

A still life composition featuring a red book, lavender flowers, a glass of water, and a bowl of fruit on a light-colored surface. The book is open, showing blank pages, and is positioned diagonally. A sprig of lavender flowers rests on the right page. A clear glass filled with water is placed below the book. In the bottom left corner, there is a small bowl containing various fruits, including what appears to be a pear and some berries. The background is a soft, light-colored surface with some greenery visible on the right side.

## **Rediscovery Of Inner Experience:**

The Rediscovery of Inner Experience Lucy Bregman, 1982      Pitirim A. Sorokin: Rediscovering a Master of Sociology Emiliana Mangone, 2023-09-12 Pitirim A Sorokin is a controversial figure in the history of sociology of which he remains one of the masters Those who read Sorokin today must however frame the historical reality experienced by the scholar his Russian and American experiences because the evolution of his thought had several phases that correspond to his personal family and professional lives he founded and directed the Department of Sociology at Harvard University for many years This Russian American sociologist argued that socio cultural phenomena must be studied following their dynamism in space and time since the constituent elements personality society and culture are constantly changing and cannot be studied separately Reviving his thought is not a form of celebration but a moment to reflect on how some sociology classics still have their relevance and how all too often they are forgotten This is why this book takes up his main conceptualizations by anchoring them to contemporary society whose transformations are often difficult to read and above all to highlight how the role of sociology as a science has in part lost sight of its ontological foundation as a service to humanity or public service The theoretical paths taken by Sorokin range from Social and Cultural Dynamics to Social Mobility and to many other topics such as man and society in calamities or love and altruism one of Sorokin s latest topics All these topics can revive the idea of a sociology that holds together the micro meso and macro dimensions and allows us to predict changes in society

**Rediscovering Empathy** Karsten Stueber, 2010-08-13 Empathy as epistemically central for our folk psychological understanding of other minds a rehabilitation of the empathy thesis in light of contemporary philosophy of mind In this timely and wide ranging study Karsten Stueber argues that empathy is epistemically central for our folk psychological understanding of other agents that it is something we cannot do without in order to gain understanding of other minds Setting his argument in the context of contemporary philosophy of mind and the interdisciplinary debate about the nature of our mindreading abilities Stueber counters objections raised by some in the philosophy of social science and argues that it is time to rehabilitate the empathy thesis Empathy regarded at the beginning of the twentieth century as the fundamental method of gaining knowledge of other minds has suffered a century of philosophical neglect Stueber addresses the plausible philosophical misgivings about empathy that have been responsible for its failure to gain widespread philosophical acceptance Crucial in this context is his defense of the assumption very much contested in contemporary philosophy of mind that the notion of rational agency is at the core of folk psychology Stueber then discusses the contemporary debate between simulation theorists who defend various forms of the empathy thesis and theory theorists In distinguishing between basic and reenactive empathy he provides a new interpretive framework for the investigation into our mindreading capacities Finally he considers epistemic objections to empathy raised by the philosophy of social science that have been insufficiently discussed in contemporary debates Empathy theorists Stueber writes should be prepared to admit that although empathy can be regarded as the central default mode for understanding other agents there are certain limitations in its ability to make sense of other agents and there are supplemental theoretical strategies available to overcome these limitations

R. Dodds** Christopher

Stray, Christopher Pelling, Stephen Harrison, 2019-09-26 Rediscovering E R Dodds offers the first comprehensive assessment of a remarkable classical scholar who was also a poet with extensive links to twentieth century English and Irish literary culture the friend of Auden and MacNeice Dodds was born in Northern Ireland but made his name as Regius Professor of Greek at Oxford from 1936 to 1960 succeeding Gilbert Murray Before this he taught at Reading and Birmingham was active in the Association of University Teachers or AUT of which he became president and brought an outsider s perspective to the comfortable and introspective world of Oxford His famous book *The Greeks and the Irrational* 1951 remains one of the most distinguished and visionary works of scholarship of its time though much less well known is his long and influential involvement with psychic research and his work for the reconstruction of German education after the Second World War The contributions to this volume seek to shed light on these less explored areas of Dodds life and his significance as perhaps the last classicist to play a significant role in British literary culture as well as examining his work across different areas of scholarship notably Greek tragedy A group of memoirs one by his pupil and former literary executor Donald Russell and three by younger friends who knew visited and looked after Dodds in his last years complement this portrait of the influential scholar and poet offering a glimpse of the man behind the legacy      *Ecopsychology, Phenomenology, and the Environment*

