*The Enlightenment Rediscovery of Egyptology* Angela Scattolin Morecroft,2017-12-14 In 1759 the botanist and scientist Vitaliano Donati led an expedition to Egypt under the patronage of King Carlo Emanuele III of Sardinia to acquire Egyptian antiquities for the Museum in Turin Charting his tumultuous expedition this book reveals how in spite of his untimely death in 1762 Donati managed to send enough items back to Turin to lay the foundations for one of the earliest and largest systematic collections of Egyptology in Europe and

help to bring the world of ancient Egypt into the consciousness of Enlightenment scholarship Whilst the importance of this collection has long been recognised its exact contents have been remained largely unknown War the Napoleonic occupation of Italy and the amalgamation and reorganisation of museum collections resulted in a dispersal of objects and loss of provenance As a result it had been supposed that the actual contents of Donati s collection could not be known However the discovery by Angela Morecroft in 2004 of Donati s packing list reveals the exact quantity and type of objects that he acquired offering the possibility to cross reference his descriptions with unidentified artifacts at the Museum By examining Donati s expedition to Egypt and seeking to identify the objects he sent back to Turin this book provides a fascinating insight into early collecting practice and the lasting historical impact of these items As such it will prove a valuable resource for all those with an interest in the history of museums and collecting as well as enlightenment travels to Egypt

*The Renaissance Rediscovery of Intimacy* Kathy Eden,2017-11-06 In 1345 when Petrarch recovered a lost collection of letters from Cicero to his best friend Atticus he discovered an intimate Cicero a man very different from either the well known orator of the Roman forum or the measured spokesman for the ancient schools of philosophy It was Petrarch s encounter with this previously unknown Cicero and his letters that Kathy Eden argues fundamentally changed the way Europeans from the fourteenth through the sixteenth centuries were expected to read and write The Renaissance Rediscovery of Intimacy explores the way ancient epistolary theory and practice were understood and imitated in the European Renaissance Eden draws chiefly upon Aristotle Cicero and Seneca but also upon Plato Demetrius Quintilian and many others to show how the classical genre of the familiar letter emerged centuries later in the intimate styles of Petrarch Erasmus and Montaigne Along the way she reveals how the complex concept of intimacy in the Renaissance leveraging the legal affective and stylistic dimensions of its prehistory in antiquity pervades the literary production and reception of the period and sets the course for much that is modern in the literature of subsequent centuries Eden s important study will interest students and scholars in a number of areas including classical Renaissance and early modern studies comparative literature and the history of reading rhetoric and writing
