Global Crisis Geoffrey Parker, 2020-08-11 The acclaimed historian demonstrates a link between climate change and social unrest across the globe during the mid 17th century Revolutions droughts famines invasions wars regicides government collapses the calamities of the mid seventeenth century were unprecedented in both frequency and severity The effects of what historians call the General Crisis extended from England to Japan and from the Russian Empire to sub Saharan Africa and the Americas In this meticulously researched volume historian Geoffrey Parker presents the firsthand testimony of men and women who experienced the many political economic and social crises that occurred between 1618 to the late 1680s He also incorporates the scientific evidence of climate change during this period into the narrative offering a strikingly new understanding of the General Crisis Changes in weather patterns especially

longer winters and cooler and wetter summers disrupted growing seasons and destroyed harvests This in turn brought hunger malnutrition and disease and as material conditions worsened wars rebellions and revolutions rocked the world

Polygamy and Sublime Passion Keith McMahon,2009-11-24 For centuries of Chinese history polygamy and prostitution were closely linked practices that legitimized the polygynous male the man with multiple sexual partners Despite their strict hierarchies these practices also addressed fundamental antagonisms in sexual relations in serious and constructive ways Qing fiction abounds in stories of female resistance and superiority Women main wives concubines and prostitutes were adept at exerting control and gaining status for themselves while men indulged in elaborate fantasies about female power In *Polygamy and Sublime Passion* Keith McMahon introduces a new concept passive polygamy to explain the unusual number of Qing stories in which women take charge of a man s desires turning him into an instrument of female will To this he adds a story that haunted the institutions of polygamy and prostitution the tale of sublime passion in which the main characters are a remarkable woman and her male lover Throughout the book McMahon examines how polygamy prostitution and the story of sublime passion encountered the first stages of paradigmatic change in the nineteenth century decades before the legal abolition of polygamy By the end of the Qing dynasty in 1911 love stories were celebrating the exploits of street smart prostitutes who fleeced gullible patrons in the bustling city of Shanghai What do these characters have in common with their early counterparts as men and women became inhabitants of a new city in an era flooded with ideas from radically foreign sources all of this taking place in a time of economic and cultural dislocation McMahon reads late Qing love stories in a historically symbolic way taking them as part of a larger fantasy of Chinese civilization undergoing a fundamental crisis The polygamous marriage and the affairs of the brothel became metaphorical staging grounds for portraying the destiny of China on the verge of modernity Finally McMahon speculates on the changes polygamous sexuality

underwent after the Qing dynasty ended and whether it exerted a residual influence in later times Polygamy and Sublime Passion will undoubtedly engage those interested in Chinese society culture literature and gender studies as well as comparativists seeking to understand the diverse responses to modernization around the world Routledge Handbook of Traditional Chinese Literature Victor Mair,Zhenjun Zhang,2025-01-30 This Handbook presents a comprehensive overview of 3 000 years of Chinese literature from its earliest beginnings to the end of the Qing 1644 1911 the last empire of China With a focus on well known authors and masterpieces in each important genre this volume covers verses prose drama and fiction arranged in the following thematic groupings Pre Qin and Han poetry poetry of the Six Dynasties poetry of the Tang poetry of the Song and lyrics of the Song Prose of historians prose of philosophers and literati prose Tragedy and romance in Yuan drama southern plays of ethics and chuanqi plays of the Ming and the Qing Classical language tales vernacular short stories heroic romances novels of spirits and devils novels of manners and satire and novels of social exposure and prostitution Featuring both introductions and in depth analyses this Handbook incorporates the most recent scholarly works for each entry and also facilitates future research by providing further readings Authored by a stellar line up of experts in the field of Chinese literature this is an essential reference guide for all students and scholars in the fields of Chinese literature and culture **Love, Hatred, and Other Passions** Paolo Santangelo,Donatella Guida,2006-12-01 This volume aims at starting a debate on functions role and relevance of states of mind in Chinese History and civilization It focuses on an anthropological aspect of human experience the affective world as it is represented and evaluated in the various sources A number of well known specialists ranging from the philosophical basic concepts to some fundamental questions about terminology analyze literary historical and judicial materials this collection of essays presents different opinions experiences and perspectives on the understanding of emotional and mental states in Chinese civilization as well as about the difficulties met on the topic A fascinating and useful reading for all those who are interested in humanities and in the history of mentality Europe as the Other Judith Becker,Brian Stanley,2013-12-11 There has been much academic debate over recent years on Europe defining itself over against the Other This volume asks from the opposite perspective What views did non Europeans hold of European Christianity In this way the volume turns the agency of definition over to non Europeans Over the last centuries the contacts between Europeans and non Europeans have been diverse and complex Non Europeans encountered Europeans as colonialists traders missionaries and travellers Most of those Europeans were Christians or were perceived as Christians Therefore in terms of religion Europe was often identified with Christianity Europeans thus also conveyed a certain image of Christianity to non European countries At the same time non Europeans increasingly travelled to Europe and experienced a kind of Christianity that often did not conform to the picture they had formed earlier Their descriptions of European Christianity ranged from sympathetic acceptance to harsh criticism The contributions in this volume reveal the breadth of these opinions They also show that there is no clear line of division between insiders and outsiders but that Europeans could

sometimes perceive themselves as being outsiders in their own culture while non Europeans could adopt insider perspectives Furthermore from these encounters new religious and cultural expressions could emerge *Copyright Matters* Lena Henningsen,2010 In her first book Lena Henningsen offers five studies that challenge the wide spread prejudice among the Western Press that China is an empire of plagiarism sometimes even referred to as the People s Republic of Cheats By analyzing the cases of convicted plagiarist Guo Jingming the victim of plagiarism Han Han the follow up publications to Jiang Rong s Wolf s Totem the Harry Potter fakes and fan fiction as well as discussions of academic plagiarism Henningsen proves that copyright increasingly matters to Chinese writers Confronted with instances of copyright infringements on their own works they voice their opposition and fight for their rights be it through legal action or their writing At the same time the author demonstrates that a text that is commonly considered to be plagiarized or imitated may turn out to be a highly creative work in its own right for example when Harry Potter appears as a timid exchange student in China Therefore Henningsen opts for a literary reading of these derivative works and argues that imitation may at times be a creative tool While these two central arguments appear to be contradictory the author shows that they represent two sides of the same coin the emergence of a new self conception among Chinese authors as they struggle to recast their relationship with society and state Book Jacket **Nan Nü** ,1999 中国当代文学名著丛书,2004-11-01 N A [Current Contents.
