Red Ted The Life Of Eg Theodore:

"Red Ted" Ross Fitzgerald, 1994 E G Theodore one of Australia's most enterprising and unusual political figures was Treasurer and Premier of Queensland and later Federal Treasurer and Deputy Prime Minister of Australia in the Scullin Labor government

The Life and Soul of the Party Brett Evans, 2001 Out of office and at sea the federal ALP has spent the past five years facing up to the causes of its electoral failure and the lessons for the future But despite the soul searching this work states that it is not clear that Labour has come up with a convincing case for its return to government

Work and Strife in Paradise Bradley Bowden, 2009 From Queensland's inception as a self governing colony in December 1859 the issue of labour relations has preoccupied governments and shaped the experiences of its working men and women However despite the often turbulent nature of labour relations in Queensland there has prior to this book been no attempt to provide an overview of the system as a whole This important addition to Queensland's sesquicentenary celebrations redresses this failure looking at the diverse range of experiences that together made up a unique system of labour relations including those of employers women workers indigenous workers unions the Queensland Industrial Relations Commission labour law industrial disputation the workings of health and safety system and life in regional areas It is argued that overall Queensland's system of industrial regulation was central to its economic and social development Despite past emphasis on the large scale strikes that periodically raked the state this book finds that consensus normally prevailed

opened by surprise with the slashing sword of Captain Francis de Groot the birth of the Australian Broadcasting Commission the mysterious death of the beloved race horse Phar Lap the controversial dismissal of NSW Premier Jack Lang and the start of cricket's infamous Bodyline series Those were among the best remembered incidents but there were others from an epic outback rescue of two lost aviators to the most expensive divorce case ever heard that reflected the distinctive flavour of the times Overshadowing all else the Great Depression seemed to single Australians out for special punishment pushing a fragile young society to the brink of disintegration By 1932 the worst of it a third of the population had been reduced to living like refugees in their own land while a lucky few emerged rich as third world rajahs Acclaimed journalist and author Gerald Stone takes us on an exhilarating and fascinating journey through a year that quite literally changed a nation Evocative and brilliantly researched this is a book that turns history into compelling reading at its very best Alas it Seems Cruel Peter Bell, 2013 Peter Bell grew up in Cairns in the 1960s a few years after the town of Mount Mulligan had been abandoned He went to school with members of the dispersed community and he heard stories about the mine disaster that had happened in their grandparent's time

A Global History of Gold Rushes Benjamin Mountford, Stephen Tuffnell, 2018-10-16 Nothing set the world in motion like gold Between the discovery of California placer gold in 1848 and the rush to Alaska fifty years later the search for the precious yellow metal accelerated worldwide circulations of people goods capital and technologies A Global History of Gold Rushes brings together historians of the United States Africa Australasia and the Pacific World to tell the rich story of these nineteenth century gold rushes from a global perspective Gold was central to the growth of capitalism it whetted the appetites of empire builders mobilized the integration of global markets and economies profoundly affected the environment and transformed large scale migration patterns Together these essays tell the story of fifty years that changed the world

Neither Power Nor Glory Paul Strangio, 2012 When Frank Hardy published *Power Without Glory* his notorious novel about corruption and venality in the Victorian Labor Party it quickly came to be seen as a true account of the party Until now there has been no authoritative chronicle of the struggles of political Labor in Victoria from its origins in the mid nineteenth century through to the calamitous split of the 1950s By conventional measures these were fallow years Ensnared by the colony's powerful liberal protectionist tradition in the late nineteenth century Victorian Labor then found itself hindered by a grossly unfair electoral system and the lack of a constituency outside Melbourne's industrial suburbs But exile from government also meant that the party developed its own distinctive traditions and culture It was a unique and intriguing species among the state Labor parties Meticulously researched and elegantly written *Neither Power Nor Glory* fills an important gap in Australian political history and our understanding of the Labor Party It is also a timely antidote to nostalgia about Labor's past In Victoria at least that past was anything but golden

McCawley and Trethowan - The Chaos of Politics and the Integrity of Law - Volume 2 Ian Loveland, 2021-07-01 In the second part of this two volume study Ian Loveland delves deeply into the immediate historical and political context of the Trethowan litigation which began in New

South Wales in 1930 and reached the Privy Council two years later The litigation centred on the efforts of a conservatively inclined government to prevent a future Labour administration led by the then radical politician Jack Lang abolishing the upper house of the State's legislature by entrenching the existence of the upper house through the legal device of requiring that its abolition be approved by a state wide referendum The book carefully examines the immediate political and legal routes of the entrenchment device fashioned by the State's Premier Sir Thomas Bavin and his former law student colleague and then Dean of the Sydney University law school Sir John Peden and places the doctrinal arguments advanced in subsequent litigation in the State courts before the High Court and finally in the Privy Council in the multiple contexts of the personal and policy based disputes which pervaded both the State and national political arenas In its final chapter the book draws on insights provided by the detailed study of McCawley in volume one and Trethowan to revisit and re evaluate the respective positions adopted by William Wade and Ivor Jennings as to the capacity of the United Kingdom's Parliament to introduce entrenching legislation which would be upheld by the courts *My Name Is Ross* Ross Fitzgerald,2010-10

Money Men Chris Bowen,2015-08-03 How much do we know about the second most important office in the nation Who was Australia's first treasurer Who resigned because of a relationship breakdown with the PM And who did Frank Hardy base his character Ted Thurgood in *Power without Glory* on The Money Men is the first in depth look at the twelve most notable and interesting men to have held the office of Treasurer of Australia Former Treasurer Chris Bowen brings a unique insider perspective to the lessons learned from the successes and failures of those who went before him Who does Chris Bowen think has been Australia's most exceptional Treasurer With revealing interviews of the five last treasurers The Money Men dares to answer that question [Fame Games](#) Graeme Turner,Frances Bonner,P. David Marshall,2000-10-12 The areas of publicity public relations and promotions have been considered to be on the periphery of the media Yet this revealing new book demonstrates that they form a fundamental component of the media industries with the decline of hard news being accompanied by the rise of gossip and celebrity In addition to making a substantial contribution to our understanding of the cultural function of celebrity Fame Games outlines how the promotion industry has developed and how celebrity is produced promoted and traded within the Australian media While their analysis will inform academic debates on media practice internationally the authors have taken the unique step of investigating the workings of the Australian promotion industry from within Interviews with over 20 publicists promoters agents managers and magazine editors have provided a wealth of information about the processes through which celebrity in Australia is produced *The Cosmopolitan Empire* Peter Gerard
