## **Preventive Defense A New Security Strategy For America:**

**Preventive Defense** Ashton B. Carter, William J. Perry, 2000-09-01 William J Perry and Ashton B Carter two of the world's foremost defense authorities draw on their experience as leaders of the U S Defense Department to propose a new American security strategy for the twenty first century After a century in which aggression had to be defeated in two world wars and then deterred through a prolonged cold war the authors argue for a strategy centered on prevention Now that the cold war is over it is necessary to rethink the risks to U S security The A list threats to U S survival is empty today The B list the two major regional contingencies in the Persian Gulf and on the Korean peninsula that dominate Pentagon planning and budgeting pose imminent threats to U S interests but not to survival And the C list such headline grabbing places as Kosovo Bosnia Somalia Rwanda and Haiti includes important contingencies that indirectly affect U S security but do not directly threaten U S interests Thus the United States is enjoying a period of unprecedented peace and influence but foreign policy and defense leaders cannot afford to be complacent The authors preventive defense strategy concentrates on the dangers that if mismanaged have the potential to grow into true A list threats to U S survival in the next century These include Weimar Russia failure to establish a self respecting place for the new Russia in the post cold war world allowing it to descend into chaos isolation and aggression as Germany did after World War I Loose Nukes failure to reduce and secure the deadly legacy of the cold war nuclear chemical and biological weapons in Russia and the rest of the former Soviet Union A Rising China Turned Hostile failure to shape China's rise to Asian superpower status so that it emerges as a partner rather than an adversary Proliferation spread of weapons of mass destruction and Catastrophic Terrorism increase in the scope and intensity of transnational terrorism They also argue for

**Preventive Defense** William James Perry, 1998 *The Doctrines of US Security Policy* Heiko Meiertöns, 2010-06-10 The practise of outlining principles for the conduct of US security policy in so called doctrines is a characteristic feature of US foreign policy From an international lawyer's point of view two aspects of these doctrines are of particular interest First to what degree are the criteria for the use of force as laid down in these doctrines consistent with the limitations for the use of force in international law Second which law creating effects do these doctrines have Furthermore the legal nature of these doctrines remains uncertain These matters are examined beginning with the Monroe Doctrine of 1823 and taking into account the Stimson Doctrine of 1932 the doctrines of the Cold War period and the Bush Doctrine of 2002 The Bush Doctrine in particular has generated controversies concerning its compatibility with Article 51 of the UN Charter due to its principle of preventive self defence

**Parameters**, 2003 **QDR 2001: Strategy-Driven Choices for America's Security**, **U.S. Army War College Guide to Strategy** Joseph R. Cerami, James F. Holcomb, 2001 For more than 3 decades the U S Army War College USAWC Department of National Security and Strategy has faced the challenge of educating future strategic leaders on the subject of national security or grand strategy Fitting at the top of an officer's or government official's career long professional development program this

challenge has been to design a course on strategy that incorporates its many facets in a short period of time all within the 1 year senior service college curriculum To do this a conceptual approach has provided the framework to think about strategy formulation The purpose of this volume is to present the USAWC strategy formulation model to students and practitioners This book serves as a guide to one method for the formulation analysis and study of strategy an approach which we have found to be useful in providing generations of strategists with the conceptual tools to think systematically strategically critically creatively and big Balancing what is described in the chapters as ends ways and means remains at the core of the Army War College s approach to national security and military strategy and strategy formulation *U.S. Army War College Guide to Strategy* , **Defending Taiwan** Martin Edmonds,Michael Tsai,2013-10-18 Recent concern about mainland China s intentions towards Taiwan and more general concern about the risk of instability in the region has led to growing interest in Taiwan s military strategy in how Taiwan perceives threats to itself and in how the Taiwanese military are reacting to these perceived threats This book which includes contributions by leading Taiwanese military thinkers explores current military strategy in Taiwan and how it is evolving It discusses Taiwan s military modernisation and the implications of the recent defeat after fifty years in power of the Kuomintang Party implications which include a move away from an authoritarian garrison state culture and the beginnings of a more open debate about defence The book concludes with an overall appraisal of Taiwan s defence vision and makes recommendations on how Taiwan s defence might be enhanced

**America's Strategic Choices, revised edition** Michael E. Brown,Owen R. Cote, Jr.,Sean M. Lynn-Jones,Steven E. Miller,2000-07-18 Contending perspectives on the future of US grand strategy More than a decade has passed since the end of the Cold War but the United States has yet to reach a consensus on a coherent approach to the international use of American power The essays in this volume present contending perspectives on the future of U S grand strategy U S policy options include primacy cooperative security selective engagement and retrenchment This revised edition includes additional and more recent analysis and advocacy of these options The volume includes the Clinton administration s National Security Strategy for a New Century the most recent official statement of American grand strategy so readers can compare proposed strategies with the official U S government position **Inside the Five-Sided Box** Ash Carter,2020-06-09 Former Secretary of Defense Ash Carter takes readers behind the scenes to reveal the inner workings of the Pentagon its vital mission and what it takes to lead it The Pentagon is the headquarters of the single largest institution in America the Department of Defense The D O D employs millions of Americans It owns and operates more real estate and spends more money than any other entity It manages the world s largest and most complex information network and performs more R D than Apple Google and Microsoft combined Most important the policies it carries out in war and peace impact the security and freedom of billions of people around the globe Yet to most Americans the dealings of the D O D are a mystery and the Pentagon nothing more than an opaque five sided box that they regard with a mixture of awe and suspicion In this new book

former Secretary of Defense Ash Carter demystifies the Pentagon and sheds light on all that happens inside one of the nation's most iconic and most closely guarded buildings Drawn from Carter's thirty six years of leadership experience in the D O D this is the essential book for understanding the challenge of defending America in a dangerous world and imparting a trove of incisive lessons that can guide leaders in any complex organization In these times of great disruption and danger the need for Ash Carter's authoritative and pragmatic account is more urgent than ever

**Historical Dictionary of Chinese Foreign Policy** Robert G. Sutter, 2011-05-05 The foreign relations of the People's Republic of China have gone through dramatic change since 1949 The strong man rule of Mao Zedong and the Chinese Communist Party leader's dominance of Chinese foreign policy decision making for three decades witnessed dramatic swings in alignment repeated and strong commitments to revolutionary goals and ideals and spasms of destructive mass campaigns within China that spilled over to impact Chinese foreign relations Contrastingly as China emerged in the 21st century as an economic and military power second only to the United States the new generations of Chinese leaders followed collaborative and consultative patterns of foreign policy making at home and abroad seeking to sustain into the coming decades the generally favorable recent international circumstances seen as providing a prolonged period of strategic opportunity for China's economic and broader national development **Historical Dictionary of Chinese Foreign Policy** covers the more than 60 years of the foreign policy of the People's Republic of China It provides reliable and comprehensive information and assessments about the major actors developments and other aspects of the foreign policy and foreign relations of the People's Republic of China This is done through a chronology an introductory essay and over 500 cross referenced dictionary entries dealing with important individuals events and other aspects of the foreign policy of this important country It is an excellent access point for students researchers and anyone wanting to know more about Chinese foreign policy
