Rediscovery Of Shamanic Heritage Bibliotheca Shamanistica Series:

Rediscovery of Shamanic Heritage Mihály Hoppál, Gábor Kósa, 2003 This volume is based on a conference on shamanic heritage that took place at the Hungarian Culture Foundation Budapest in April 2000. Some two dozen experts came together from Korea, the US, Russia, France, Germany, Austria, Belgium, and Hungary. The meeting was a success in terms of scholarly debates and genuine presentations, including some film documents on shamanic rituals from different cultures. In the course of discussions, the cultural value of shamanism has been re-evaluated as the heritage of humanity, the important source of performing arts, and a reservoir of traditional knowledge. **Spirit Possession around the World** Joseph P.

Laycock, 2015-05-26 This book provides a fascinating historical and cultural overview of traditional beliefs about spirit possession and exorcism around the world, from Europe to Asia and the Middle East to the Americas. Possession and exorcism are elements that occur in nearly every culture. Why is belief in spiritual possession so universal? This accessible reference volume offers a broad sample of the traditions and cultures involving possession and exorcism, presenting thoughts on this widely popular topic by experts from the fields of anthropology, sociology, religious studies, history, neuroscience, forensics, and theology. The entries cover the subject of possession and exorcism across all inhabited continents, from the Bronze Age to the 21st century, providing information that is accessible and intriguing as well as scholarly and authoritative. Beyond addressing the Christian tradition of possession and exorcism, Pentecostalism, and New Age, and less widely known Western concepts about possession and exorcism, this work examines ideas about possession and exorcism from other world religions and the indigenous cultures of Asia, Africa, and the Americas. It also covers historic cases of possession and presents biographies of famous theologians, exorcists, and possessed individuals. High school and undergraduate readers will learn about world history, religious and spiritual traditions, and world cultures through a topic that figures prominently in popular culture and modern entertainment. Bibliographies that accompany each entry, as well as a selected general bibliography, serve to help students locate print and electronic sources of additional information. **Shamans and Traditions** Mihály Hoppál, 2007
