# Rediscoveries Of America The Meeting Of Cultures

**A. Donald MacLeod**

## **Rediscoveries Of America The Meeting Of Cultures:**

**Re-discoveries of America** Johan Callens,1993      **Anthropologists and the Rediscovery of America, 1886-1965**

John S. Gilkeson,2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold s the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective

*National Stereotypes in Perspective* ,2021-11-08 Since the late 18th century when they first entered into an alliance during the American Revolution the French and Americans have had a long and sometimes stormy relationship based on a complex mix of mutual admiration cultural criticism and sometimes downright disgust for the other The relatively new interdisciplinary field of imagology or image studies allows us to place the dynamics of such a relationship into perspective by grounding its analysis firmly in the study of national stereotypes in the process providing new insights into the mentality of the observer For if anything image studies demonstrate again and again that national character is not as assumed uncritically for centuries an innate essence of the other but rather a self serving functional construct of the observer

**"Framing the Ocean, 1700 to the Present "** Tricia Cusack,2017-07-05 Before the eighteenth century the ocean was regarded as a repulsive and chaotic deep Despite reinvention as a zone of wonder and pleasure it continued to be viewed in the West and elsewhere as uninhabited empty space This collection spanning the eighteenth century to the present recasts the ocean as social space with particular reference to visual representations Part I focuses on mappings and crossings showing how the ocean may function as a liminal space between places and cultures but also connects and imbricates them Part II considers ships as microcosmic societies shaped for example by the purpose of the voyage the mores of shipboard life and cross cultural encounters Part III analyses narratives accreted to wrecks and rafts what has sunk or floats perilously and discusses attempts to recuperate plastic flotsam Part IV plumbs ocean depths to consider how underwater creatures have been depicted in relation to emergent disciplines of natural history and museology how mermaids have been reimagined as a metaphor of feminist transformation and how the symbolism of coral is deployed by contemporary artists This engaging and erudite volume will interest a range of scholars in humanities and social sciences including art and cultural historians cultural geographers and historians of empire travel and tourism      *Reframing Japonisme* Elizabeth Emery,2020-09-17 Japonisme the nineteenth century fascination for Japanese art has generated an enormous body of scholarship since the

beginning of the twenty first century but most of it neglects the women who acquired objects from the Far East and sold them to clients or displayed them in their homes before bequeathing them to museums The stories of women shopkeepers collectors and artists rarely appear in memoirs left by those associated with the japoniste movement This volume brings to light the culturally important yet largely forgotten activities of women such as Cl mence d Ennery 1823 1898 who began collecting Japanese and Chinese chimeras in the 1840s built and decorated a house for them in the 1870s and bequeathed the Mus e d Ennery to the state as a free public museum in 1893 A friend of the Goncourt brothers and a fifty year patron of Parisian dealers of Asian art d Ennery s struggles to gain recognition as a collector and curator serve as a lens through which to examine the collecting and display practices of other women of her day Travelers to Japan such as the Duchesse de Persigny Isabella Stewart Gardner and Laure Durand Fardel returned with souvenirs that they shared with friends and family Salon hostesses including Juliette Adam Louise Cahen d Anvers Princesse Mathilde and Marguerite Charpentier provided venues for the discussion and examination of Japanese art objects as did well known art dealers Madame Desoye Madame Malinet Madame Hatty and Madame Langweil Writers actresses and artists Judith Gautier Th r se Bentzon Sarah Bernhardt and Mary Cassatt to name just a few took inspiration from the Japanese material in circulation to create their own unique works of art Largely absent from the history of Japonisme these women and many others actively collected Japanese art interacted with auction houses and art dealers and formed collections now at the heart of museums such as the Louvre the Mus e Guimet the Mus e Cernuschi the Mus e Unterlinden and the Metropolitan Museum of Art Crossings Johan Callens, 2009-10-02 In a career spanning forty years the Chicago born David Mamet 1947 not only left his imprint on American drama with stage classics like American Buffalo Glengarry Glen Ross and Oleanna he systematically ventured into different genres and media as a way of experimenting honing his craft and broadening his audiences The international scholars assembled in the present volume assess Mamet s career to date focussing particularly on his forays into film television the novel and adaptation translation as well as on how his work fared in the hands of other artists whether with serious or comic intentions By measuring his works diverse incarnations against each other his more apodictic theorizings and essays in the light of formal institutional and historical determinants this volume also contributes to a more general reflection on the intermedial and interdisciplinary practice of contemporary artists **The Rediscovery of America** Ned Blackhawk, 2023-04-25 A sweeping and overdue retelling of U S history that recognizes that Native Americans are essential to understanding the evolution of modern America The most enduring feature of U S history is the presence of Native Americans yet most histories focus on Europeans and their descendants This long practice of ignoring Indigenous history is changing however with a new generation of scholars insists that any full American history address the struggle survival and resurgence of American Indian nations Indigenous history is essential to understanding the evolution of modern America Ned Blackhawk interweaves five centuries of Native and non Native histories from Spanish colonial exploration to the rise of

