Preventing The Spread Of Nuclear Weapons Pugwash Monograph

**Enrico Fels, Jan-Frederik
Kremer, Katharina Kronenberg**

Preventing The Spread Of Nuclear Weapons Pugwash Monograph:

India's Nuclear Development Plans and Policies Prashant Agarwal,1996 An attempt to go into both the policy and programme aspects of Indias nuclear development and factors influencing them Examines of the various national choices of nuclear policies involving consideration of diverse and often mutually conflicting objectives It also analyses the growth and development of institutional infrastructure for the development of nuclear energy in India and also deals in some details nuclear technology development for peaceful purposes and economics of nuclear technology for power production in the context of energy crisis Finally it analyses the responses of the successive Indian governments to various international pressures on nuclear issues An attempt is made to perceive the potentialities of the nuclear policy with regard to economic growth and its implications for the international security system Preventing the Spread of Nuclear Weapons Frank Barnaby,1969 **Nuclear Authority** Robert L. Brown,2015-03-03 Once dismissed as ineffectual the International Atomic Energy Agency IAEA has in the past twenty years emerged as a powerful international organization Member states allow the IAEA to render judgment on matters vital to peace and security while nations around the globe comply with its rules and commands on proliferation safety and a range of other issues Robert L Brown details the IAEA s role in facilitating both control of nuclear weapons and the safe exploitation of nuclear power As he shows the IAEA has acquired a surprising amount of power as states for political and technological reasons turn to it to supply policy cooperation and to act as an agent for their security and safety The agency s success in gaining and holding authority rests in part on its ability to apply politically neutral expertise that produces beneficial policy outcomes But Brown also delves into the puzzle of how an agency created by states to aid cooperation has acquired power over them *Science, Technology, and Public Policy: Books, monographs, documents, and articles in journals, 1968 through 1970* Lynton Keith Caldwell,William B. DeVille,Hedvah L. Shuchman,1968 *Nuclear Science Abstracts* ,1970 Power in the 21st Century Enrico Fels,Jan-Frederik Kremer,Katharina Kronenberg,2012-04-10 The study of power is the nucleus of political science and international relations As a shift of power from traditional industrial countries to emerging powers has been perceived since the turn of the century this book aims to present innovative theoretical and empirical approaches that can increase our understanding of this transition Scholars from the fields of international relations international political economy economics and security studies not only explore current theoretical debates on power and power shifts among entities but also provide fresh insights into relevant aspects of international power in the 21st century With a particular focus on aspects of international security trade and production new methods of identifying power and its sources are presented and their potential implications and challenges are discussed *US Uranium Enrichment Capacity Expansion* ,1976 Preventing the Spread of Nuclear Weapons Frank Barnaby,1969 Atoms, Bytes and Genes Martin W. Bauer,2015-02-11 Atom byte and gene are metonymies for techno scientific developments of the 20th century nuclear power computing and genetic engineering Resistance

continues to challenge these developments in public opinion This book traces historical debates over atoms bytes and genes which raised controversy with consequences and argues that public opinion is a factor of the development of modern techno science The level and scope of public controversy is an index of resistance examined here with a pain analogy which shows that just as pain impacts movement resistance impacts techno scientific mobilization it signals that something is wrong and this requires attention elaboration and a response to the challenge This analysis shows how different fields of enquiry deal with the resistance of social psychological mentalities in the face of industrial scientific and political activities inspired by projected futures *Political Science, Government & Public Policy Series* Universal Reference System,1969 The Treaty on the Non-proliferation of Nuclear Weapons Mohamed Ibrahim Shaker,1976 Strategic Arms Limitation Agreements 1972 Treaty Between the USA and the USSR on the Limitation of Anti Ballistic Missile Systems Interim Agreement Between the USA and the USSR on Certain Measures with Respect to the Limitation of Strategic Offensive Arms Protocol to the Interim Agreement between the USA and the USSR on Certain Measures with Respect to the Limitation of Strategic Offensive Arms The Peaceful Applications of Nuclear Explosions Potential Applications and Feasibility Glossary Ibss: Political Science: 1991 British Library of Political and Economic Science,1993 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences Canadiana ,1973 *India's Policy on Disarmament* Ashwani Kumar Chopra,1984 Politics of Nuclear Energy S. David Aviel,1982-01-18 The Nuclear Non-proliferation Treaty Mohamed Ibrahim Shaker,1980 This three volume set contains an account of the negotiating history of the Non Proliferation Treaty of 1968 and its interpretation and implementation since its ratification **Nuclear Non-proliferation** D. Shyam Babu,1992 *Nuclear Engineering International* ,1969 *IDSA Journal* ,1979 **Nuclear Policy of India** Kanwal Kishore Pathak,1980
