Rediscovery Of Wordsworth:

The Rediscovery of Wordsworth.. Cornelius Howard Patton,1966 The Rediscovery of Wordsworth (Classic Reprint)

Cornelius Howard Patton,2018-01-21 Excerpt from The Rediscovery of Wordsworth N writing this book I have had three classes of people in mind First those who know practically nothing about Wordsworth but who might be drawn into the circle of his influence should the right word be said Second those who know enough of the Poet to realize that they should go much farther but who lack the guiding clue Third those who know a great deal of Wordsworth as an honored poet of one hundred years ago but who have not appreciated the unique significance of his message for our own particular time Perhaps it is fair to add that I have named the classes of hoped for readers in the reverse order of importance as the matter has lain in my mind At least I have felt that the message of the Poet is the main thing and that there is no accounting for his steadily increasing influence evidenced in so many ways other than on the ground that to the modern world to use his own expression he has become or is becoming A Mighty Voice It has been my aim to show how closely his teachings fit into our present post war situation and to do this in a somewhat detailed way passing from the lower to the higher that is from nature to man from man to society and from society to the ethical and philosophical principles that underlie his work Then in order that the totality of impression might not be missed I have added a brief summary at the end About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

REDISCOVERY OF WORDSWORTH CORNELIUS HOWARD. PATTON,2018 *The Rediscovery of America* Stuart

Andrews,1998-10-15 The Rediscovery of America features some twenty representatives of England France and America whose careers in some sense straddled the Atlantic in the last quarter of the eighteenth century While not establishing causal links between the American and French Revolutions the collective weight of these individual responses to the new America supports the idea of an Atlantic Revolution This study of the writings and transatlantic experiences of the revolutionary generation shows the power of American images in shaping political rhetoric if not political reality The Monist Paul Carus,1925 Vols 2 and 5 include appendices *The Princeton University Library Chronicle* Lawrence Thompson,1950 Vol 1 includes section Biblia devoted to the interests of the Friends of the Princeton Library v 11 *Making of the Victorian Novelist* Bradley Deane,2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria's reign could be esteemed among the greatest of artists

Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings *The Making of the Victorian Novelist* offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians understanding of their great novelists *Romantic Presences in the Twentieth Century* Mark Sandy, 2016-04-08 Concerned with the intermingled thematic and formal preoccupations of Romantic thought and literary practice in works by twentieth century British Irish and American artists this collection examines the complicated legacy of Romanticism in twentieth century novels poetry and film Even as key twentieth century cultural movements have tried to subvert or debunk Romantic narratives of redemptive nature individualism perfectibility and the transcendence of art the forms and modes of feeling associated with the Romantic period continue to exert a signal influence on the modern moment both as a source of tension and as creative stimulus As the essays here show the exact meaning of the Romantic bequest may be bitterly contested but it has been difficult to leave behind The contributors take up a wide range of authors including Virginia Woolf F Scott Fitzgerald W H Auden Doris Lessing Seamus Heaney Hart Crane William Faulkner Don DeLillo and Jonathan Franzen What emerges from this lively volume is a fuller picture of the persistence and variety of the Romantic period s influence on the twentieth century **Wordsworth's Counterrevolutionary Turn** John Rieder, 1997 Arguing throughout that Wordsworth s originality springs from his invention and elaboration of a peculiarly literary form of community Rieder maintains that the didactic element in Wordsworth s concept of community was doomed to irrelevance by the course of English economic and social development Yet Wordsworth s writing became enormously influential not by virtue of the agrarian community it envisioned but rather by virtue of the literary form of community it modeled and produced in its dissemination

Wordsworth's Poetry, 1815-1845 Tim Fulford, 2019-02-08 The later poetry of William Wordsworth popular in his lifetime and influential on the Victorians has with a few exceptions received little attention from contemporary literary critics In *Wordsworth's Poetry 1815-1845* Tim Fulford argues that the later work reveals a mature poet far more varied and surprising than is often acknowledged Examining the most characteristic poems in their historical contexts he shows Wordsworth probing the experiences and perspectives of later life and innovating formally and stylistically He demonstrates how Wordsworth modified his writing in light of conversations with younger poets and learned to acknowledge his debt to women in ways he could not as a young man The older Wordsworth emerges in Fulford s depiction as a love poet of companionate tenderness rather than passionate lament He also appears as a political poet bitter at capitalist exploitation and at a society in which vanity is rewarded while poverty is blamed Most notably he stands out as a history poet more probing and more clear sighted than any of his time in his understanding of the responsibilities and temptations of all who try

