Reds In America:

Reds in America R. M. Whitney, 2013-05-31 The present status of the Revolutionary Movement in the United States based on documents seized by the authorities in the raid upon the Convention of the Communist Party at Bridgman Michigan August 22 1922 together with descriptions of numerous connections and associations of the Communists among the Radicals Progressives and Pinks This book is a reproduction of an original Certain print quality imperfections may be present Reds in America Richard Merrill Whitney, 1924 **The Reds in America** Richard Merrill Whitney, 1922 *Reds in America. How Red is America? Will Irwin, 1927 *Reds in America* Peter Beckwith, 1924 **Red America** Kostis Karpozilos, 2025-12-01 Historians of immigration and ethnicity in the United States have typically devoted little attention to Greek Americans while popular narratives depict them as indifferent or hostile to political and social radicalism From acclaimed historian Kostis Karpozilos *Red America* provides an alternative narrative of the Greek American experience Focusing on the history of the Greek American Left from the beginning of the twentieth century to the Cold War this volume uncovers the threads that bound notions of radical social change to everyday immigrant life tracing ethnic radicalism from the boundaries of a specific community to the epicenter of American social and political history Reds Ted Morgan, 2004-11-09 In this landmark work Pulitzer Prize winning author Ted Morgan examines the McCarthyite strain in American politics from its origins in the period that followed the Bolshevik Revolution to the present Morgan argues that Senator Joseph McCarthy did not emerge in a vacuum he was rather the most prominent in a long line of men who exploited the issue of Communism for political advantage In 1918 America invaded Russia in an attempt at regime change Meanwhile on the home front the first of many congressional investigations of Communism was conducted Anarchist bombs exploded from coast to coast leading to the political repression of the Red Scare Soviet subversion and espionage in the United States began in 1920 under the cover of a trade mission Franklin Delano Roosevelt granted the Soviets diplomatic recognition in 1933 which gave them an opportunity to expand their spy networks by using their embassy and consulates as espionage hubs Simultaneously the American Communist Party provided a recruitment pool for homegrown spies Martin Dies Jr the first congressman to make his name as a Red hunter developed solid information on Communist subversion through his Un American Activities Committee However its hearings were marred by partisan attacks on the New Deal presaging McCarthy The most pervasive period of Soviet espionage came during World War II when Russia as an ally of the United States received military equipment financed under the policy of lend lease It was then that highly placed spies operated inside the U S government and in America s nuclear facilities Thanks to the Venona transcripts of KGB cable traffic we now have a

detailed account of wartime Soviet espionage down to the marital problems of Soviet spies and the KGB's abject efforts to capture deserting Soviet seamen on American soil. During the Truman years Soviet espionage was in disarray following the defections of Elizabeth Bentley and Igor Gouzenko. The American Communist Party was much diminished by a number of measures including its expulsion from the labor unions, the prosecution of its leaders under the Smith Act, and the weeding out under Truman's loyalty program of subversives in government. As Morgan persuasively establishes, by the time McCarthy exploited the Red issue in 1950 the battle against Communists had been all but won by the Truman administration. In this bold narrative history Ted Morgan analyzes the paradoxical culture of fear that seized a nation at the height of its power. Using Joseph McCarthy's previously unavailable private papers and recently released transcripts of closed hearings of McCarthy's investigations subcommittee, Morgan provides many new insights into the notorious Red hunter's methods and motives. Full of drama and intrigue, finely etched portraits and political revelations, *Reds* brings to life a critical period in American history that has profound relevance to our own time.

Red Spies in America Katherine Amelia Siobhan Sibley, 2004. The most detailed study of Soviet military industrial espionage during the 1930s, 1940s, and 1950s, spying aimed specifically at acquiring restricted information and materials relating to American industry, technology, and science. *Red Chinese Infiltration Into Latin America* United States Congress, Senate, Committee on the Judiciary, 1965. **Red Chinese Infiltration Into Latin America** United States Congress, Senate, Committee on the Judiciary, Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1965. **The Code of Federal Regulations of the United States of America**, 1969. The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

Left Out Judith Stepan-Norris, Maurice Zeitlin, 2003. From the late 1930s through the mid 1950s the Congress of Industrial Organizations (CIO) brought together America's working men and women under a united class banner. Of the 38 CIO unions, 18 were left wing or Communist dominated. Yet the political struggle between the CIO's Communist dominated and right leaning unions was immensely divisive and self-destructive. How did the Communists win, hold, and wield power in the CIO unions? Did they subordinate the needs of workers to those of the Soviet regime? The authors of this book, first published in 2002, provide testable answers to these questions with historically specific quantitative analyses of data on the CIO's origins, internal struggles, and political relations. They find that among the CIO unions the Communists were more egalitarian, the most progressive on class, race, and gender issues, and leading fighters in struggles to enlarge the freedom and enhance the human dignity of America's workers. **Resisting Apartheid America** Miguel A. De La Torre, 2023-01-31. Miguel De La Torre foresees a future America dominated by white nationalists and equips us with the tools to resist it. In *Burying White Privilege* he opened our eyes to white Christians' complicity in maintaining racist hierarchy in America. In its sequel *Decolonizing Christianity* he encouraged us to decolonize Christianity and return it to its revolutionary roots. Now in his

conclusion to the trilogy Miguel A De La Torre shows us the America on our horizon should we continue down the path of heretical white Christianity and the outlook is not bright Resisting Apartheid America assesses the past and present threads of systemic racism in American politics from Plymouth Rock to the Capitol on January 6 Sweeping and unsparing in his critique De La Torre takes on authors revered in Christian theology including Paul Augustine and heroes of the Reformation aiming to uproot the ideological foundations of racism in Christianity Following these through lines of oppression he warns of a decline in democracy and rise in political violence but equips us with the nonviolent ethical framework to resist this bleak future Resisting Apartheid America is a clarion call to Christians to remake America in the image of the God of liberation
