**Rethinking the Dates of the New Testament** Jonathan Bernier, 2022-05-03 This paradigm shifting study is the first book length investigation into the compositional dates of the New Testament to be published in over forty years It argues that with the notable exception of the undisputed Pauline Epistles most New Testament texts were composed twenty to thirty years earlier than is typically supposed by contemporary biblical scholars What emerges is a revised view of how quickly early Christians produced what became the seminal texts for their new movement

**The Archaeology Of The New Testament** Jack Finegan, 2019-06-21 The Archeology of the New Testament is the authoritative illustrated account of what is presently known about the chief sites and monuments connected with the life of Jesus and the history of the early church To follow the order of the New Testament it first investigates sites connected with John the Baptist and then proceeds to Bethlehem and

[The Making of the New Testament Documents](#) E. Earle Ellis, 2021-10-25 The Making of the New Testament Documents investigates literary tradition and their implications for the authorship origin and dating of the New Testament Gospels and letters Building upon earlier

research it identifies and compares preformed pieces that in the letters call into question the traditional view that the letters were the sole product of an individual whose authorship could be vetted by internal criteria of vocabulary style and theological expression The numerous and diverse epistolary traditions many non authorial argue for a kind of corporate authorship that until now has been unappreciated and apparently unknown to critical scholarship A comparison of the traditions and of the common opposition they sometimes have in view supports a synchronic relationship of the various New Testament documents all of which with the exception of John s Gospel and letters reflect the pre AD 70 period It thus challenges the tradition of F C Baur still widely followed that apart from a few Pauline letters dates New Testament writings from the last decades of the first century to the first half of the second The author contends that the New Testament is the product of four contemporaneous and cooperating apostolic missions each of which produced a Gospel and a number of letters and each of which faced the same judaizing gnosticizing countermission These four allied missions shared both Gospel and epistolary traditions even as they pursued their discrete tasks in the service of the church The arguments of this book if persuasive will require a reassessment of the history of early Christianity This publication has also been published in paperback please click here for details      *The Big Book of Christian Apologetics* Norman L. Geisler, 2012-11-01 The Big Book of Christian Apologetics is a comprehensive resource designed to equip motivated believers with information to help defend and explain their faith Examining nearly every key issue person and concept related to Christian apologetics this book clarifies difficult biblical passages clearly explains various philosophical systems and concepts examines contemporary issues and challenges and offers classic apologetic arguments all with the aim of giving readers the background to intelligently and persuasively talk about their Christian faith with skeptics An expertly abridged version of the Baker Encyclopedia on Christian Apologetics this resource brings leading apologist Norman L Geisler s seminal work to the masses      [Jesus and Christian Origins](#) Ben Wiebe, 2019-02-26 There has been a varied range of studies on Jesus Though now it seems there is a pause and perhaps opening to new orientation with the aim not simply to cover old ground or repeat past mistakes This is a study of Jesus and Christian origins with a primary focus on the Gospels There have been comprehensive and important contributions like N T Wright s *The New Testament and the People of God* At the same time more defined studies have appeared The purpose here is not to develop particular New Testament themes as such Rather in this volume the writers take up Gospel related topics in the context of the early church in order to illuminate specific baselines for New Testament interpretation and to discern directions toward a new paradigm There is much to do The need to take account of reception history and so of the external evidence for the New Testament documents also eyewitness and oral tradition as embodied in the Gospel accounts The genre of the Gospels with reference to biography or history has its own importance The reception and authority of the Gospels in the early church marks another baseline Jesus in his Jewish context and in relation to emerging Christianity is also a critical baseline for interpretation      [Text and Interpretation](#) Robert McLachlan

Geisler,2013-05-15 World famous apologist Norman Geisler offers a new edition of his bestselling apologetics text which has sold consistently for over thirty years over 125 000 copies sold This edition has been updated throughout and includes three new chapters It offers readers a systematic approach that presents both the reasons and the methods for defending the claims of Christianity Topics covered include deism theism Christ s authority and the inspiration of the Bible *Johannine Studies 1975-2017* Francis J. Moloney,2017-03-13 The voice of Francis J Moloney has been heard in Johannine studies for many decades This volume gathers shorter journal articles from a publishing career that began in 1975 placing them together with new studies that appear for this first time and thus complementing Moloney s already well known commentary and scholarly monographs on the Fourth Gospel The author s work has encompassed all areas of Johannine scholarship the world that produced and first received the Fourth Gospel its theology and Christology and critical analysis of much discussed passages Well known for his extensive use of narrative and reader response criticism Francis J Moloney has in more recent years developed an interpretation of the gospel which suggests that the author s of this narrative regarded their work as the completion of scripture This unique collection therefore not only provides the past publications of a significant Johannine scholar but also reflects the development of Johannine scholarship from 1975 until today The Origins of John's Gospel Stanley E. Porter,Hughson T. *Revelation* Michael Scantlebury, 2023-02-28 As we study the prophecy within this book we will see how it ties in with Jesus prophecy recorded in Matthew 24      *Redrawing the Boundaries* J. V. M. Sturdy, 2014-12-18 Was the New Testament written in the early first century CE or at a much later date Sturdy's work was conceived as a reply to John Robinson's *Reading the New Testament* which dated the New Testament material very early Sturdy argued that the Pauline letters are in places interpolated Colossians Ephesians and the Pastorals are pseudonymous and that Luke and Acts are not by the same author He believed that Matthew was the last Synoptic Gospel to be written with John assigned to the period 140 CE *Redrawing the Boundaries* offers a radical approach to New Testament Studies that stands in a long tradition of scholarship represented by the Tuebingen School in Germany      *The Gospel of John in Modern Interpretation* Stanley E. Porter, Ron C. Fay, 2018-10-30 *The Gospel of John in Modern Interpretation* provides a unique look at the lives and work of eight interpreters who have significantly influenced Johannine studies over the last two centuries The chapters contain short biographical sketches of the scholars that illuminate their personal and academic lives followed by summaries and evaluations of their major works and concluding with an analysis of the ongoing relevance of their work in contemporary Johannine scholarship Key thinkers surveyed include C H Dodd Rudolph Bultmann Raymond Brown Leon Morris and R Alan Culpepper An introduction and conclusion by general editors Stanley Porter and Ron Fay trace the development of Johannine scholarship from F C Baur to the present and examine how these eight scholars' contributions to Johannine studies have shaped the field Anyone interested in the recent history of the study of John will find this volume indispensable      *Did Jesus Really Rise from the Dead?* Thomas A. Miller, 2013-02-28 How can a respected scientist believe in the resurrection Can I trust the Bible's account that Jesus actually rose from the dead If the resurrection really occurred of what importance is it to you and me Our ready embrace of the authority of science has left many doubting that Jesus's resurrection was a verifiable historical event Yet Thomas Miller an experienced scientist and well respected surgeon challenges the notion that modern medicine has disproved the possibility of the resurrection Through careful investigation of the evidence and evaluation of its reliability Dr Miller demonstrates that science and religion are not incompatible and makes a compelling case for the reality of the resurrection
