students articulates a biblical model for shepherding God's people. Written by a leading psychologist and seminary professor who has served as a pastor for more than two decades, the book covers twelve major areas of pastoral ministry, highlights the essential work of the Holy Spirit, and focuses on the personal and family life of the pastor. It includes cross-cultural perspectives of special interest in our diverse world and a foreword by John Ortberg. **Pastoral Leadership** Won Sang Lee, 2015-01-14. In ascending to heaven, Jesus Christ gave the church the Great Commission to expand the gospel to all nations. Despite this biblical commission, it is still an unfinished task. As leaders of local churches, pastors play a crucial part in this endeavor. Pastoral leadership principles have varied widely throughout history, yet it is interesting to discover the similarities between pastoral leadership principles practiced by John Chrysostom AD 347-407 in Antioch and Constantinople and Won Sang Lee 1937 in Washington DC. Despite ministering 1600 years apart, both pastors share the same core values: care for people, Christ-like character, biblical preaching, and world missions. This suggests that continued emphasis on these principles will play a significant role in fulfilling the Great Commission independent of time and place. **The Mentoring Church** Phil A. Newton, 2020-01-06. Ministry Book of the Year. The Gospel Coalition 2017 Book Awards. The critical missing element in Christian mentoring today is the congregation. Bringing up future leaders isn't just the job of the pastor but of the whole congregation. This is an urgently needed book in churches today. R. Albert Mohler Jr., president of The Southern Baptist Theological Seminary, says, "Young emerging leaders of the church, many of whom have gone through leadership training and traditional mentorship programs, still too often find themselves unprepared for the realities of ministry. Many leave the ministry altogether, overwhelmed." Phil Newton reveals a critical gap: single-source mentorship is incomplete. Mentoring must involve the congregation, not just senior pastors, in order to bring forth mature, resilient leaders prepared for all that ministry entails. The solid, practical solutions in **The Mentoring Church** offer churches of any size both the vision for mentoring future leaders and a workable template to follow. With insightful consideration of theological, historical, and contemporary training models for pastor-church partnerships, Newton is a reliable guide to developing a church culture that equips fully prepared leaders. **PASTORAL COUNSELING** Edward D. Andrews, 2024-06-27. **PASTORAL COUNSELING: Skillful Counselors Are a Blessing to Their Churches** is an essential guide for pastors who seek to deepen their counseling ministry. Rooted in biblical wisdom and practical application, this comprehensive resource equips church leaders to address a wide range of pastoral challenges with confidence and compassion. In today's complex world, individuals and families face unprecedented difficulties that require thoughtful and effective counseling. A Theological Examination of Symbolism in Ezekiel with Emphasis on the Shepherd Metaphor Joel K. T. Biwul,2013-12-14 This book addresses one of the ever aching problems of human society failed leadership in secular and sacred domains It points out from Ezekiel's use of symbolism and shepherd motif what society stands to suffer and or lose under a bad human leadership structure and bad governance This plays out in the book's x ray of the characteristics of sheep needing a shepherd Dr Biwul contends that Ezekiel used symbolic sign acts to indict both Israel's bad and imperfect human shepherds as well as the Babylonian exiles as being responsible for their plight for not

upholding the norms of Deuteronomic theology. Particularly he argues forcefully from Ezekiel's shepherd motif that a major factor responsible for the exile of Israel as a covenant community is the massive failure of its bad and imperfect human shepherds who did not possess the requisite shepherding qualities inherent in Yahweh as chief shepherd of Israel. Biwul therefore draws particular attention to the reality of Ezekiel's use of the recognition formula when Yahweh acts at last to restore his people. This is rooted in the theological eschatological motif which would come to its full reality in the anticipated eschatological community when Yahweh would shepherd his people.

Am I Called? (Foreword by Matt Chandler) Dave Harvey, 2012-03-31 Many men have the skills to lead a church but only some are called. Dave Harvey helps men considering pastoral ministry to see God's active role in the process of discerning their calling. God's Word offers a clear framework for evaluating one's call, especially within the context of community. Harvey offers six diagnostic questions to help prospective pastors process their calling and what they should be doing now if they aren't sure. Illustrated with personal and historical stories, Harvey explores biblical and practical principles for determining the pastoral call. Over the past twenty-four years of ministry, Harvey has enjoyed assisting many men in discerning whether they are called into ministry. This book will guide you through that all-important process with wisdom and confidence in God's faithfulness in your life.

The Vulgarization of Christ's Church Ronnie W. Rogers, 2017-04-14 This book seeks to clarify and demonstrate the incalculable and injurious influence that progressive education has had and is having upon preaching, thinking Christianly, and the local church. Progressive education began at the turn of the twentieth century, replacing classical education with what is purportedly a science-based education which necessarily results in scientism. This seismic shift in public education has not only affected what we learn but how we think. In order to enable the church to detect progressivism's deleterious sway and protect herself by being equipped with the progressive revelation of God and thereby counter the influence of progressive education of man, I seek to highlight some of the underlying intolerable essentials of progressive education. In the companion book to this one, *The Equipping Church: Somewhere Between Fundamentalism and Fluff*, I explain the biblical model for the local church and how to build such a church.

Comeback Churches Ed Stetzer, Mike Dodson, 2007-05-01 Research shows that over time most churches plateau and then eventually decline. Typically they start strong and experience periods of growth, then stagnate and lose members. Since 1991, the North American population has increased by 15 percent while the number of unchurched people has increased by 92 percent. Large church houses that were filled in the 1950s and 60s now hold a fraction of their capacity. To counter this trend, authors Ed Stetzer and Mike Dodson surveyed 300 churches from across ten different denominations that recently achieved healthy evangelistic growth after a significant season of decline. What they have discovered is an exciting method of congregation reinvigoration that is shared in the new book entitled *Comeback Churches*. Endorsements: As a successful pastor, church planter, researcher, and advisor to thousands of churches, Ed Stetzer speaks from a wealth of experience with all kinds of
