Red Sun Setting:

Red Sun Setting Carolyn C Y'Blood, 2012-04-15 Many regard this work as the definitive account of a controversial conflict of the war in the Pacific the June 1944 battle known as the Great Marianas Turkey Shoot Drawing on ten years of research and told from the viewpoint of the fliers and sailors who were on the firing line William T Y Blood leads the reader through every stage of the battle from the dogfights to the persistent attacks on the Japanese carriers to the frantic efforts of the returning fliers to land on friendly carriers He takes the battle from the initial planning through the invasion of the Marianas and the recriminations that followed describing Admiral Spruance's decision to allow U S forces to remain on the defensive and giving blow by blow details of the action This intensive study of what many believe to be a major turning point in the Pacific War has remained an important reference since it was first published in 1981 *Major Fleet-Versus-Fleet Operations in the Pacific War, 1941-1945* Milan N. Vego, 2016 A detailed study of three major naval operations of World War II These three initiated by imperial Japan took place in the Pacific and resulted in the battles of the Coral Sea Midway Aleutians and the Philippine Sea All the cases provide ample background on the geographic and strategic context of the operations as well as an account of the unfolding of the action utilizing much primary source material in especially American and Japanese archives Provided by publisher *The Frank C. Brown Collection of NC Folklore* Newman Ivey White, Wayland D. Hand, 2013-07-15 Frank C Brown organized the North Carolina Folklore Society in 1913 Both Dr Brown and the Society collected stores from individuals Brown through his classes at Duke University and through his summer expeditions in the North Carolina mountains and the Society by interviewing its members and also levied on the previous collections made by friends and members of the Society The result was a large mass of texts and notes assembled over a period of nearly forty years and covering every aspect of local tradition members of the Society The result was a large mass of texts and notes assembled over a period of nearly forty years and covering every aspect of local tradition **Implacable Foes** Waldo H. Heinrichs, Marc Gallicchio, 2017 Award winning historians Waldo Heinrichs and Marc Gallicchio offer a full account and a provocative re examination of the last year of World War II in the Pacific **Folk-lore from Adams county, Illinois** H. Middleton, *Weather Lore*, 1898 *Practical instructions* Pliny Earle Chase, 1884 *Information at Sea* Timothy S. Wolters, 2013-11-01 This is the first book to explore information management at sea as practiced by the U S Navy from the Civil War to World War II The brain of a modern warship is its combat information center CIC Data about friendly and enemy forces pour into this nerve center contributing to command decisions about firing maneuvering and coordinating Timothy S Wolters has written the first book to investigate the history of the CIC and the many other command and control systems adopted by the U S Navy from the Civil War to World War II What institutional ethos spurred such innovation Information at Sea tells the fascinating stories of the naval and civilian personnel who developed an array of technologies for managing information at sea from signal flares and radio to encryption machines and radar Wolters uses previously untapped archival

sources to explore how one of America's most technologically oriented institutions addressed information management before the advent of the digital computer. He argues that the human-machine systems used to coordinate forces were as critical to naval successes in World War II as the ships and commanders more familiar to historians. *Sea of Thunder* Evan Thomas, 2007-11-06 Drawing on oral histories, diaries, correspondence, postwar testimony from both American and Japanese participants and interviews with survivors, Thomas provides this riveting account of the Battle of Leyte Gulf in 1944, the culminating battle of the war in the Pacific. Photos. *Eden in Egypt* Ralph Ellis, 2010-12-11 Why was the birth of a poor carpenter in the first century AD attended by the Magi, the Persian king-makers? Why was Jesus later known as the King of the Jews? Using many strands of contemporary evidence, Ralph Ellis has pieced together a historical jigsaw puzzle demonstrating that the biblical Jesus was directly descended from Cleopatra VII, the most famous queen of Egypt. But this is not all; for in piecing this story together, it would seem that Jesus also had an aristocratic Roman and royal Persian ancestry too, and it is the latter bloodline element that explains the appearance of Persian Magi at his birth. **The Marine Corps Gazette**, 1981

locations Frequently Heidegger used the motifs of homelessness and homecoming in order to express such spatial interactions and despite early and continued recognition of the importance of homelessness and homecoming this is the first sustained study of these motifs in his later works Utilizing both literary and philosophical analysis Heidegger and Homecoming reveals the deep figural unity of the German philosopher's writings by exploring not only these homecoming and homelessness motifs but also the six distinctive voices that structure the apparent disorder of his works In this illuminating and comprehensive study Robert Mugerauer argues that these motifs and Heidegger's many voices are required to overcome and replace conventional and linear methods of logic and representation Making use of material that has been both neglected and yet to be translated into English Heidegger and Homecoming explains the elaborate means with which Heidegger proposed that humans are able to open themselves to others while at the same time preserve their self identity
