*Rediscovering Forgotten Radicals* Angela J. C. Ingram, Daphne Patai, 1993 *Rediscovering Forgotten Radicals* British Women Writers 1889 1939 *The American Radical* Mary Jo Buhle, 2013-02-01 *The American Radical* tells the story of American democracy from the late 18th century to the present through the lives of the women and men who have fought to advance it Modernist Sexualities Hugh Stevens, Caroline Howlett, 2000 Leading critics from Britain Canada and the US examine modernism s imaginative rethinkings of sex gender and sexuality Original essays show how modernism intersects with the suffragette movement technological change and its effects on women and labor the growth of pseudo scientific writings and the burgeoning lesbian and gay movement They show how modernism upsets the fixities of gender and sexuality through its fascination with ambiguities marginality and the crossing of borders Sex reformers and sex changers unsexed storytellers typewriters femme and butch experimenters suffragettes in wide brimmed hats musical and dramatic pageants adolescent delinquents sunbathers and dancing indigenes all play a role in the heterodox and varied modernism revealed in these essays *Old Wine* Phyllis Bottome, 1998 Dramatizing the international sweep of Phyllis Bottome s political ethics feminism and activism *Old Wine* is as meaningful today as it was prescient at its time of publication in 1924 *Old Wine* traces the demise of the Austro Hungarian Empire and the impact of modernity through an intricate network of political and sexual relationships among Viennese aristocrats new women and Jews all of whom suffer and survive their conflicts The combination of personal and political drama and analysis makes this novel as much a stunning political history as it is an aesthetic triumph **Working-Class Women Poets in Victorian Britain** Florence S. Boos, 2008-06-12 Though working class women in the nineteenth century included many accomplished and prolific poets their work has often been neglected by critics and readers in favour of comparable work by men Questioning the assumption that few poems by working class women had survived Florence Boos set out to discover supposedly lost works in libraries private collections and archives Her years of research resulted in this anthology *Working Class Women Poets in Victorian Britain* features poetry from a variety of women including an itinerant weaver a rural midwife a factory worker protesting industrialization and a blind Scottish poet who wrote in both the Scots dialect and English In addition to biographical information and contemporary reviews of the poets work the anthology also includes several photographs of the poets their environment and the journals in which their poems appeared *Hope Lies in the Proles* John Newsinger, 2018-03-20 George Orwell was one of the most significant literary figures on the left in the twentieth century While titles such as 1984 *Animal Farm* and *Homage to Catalonia* are still rightly regarded as modern classics his own politics are less well understood *Hope Lies in the Proles* offers a sympathetic yet critical account of Orwell s political thinking and its continued significance today John Newsinger explores various aspects of Orwell s politics detailing Orwell s attempts to change working class consciousness considering whether his attitude towards the working class was romantic realistic or patronising or all three at different times He also asks whether Orwell s anti

fascism was eclipsed by his criticism of the Soviet Union and explores his ambivalent relationship with the Labour Party Newsinger also breaks important new ground regarding Orwell's shifting views on the USA and his relationship with the progressive Left and feminism Focusing on the enduring interest in Orwell and his influence on current political causes the book is ultimately a unique nuanced attempt to demonstrate that Orwell remained a committed socialist up until his death

George Orwell and the Radical Eccentrics K. Bluemel, 2016-04-30 George Orwell and the Radical Eccentrics celebrates the lives literature and politics of a group of four radical eccentrics the Tory anarchist poet Stevie Smith the Marxist Indian nationalist Mulk Raj Anand and the glamour girl turned socialist Inez Holden who formed a friendly circle around the famously radical and eccentric George Orwell Demonstrating that Smith Anand and Holden matter for literary history just as they mattered for Orwell George Orwell and the Radical Eccentrics gives name and shape to a neglected movement within interwar and wartime English writing It focuses on the lives and texts of Smith Anand and Holden in order to argue that these three writers throw into question limiting assumptions about art and politics about standard relations between literary form and sex gender race class and empire in ways that their group's most influential radical Orwell cannot Embarking upon a kind of biographical political cultural literary criticism this book brings the radical eccentrics vital potentially transformative conversation to the attention of scholars of English literature for the first time suggesting fascinating new approaches to the study of literary London during the thirties and forties

*Fitting Sentences* Jason William Haslam,Jason Haslam,2005-01-01 *Fitting Sentences* is an analysis of writings by prisoners from the nineteenth and twentieth centuries in North America South Africa and Europe Jason Haslam examines the ways in which these writers reconfigure subjectivity and its relation to social power structures especially the prison structure itself while also detailing the relationship between prison and slave narratives Specifically Haslam reads texts by Henry David Thoreau Harriet Jacobs Oscar Wilde Martin Luther King Jr Constance Lytton and Breyten Breytenbach to find the commonalities and divergences in their stories While the relationship between prison and subjectivity has been mapped by Michel Foucault and defined as a strategic distribution of elements that act to exercise a power of normalization Haslam demonstrates some of the complex connections and dissonances between these elements and the resistances to them Each work shows how carceral practices can be used to attack a variety of identifications be they sexual racial economic or any of a variety of social categories By analysing the works of specific prison writers but not being limited to a single locale or narrow time span *Fitting Sentences* offers a significant historical and global overview of a unique genre in literature

*Animal Rights* Hilda Kean,1998-08-01 In the late twentieth century animals are news Parliamentary debates protests against fox hunting and television programs like *AnimalHospital* all focus on the way in which we treat animals and on what that says about our own humanity As vegetarianism becomes ever more popular and animal experimentation more controversial it is time to trace the background to contemporary debates and to situate them in a broader historical context Hilda Kean looks at the cultural and social role of animals from 1800 to the present at the way in which visual images and myths captured the popular imagination and encouraged sympathy for animals and outrage at their exploitation From early campaigns against the beating of cattle and ill treatment of horses to concern for dogs in war and cats in laboratories she explores the relationship between popular images and public debate and action She also illustrates how interest in animal rights and welfare was closely aligned with campaigns for political and social reform by feminists radicals and socialists A thoughtful effective and well written book *The Scotsman* It could hardly be more timely and its wonderful material is bound