Native American self determination in the late twentieth century In this transformative synthesis he shows that European colonization in the 1600s was never a predetermined success Native nations helped shape England s crisis of empire the first shots of the American Revolution were prompted by Indian affairs in the interior California Indians targeted by federally funded militias were among the first casualties of the Civil War the Union victory forever recalibrated Native communities across the West twentieth century reservation activists refashioned American law and policy Blackhawk s retelling of U S history acknowledges the enduring power agency and survival of Indigenous peoples yielding a truer account of the United States and revealing anew the varied meanings of America

**Reports of the President and the Treasurer - John Simon Guggenheim Memorial Foundation** John Simon Guggenheim Memorial Foundation,1990 Includes biographies of fellows appointed reappointments publications musical compositions academic appointments and index of fellows **The American**

**Humanities Index** Stephen H. Goode,1996 Communicating and Adapting Across Cultures Riall Nolan,1999-04-30 Today more Americans than ever are going abroad to visit work or study Increasingly the ability to communicate and work in cross cultural situations is seen as an important determinant of success in business government education and the social services Being successful depends less on what you know of a particular culture than it does on what you know about managing new cultural situations This book provides a comprehensive and practical guide to communicating learning and adapting within any new cultural environment It begins by examining what culture is and why it is important It then goes on to outline the process of cross cultural adjustment and presents some highly effective tools and strategies for avoiding culture shock while encouraging learning Advice on learning a language preparing for the transition settling in working and living overseas and planning re entry into U S culture is given One of the book s most useful features is the presentation of a detailed plan for actually making the transition from one culture to another It also provides a detailed chapter on re entering the home environment again to aid in minimizing shock and anxiety The skills learned from this book are essential to success and can be put to use in any new culture anywhere in the world American Studies International ,1993 *Splendor, Decline, and Rediscovery of Yiddish in Latin America* Malena Chinski,Alan Astro,2018-08-27 Splendor Decline and Rediscovery of Yiddish in Latin America presents Yiddish culture as it developed in an area seldom associated with the language Yet several countries Argentina Brazil Cuba Mexico and Uruguay became centers for Yiddish literature journalism political activism theater and music Chapters by historians linguists and literary critics explore the flourishing of Yiddish there in the early 20th century its retraction in the 1960 s and contemporary endeavors to rescue this marginalized legacy Topics discussed in the volume include the literary figures of the Jewish gaucho and the peddler the regional Yiddish press the communal struggle against trafficking in women cultural responses to the Holocaust intra Jewish conflict during the Cold War debates on assimilation versus tradition and emergent postvernacular Yiddish The editors explain the renewed interest in or revival of Yiddish in Latin America from the 1980s on as part of a broader global phenomenon This volume sheds light on that

phenomenon while also being a part of it Amy Kerner Brown University Estudios Interdisciplinarios de Am rica Latina 30 1 2019 As a pioneering scholarly anthology in its field Splendor Decline and Rediscovery of Yiddish in Latin America is to be warmly greeted Zachary M Baker Stanford University Journal of Jewish Identities 13 1 2020 **C. Stacey Woods and the Evangelical Rediscovery of the University** A. Donald MacLeod, 2007-05-16 C Stacey Woods was a moving force in mid century American evangelicalism A Donald MacLeod tells the story of a man of great strengths and weaknesses whose most striking achievement was perhaps encouraging fundamentalism to actively engage the university **American Studies**, 1995 **The Insular Dream** Charles Altieri, 1995 This multidisciplinary collection of essays by some of Europe s foremost Americanists deals with the United States as an island nation America s trade policies its foreign military ventures its humour and its literature are all marked by the country s paradoxical desire to withdraw from the wider world beyond its oceans while yet serving as its exemplar The essays covering aspects of legal and political studies history and literature probe the intersection between the national and the international As such they constitute an important contribution to the study of America s self definition **American Studies International Newsletter**, 1988 *America, History and Life*, 1996 Article abstracts and citations of reviews and dissertations covering the United States and Canada *African American Culture* Omari L. Dyson, Judson L. Jeffries Ph.D., Kevin L. Brooks, 2020-07-23 Covering everything from sports to art religion music and entrepreneurship this book documents the vast array of African American cultural expressions and discusses their impact on the culture of the United States According to the latest census data less than 13 percent of the U S population identifies as African American African Americans are still very much a minority group Yet African American cultural expression and strong influences from African American culture are common across mainstream American culture in music the arts and entertainment in education and religion in sports and in politics and business African American Culture An Encyclopedia of People Traditions and Customs covers virtually every aspect of African American cultural expression addressing subject matter that ranges from how African culture was preserved during slavery hundreds of years ago to the richness and complexity of African American culture in the post Obama era The most comprehensive reference work on African American culture to date the multivolume set covers such topics as black contributions to literature and the arts music and entertainment religion and professional sports It also provides coverage of less commonly addressed subjects such as African American fashion practices and beauty culture the development of jazz music across different eras and African American business *International Books in Print*, 1986 *Journey, Rediscovery and Narrative* Ricardo Cicerchia, 1998
