic Adjustment O:

Uncle Sam Wants You Christopher Capozzola, 2010-04-12 Based on a rich array of sources that capture the voices of both political leaders and ordinary Americans Uncle Sam Wants You offers a vivid and provocative new interpretation of American political history revealing how the tensions of mass mobilization during World War I led to a significant increase in power for the federal government Christopher Capozzola shows how when the war began Americans at first mobilized society by stressing duty obligation and responsibility over rights and freedoms But the heated temper of war quickly unleashed coercion on an unprecedented scale making wartime America the scene of some of the nation's most serious political violence including notorious episodes of outright mob violence To solve this problem Americans turned over increasing amounts of power to the federal government In the end whether they were some of the four million men drafted under the Selective Service Act or the tens of millions of home front volunteers Americans of the World War I era created a new American state and new ways of being American citizens

Peopling the Plains James R. Shortridge, 1995 This engaging and richly annotated atlas illustrates the distribution of Kansas settlers from diverse cultural and ethnic origins in America and around the world James R Shortridge explores how frontier settlement patterns were influenced by railroad routes and promotion land prices and speculation practices homesteading laws U S and international social economic and political conditions terrain weather and pioneer perseverance He also demonstrates that many legacies of the original settlers have endured and are apparent today in social political agricultural and religious customs throughout the state Providing new and enlightening insight into a unique cultural heritage Peopling the Plains is an invaluable building block for anyone interested in the people and places of Kansas past and present

On The Great Plains Geoff Cunfer, 2005 To support his theory Cunfer looks at the entire Great Plains 450 counties in ten states tapping historical agricultural census data paired with GIS mapping to illuminate land use on the Great Plains over 130 years Coupled with several community and family case studies this database allows Cunfer to reassess the interaction between farmers and nature in the Great Plains agricultural landscape

Our Common Country Susan Sessions Rugh, 2001 It features a major political conflict at each stage of market expansion the Mormon troubles the Civil War and the Grange protest to highlight the transformations that took place

Jacket The Shaping of America: A Geographical Perspective on 500 Years of History D. W. Meinig, 1986-01-01 Volume one examines how an immense diversity of ethnic and religious groups ultimately created a set of distinct regional societies Volume two emphasizes the flux uncertainty and unpredictability of the expansion into continental America showing how a multitude of individuals confronted complex and problematic issues

Continuity and Change Patricia M. O'Connor, Fidelma McCorry, 2025-04-15 Bringing together a multidisciplinary team of authors this book relays the untold story of postwar migration between Ireland and Australia Spanning the period 1945-2024 it explores the experiences of migrants from the Republic of Ireland and Northern Ireland and provides insights into the multiple reasons

these migrants came to Australia factors which prompted permanency or return and the extent of continuity and change between recent arrivals and their historical predecessors Contemporary flows are examined through the lens of social economic policy and technological changes occurring at the time in Ireland Australia and globally Decades of economic boom and bust in Ireland including the growth and demise of the Celtic Tiger the impact of government investment in education in the Republic and the Troubles in Northern Ireland occurred alongside marked changes in Australia s immigration policy During this time an increased affordability of international travel and communication brought new dynamics to the tyranny of distance that characterised historical flows How contemporary migrants from Ireland navigated these changes in terms of identity and belonging homesickness and transnationalism are the key themes which are explored The role of Ireland s Government in relation to its migrant community in Australia and the impact of COVID 19 are also considered This book not only fills a gap in Ireland s diaspora research but also contributes to migration studies more broadly particularly the experiences of invisible immigrants