Annual Bibliography of English Language and Literature , **Romantic Writing and Pedestrian Travel** R. Jarvis, 1997-08-04 Romantic Writing and Pedestrian Travel is an exploration of the relationship between walking and writing Robin Jarvis here reconstructs the scene of walking both in Britain and on the Continent in the 1790s and analyses the mentality and motives of the early pedestrian traveller He then discusses the impact of this cultural revolution on the creativity of major Romantic writers focusing especially on William and Dorothy Wordsworth Coleridge Clare Keats Hazlitt and Hunt In readings which engage current debates around literature and travel landscape aesthetics ecocriticism the poetics of gender and the materiality of Romantic discourse Jarvis demonstrates how walking became not only a powerful means of self enfranchisement but also the focus of restless textual energies Rediscovering Confession David A. Steere, 2009-05-26 Rediscovering Confession is about recovering the experience of confession in danger now of becoming a lost practice It explores our common urge as human beings to share and deal with what troubles us most whether we are inside or outside organized religion Haunted Spaces in Twenty-First Century British Nature Writing Anneke Lubkowitz, 2020-06-08 This study investigates the figure of haunting in the New Nature Writing It begins with a historical survey of nature writing and traces how it came to represent an ideal of natural space as empty of human history and social conflict Building on a theoretical framework which combines insights from ecocriticism and spatial theory the author explores the spatial dimensions of haunting and hauntology and shows how 21st century writers draw on a Gothic repertoire of seemingly supernatural occurrences and spectral imagery to portray natural space as disturbed uncanny and socially contested Iain Sinclair and Robert Macfarlane are revealed to apply psychogeography's interest in hidden histories and haunted places to spaces associated with wilderness and the countryside Kathleen Jamie's allusions to the Gothic are put in relation to her feminist re writing of the outdoors and John Burnside's use of haunting is shown to dismantle fictions of the far north This book provides not only a discussion of a wide range of factual and fictional narratives of the present but also an analysis of the intertextual dialogue with the Romantic tradition which enfolds in these texts Widener Library Shelflist: English literature Harvard University. On Moral Personhood Richard Eldridge, 1989-12-15 In this remarkable blend of sophisticated philosophical analysis and close reading of literary texts Richard Eldridge presents a convincing argument that literature is the most important and richest source of insights in favor of a historicized Kantian moral philosophy He effectively demonstrates that only through the interpretation of narratives can we test our capacities as persons for acknowledging the moral laws as a formula of value and for acting according to it Eldridge presents an extensive new interpretation of Kantian ethics that is deeply informed by Kant's aesthetics He defends a revised version of Kantian universalism and a Kantian conception of the content of morality Eldridge then turns to literature armed not with any a priori theory but with an interpretive stance inspired by Hegel's phenomenology of self understanding more or less naturalized and by Wittgenstein's work on self understanding as ongoing narrative interpretive activity a stance that yields Kantian results about the universal demands our nature places on itself Eldridge goes on to present readings of novels by Conrad and Austen and poetry by Wordsworth and Coleridge In each text protagonists are seen to be struggling with moral conflicts and for self understanding as moral persons The route toward partial resolution of their conflicts is seen to involve multiple and ongoing activities of reading and interpreting The result of this kind of interpretation is that such literature literature that portrays protagonists as themselves readers and interpreters of human capacities for morality is a primary source for the development of morally significant self understanding We see in the careers of these protagonists that there can be genuine and fruitful moral deliberation and valuable action while also seeing how situated and partial any understanding and achievement of value must remain On Moral Personhood at once delineates the moral nature of persons shows various conditions of the ongoing contextualized partial acknowledgment of that nature and of the exercise of the capacities that define it and enacts an important way of reading literature in relation to moral problems Eldridge's work will be important reading for moral philosophers especially those concerned with Kant Hegel and issues dividing moral particularists from moral universalists literary theorists especially those concerned with the value of literature and its relation to philosophy and to moral problems and readers and critics of Conrad Wordsworth Coleridge and Austen **Re-Reading The Excursion** Sally

Bushell, 2017-03-02 *Re Reading The Excursion Narrative Response and the Wordsworthian Dramatic Voice* is a groundbreaking study which transforms contemporary critical understanding of *The Excursion* and of the place of this long poem in the Wordsworthian canon. Sally Bushell argues that the poem, which has suffered at the hands of critics for most of the twentieth century, has been unfairly judged according to a Coleridgean rather than a Wordsworthian definition of philosophy; that it has been read as a didactic work rather than one which uses its dramatic form to teach its readers to think for themselves. She offers a new reading in which *The Excursion* is shown to be about providing the readers with moral habits and mental constructs by which to learn, not simply telling them what to think. The book begins with a discussion of the reception of the poem in 1814, considering the responses of Coleridge, Hazlitt, Francis Jeffrey, and Charles Lamb. This historicized discussion is then balanced by a reading of the poem at the compositional stage, looking at the emergence from the manuscripts of a Wordsworthian dramatic voice. The author goes on to argue that the poem's philosophy is performative, that is, concerned with the way in which moral ideas can best be communicated, as much as with the ideas themselves. She then shifts her attention to consider how this operates in relation to the reader, considering the importance of context in relation to emotional response. Later, the epitaphic books are reconsidered in the light of Wordsworth's critical writing. Bushell argues that the significance of the epitaph for him lies in its values as a poetic form in which the text itself is released from poetic authority. Finally, the author looks back at *The Prelude* from the perspective of *The Excursion* and shows how the later poem attempts to value the ordinary rather than the poetic mind. The conclusion reached is that Wordsworth is not just the egotistical poet of *The Prelude*, interested largely in the development of his own imaginative powers, but one who goes on to explore the limits of subjectivity and the importance of different kinds of imaginative links between individuals.