Douglas A. Vakoch, Fernando Castrillón, 2014-02-17 This book seeks to confront an apparent contradiction that while we are constantly attending to environmental issues we seem to be woefully out of touch with nature The goal of Ecopsychology Phenomenology and the Environment is to foster an enhanced awareness of nature that can lead us to new ways of relating to the environment ultimately yielding more sustainable patterns of living This volume is different from other books in the rapidly growing field of ecopsychology in its emphasis on phenomenological approaches building on the work of phenomenological psychologists such as Maurice Merleau Ponty This focus on phenomenological methodologies for articulating our direct experience of nature serves as a critical complement to the usual methodologies of environmental and conservation psychologists who have emphasized quantitative research Moreover Ecopsychology Phenomenology and the Environment is distinctive insofar as chapters by phenomenologically sophisticated ecopsychologists are complemented by chapters written by phenomenological researchers of environmental issues with backgrounds in philosophy and geology providing a breadth and depth of perspective not found in other works written exclusively by psychologists      *Rediscover the Magick of the Gods and Goddesses* Jean-Louis de Biasi, 2014-07-08 The philosophical roots of much of Wicca and Paganism as well as Western ceremonial magick come from ancient Egypt In this thoroughly researched book the Grand Master of the Aurum Solis shares the history and evolution of the theurgic tradition including the origins of Hermeticism in

Egypt and the Mediterranean world the birthplace of the theurgic tradition and how to instructions for discovering the presence of the divine in the world Providing a seven step system of exercises and rituals to help the reader achieve higher levels of consciousness Jean Louis de Biasi also includes tips and techniques for working with sacred texts information about the five temples of the human being The Great Work the three cosmic rituals and the real planetary days A valuable resource for those interested in the history and practices of the Western Mystery Tradition      **Ferdinand Christian Baur and the History of Early Christianity** Martin Bauspiess,Christof Landmesser,David Lincicum,2017-02-10 Ferdinand Christian Baur 1792 1860 has been described as the greatest and at the same time the most controversial theologian in German Protestant theology since Schleiermacher The controversy was epitomized by a nineteenth century British critic who wrote that his theory makes of Christianity a thing of purely natural origin calls in question the authenticity of all but a few of the New Testament books and makes the whole collection contain not a harmonious system of divine truth but a confused mass of merely human and contradictory opinions as to the nature of the Christian religion The contributors to this volume however regard Baur as an epoch making New Testament scholar whose methods and conclusions though superseded have been mostly affirmed during the century and a half since his death This collection focuses on the history of early Christianity although as a historian of the church and theology Baur covered the entire field up to own time He combined the most exacting historical research with a theological interpretation of history influenced by Kant Schelling and Hegel The first three chapters discuss Baur s relation to Strauss M hler and Hegel Then a central core of chapters considers his historical and exegetical perspectives Judaism and Hellenism Gnosticism New Testament introduction and theology the Pauline epistles the Synoptic Gospels John the critique of miracle and the combination of absoluteness and relativity The final chapters view his influence by analyzing the reception of Baur in Britain Baur and Harnack and Baur and practical theology This work offers a multi faceted picture of his thinking which will stimulate contemporary discussion      **Rediscovering Worship** Wendy Porter,2015-06-16 Many opinions contend in the church today for what constitutes true worship of God and how best it can be practiced This collection of essays carries on a conversation between biblical scholars and church music practitioners It begins with three studies investigating what we can learn about worship in the Old Testament followed by essays on the teaching about worship in the Gospels Epistles and the book of Revelation in the New Testament The church music practitioners featured in the book respond to each of these essays The final essay by Wendy Porter takes a historical journey of theological reflection on Christian worship from the days of the early church tracing worship developments in the Western church through the centuries to today This is an important book for anyone who wants to think theologically about how and why Christians worship God      **Converts to the Real** Edward Baring,2019-05-01 Phenomenology has the strongest claim to the mantle of continental philosophy Edward Baring shows that credit for its prodigious growth goes to a surprising group of early enthusiasts Catholic intellectuals Tracing debates in Europe from existentialism to speculative

