Wald, 2011-04-01 The second of three volumes by Alan Wald that track the political and personal lives of several generations of U S left wing writers Trinity of Passion carries forward the chronicle launched in Exiles from a Future Time The Forging of the Mid Twentieth Century Literary Left In this volume Wald delves into literary emotional and ideological trajectories of radical cultural workers in the era when the International Brigades fought in the Spanish Civil War 1936-39 and the United States battled in World War II 1941-45 Probing in rich and haunting detail the controversial impact of the Popular Front on literary culture he explores the ethical and aesthetic challenges that pro Communist writers faced Wald presents a cross section of literary talent from the famous to the forgotten the major to the minor The writers examined include Len Zinberg aka Ed Lacy John Oliver Killens Irwin Shaw Albert Maltz Ann Petry Chester Himes Henry Roth Lauren Gilfillan Ruth McKenney Morris U Schappes and Jo Sinclair He also uncovers dramatic new information about Arthur Miller's complex commitment to the Left Confronting heartfelt questions about Jewish masculinity racism at the core of liberal democracy the corrosion of utopian dreams and the thorny interaction between antifascism and Communism Wald re-creates the intellectual and cultural landscape of a remarkable era Lives of the Novelists Carl Rollyson, 2005-10 Is there a right way to write a literary life In this collection of columns from the New York Sun Carl Rollyson explores the relationship between narrative and literary analysis Should biographies be written in the style and form of novels How to balance the life and the work How much literary criticism can a biography absorb into its narrative Rollyson proposes a number of apologies for biography including the thought that in the right hands the literary biography is a continuation not only of the writer's work and life In such instances there seems to be a symbiosis between biographer and subject In other cases biographies spearhead the rediscovery of important writers He rejects the idea that literary figures are not good subjects for biography because they are not men and women of action That literary biography is a kind of strip mining a pathography laying bare the subject's life to no good purpose is another canard this book demolishes The pieces here also expose the genre's weak points a proclivity for overstatement and excessive length the failure of biographers to build upon their predecessors work Rollyson invents a term biographology in order to discuss the biographical tradition How the Other Half Looks Sara

Blair, 2020-07-14 New York City's Lower East Side long viewed as the space of what Jacob Riis notoriously called the other half was also a crucible for experimentation in photography film literature and visual technologies This book takes an unprecedented look at the practices of observation that emerged from this critical site of encounter showing how they have informed literary and everyday narratives of America its citizens and its possible futures Taking readers from the mid nineteenth century to the present Sara Blair traces the career of the Lower East Side as a place where image makers writers and social reformers tested new techniques for apprehending America and their subjects looked back confronting the means used to represent them This dynamic shaped the birth of American photojournalism the writings of Stephen Crane and Abraham Cahan and the forms of early cinema During the 1930s the emptying ghetto opened contested views of the modern city animating the work of such writers and photographers as Henry Roth Walker Evans and Ben Shahn After World War II the Lower East Side became a key resource for imagining poetic revolution as in the work of Allen Ginsberg and LeRoi Jones and exploring dystopian futures from Cold War atomic strikes to the death of print culture and the threat of climate change How the Other Half Looks reveals how the Lower East Side has inspired new ways of looking and looking back that have shaped literary and popular expression as well as American modernity *Profane* Christopher S. Grenda, 2014-08-15 Humans have been uttering profane words and incurring the consequences for millennia But contemporary events from the violence in 2006 that followed Danish newspaper cartoons depicting the Prophet Mohammed to the 2012 furor over the Innocence of Muslims video indicate that controversy concerning blasphemy has reemerged in explosive transnational form In an age when electronic media transmit offense as rapidly as profane images and texts can be produced blasphemy is bracingly relevant again In this volume a distinguished cast of international scholars examines the profound difficulties blasphemy raises for modern societies Contributors examine how the sacred is formed and maintained how sacrilegious expression is conceived and regulated and how the resulting conflicts resist easy adjudication Their studies range across art history politics law literature and theology Because of the global nature of the problem the volume's approach is comparative examining blasphemy across cultural and geopolitical boundaries *American Biography* Carl Rollyson, 2006-02-22 This collection of reviews selected from Rollyson's New York Sun column is as much about the romance of biography as it is about the American lives Certain concerns resonate throughout the book the American left's failure to reckon with Communist subversion McCarthyism and Stalinism the problematic nature of authorized biography the history of American biography definitive biographies literary biography the differences between autobiography and biography the importance of interviews in biographies of contemporary figures the differences between history and biography comparative biographies the virtues of short biographies and of biographies for children the tendency of biographers to fictionalize and of novelists to biographize psychology and biography Rollyson's own experience as a biographer and the way biographers treat one another's work Too many biographers he believes evince no interest in the biographical tradition Concerned only with possession of their

subjects their proprietorial attitude deforms not only their biographies but also the genre itself If biography is reviewed badly receiving hardly more than a summary of the subject's life with a perfunctory nod to the biographer it is because the biographical tradition has been disregarded or discounted This book in other words has been written on the behalf of biography a genre that still awaits a full vindication **Henry Roth's Semi-autobiographical Tetralogy Mercy of a Rude Stream (1994-1998)** Alan Gibbs,2008

Exiles on Main Street Julian Levinson,2008-07-02 How have Jews reshaped their identities as Jews in the face of the radical newness called America Julian Levinson explores the ways in which exposure to American literary culture in particular the visionary tradition identified with Ralph Waldo Emerson and Walt Whitman led American Jewish writers to a new understanding of themselves as Jews Discussing the lives and work of writers such as Emma Lazarus Mary Antin Ludwig Lewisohn Waldo Frank Anzia Yezierska I J Schwartz Alfred Kazin and Irving Howe Levinson concludes that their interaction with American culture led them to improvise new and meaningful ways of being Jewish In contrast to the often expressed view that the diaspora experience leads to assimilation **Exiles on Main Street** traces an arc of return to Jewish identification and describes a vital and creative Jewish American literary culture **An American in the Making** M. E. Ravage,2009-05-19 At the turn of the twentieth century M E Ravage set off in steerage for America one of almost two million Jews who like millions of others from eastern and southern Europe were lured by tales of worldly success Seventeen years after arriving on Ellis Island Ravage had mastered a new language found success in college and engagingly penned in English this vivid account of the ordeals and pleasures of departure and assimilation Steven G Kellman brings Ravage's story to life again in this new edition providing a brief biography and introduction that place the memoir within historical and literary contexts **An American in the Making** contributes to a broader understanding of the global notion of America and remains timely especially in an era when massive immigration now from Latin America and Asia challenges ideas of national identity **Bohemian Bolsheviks** Alan M. Wald,2025-04-03 The rubric Bohemian Bolsheviks captures

Alan Wald's sustained fascination with persistent contradictions between the image of Left political commitment and the actuality of experience especially in relation to cultural work and cultural workers Marxist political alignment engages a welter of intimate and biographical factors enriching the record of a varied history of fiction poetry literary criticism and other intellectual practices Exploring a field of study marked by enduring paradoxes of modernity this volume is a sharp reminder that historical narrative not only shapes our sense of the terrain under our feet but also the horizon in front of us