realism he shows why European philosophy bears the mark of Catholicism

Jennifer Duke, 2021-05-16 Sometimes God comes like a thief in the night sometimes He breaks down the front door when you didn't even know He was coming The author's Unexpected Visitor made mincemeat of her well ordered atheist life taking her into vast uncharted regions of her own heart Traveling from Peru to India she eventually found her spiritual home as a Kriyaban yogi a disciple of a great Indian Master Paramhansa Yogananda A fascinating almost daily account of this sudden total transformation Asha Nayaswami Founding Member Ananda Worldwide Author Winner of the 2021 Best Independent Author Book Award Raised by atheists Jennifer Duke rejected any possibility of an omniscient creator At age fifty she could not have foreseen the cataclysmic shift that was about to occur in her life and the profound inner experiences that would challenge her entire view of reality What changed What took her to Peru and India in search of answers This book is not about organized religion As Jennifer would discover we do not need priests dogmas institutions or intermediaries to experience our own direct inner connection with Spirit No one and no external entity can limit our access to the Divine Light Through her direct experiences of union with Spirit she was able in time to navigate the revolutionary shift in her understanding of Truth In Jennifer's clear sincere narrative we feel the authenticity of her journey as she discovers her Soul nature the truths of the universe and the path of Self realization This is a profound and earnest account of a life unfolding expanding into the divine and eternal Truth that awaits us all

### **Rediscovering Pierre Janet** Giuseppe Craparo, Francesca

Ortu, Onno van der Hart, 2019-04-03 Rediscovering Pierre Janet explores the legacy left by the pioneering French psychologist philosopher and psychotherapist 1859-1947 from the relationship of between Janet and Freud to the influence of his dissociation theory on contemporary psychotraumatology Divided into three parts the first section places Janetian psychological analysis and psychoanalysis in context with the foundational tenets of psychoanalysis from Freud to relational theory before the book explores Janet's work on trauma and dissociation and its influence on contemporary thinking Part three presents several contemporary psychotherapy approaches directly influenced by Janetian theory including the treatment of posttraumatic stress disorder and dissociative identity disorder Rediscovering Pierre Janet draws together eminent scholars from a variety of backgrounds each of whom has developed Janetian constructs according to his or her own theoretical and clinical models It provides an integrative approach that offers contemporary perspectives on Janet's work and will be of significant interest to practicing psychoanalysts psychiatrists and psychotherapists especially those treating trauma related dissociative disorders as well as researchers with an interest in psychological trauma

### *Ethics of Resilience* LIT

Verlag, 2022-05-08 Resilience is one of the hottest terms in the modern humanities social sciences and beyond The reason for this is the current situation at various levels from ecological health economical to political which requires the formation of resilience from individuals communities countries institutions and humanity as a whole The term resilience refers to a new realistic paradigm in tackling the challenges required by the modern world in which changes are happening faster and faster

and are becoming less transparent and predictable Therefore the paradigm of stability and protection against disturbances is no longer realistic and has been replaced by the paradigm of resilience People natural and social systems can no longer be protected from ruptures but must become as resilient as possible This in turn raises a number of issues involving ethical questions and challenges for religions This book addresses these issues in a holistic and interdisciplinary way that fits the multifaceted nature of resilience Robert Petkov ek is Professor of Philosophy at the Faculty of Theology University of Ljubljana Professor Bojan alec is The Head of the Institute of Philosophy and Social Ethics at the Faculty of Theology University of Ljubljana **The Sacred Marriage** Benjamin G.
